**AN ADDRESS PRESENTED BY THE PRESIDENT GENERAL NTEZI
AUTONOMOUS COMMUNITY ON BEHALF OF MR. JOHN ELOM FOR
THE PEOPLE OF NDIABOR ULEPA NTEZI. DURING THE
COMMISSIONING OF A BOREHOLE DONATED BY SAMUEL OMOGO
FOUNDATION IN HONOR OF REV. FR. DR. PETER OKWOEZE OMOGO
TODAY SUNDAY 4TH FEB 2024.**

Protocols,

I am extremely delighted to welcome you all at this momentous occasion. I thank God whose infinite mercies have made it possible for us to be here today, I also most warmly thank **Rev Fr Dr Peter Okwoeze Omogo (ikukuoma ndi Ngbojeogu)** and of course of Ebonyi State and to me **FR OME OGO GBURUGBURU**, Whom the almighty God have used to relief the Ebonyi people from the pandemic of guinea worm and other water related diseases.

Before now the people of Ndiabor Ode Ulepa Ntezi lack water to the extent of traveling over a kilometer to fetch water for usage. These issue has caused a lot of problems in various families as children usually go late at school owing to spending time in search of water. Women are often molested in the night at stream and even encounter snake bites and other accidents at the stream.

Am convinced that the commissioning of this borehole today will end problems of water scarcity and will also serve as the only source of water to the public especially the people trading at our Ode market.

Once more, I thank **Samuel Omogo Foundation** and indeed **Rev. Fr. Dr. Peter Omogo** for always remembering Ntezi people in issues of social needs. This borehole will add to the numinous borehole he has sank in

our community including donation of Motorcycles to Ntezi Youth Congress and Iyokpa village Youth leader in 2023 and 2024 respectively, also a butter fly sewing machine to one of our daughter early this year, precisely on 6th Jauy 2023. The building of a unique school with the best infrastructures in the South East Zone of Nigeria can not be over emphasize.

Our promise is that the borehole and other things donated to the community will be jealously protected to stand the test of time.

Like Oliver Twist, we still ask for more

It is my prayer that the good lord who is greater giver will replenish the **Samuel Omogo Foundation and the Donor Agencies in Jesus Amen.**

Happy journey mercies to you and your team

BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION (S.O.F) IN
HONOR OF REV. FR. DR. PETER OMOGO, ON 3RD FEBRUARY, 2024.**

To the glory of God Almighty, we the members of the above mentioned church, joyfully welcome **Rev. Fr. Dr. Peter Omogo** to our church. We say Tokwehu, Ndo.

We really appreciate **Samuel Omogo Foundation** for your humanitarian services especially granting our request for Borehole through our Priest **Rev. Okechukwu Levi Duru**.

The church are thanking God for you because the borehole will relieve the Priest, members and the entire villagers from trekking for two to three kilometers in search of drinking water, also the aged who cannot trek for distance to get water can easily come to the church compound and fetch water.

Since the church is for everybody, so also this borehole is to be used by the members of the church and non-members as well.

The church will take every possible measures to protect the borehole from damaging, and will call your honourable office in case of any eventuality.

We pray that God will continue to bless **Rev. Fr. Dr. Peter Omogo** with good health and long life as you serve God and humanity especially in rural areas like ours in Jesus name. Amen.

**AN ADDRESS OF WELCOME PRESENTED BY NWEFURU VILLAGE,
NDIAGU-ESHI OKPOSHI EHEKU NGBO, ON THE OCCASION OF
COMMISSIONING OF WELL-WATER DRILLED BY SAMUEL OMOGO
FOUNDATION**

The Chief Executive Officer (C E O), Samuel Omogo Foundation,
Rev. Fr. Dr. Peter Okwoeze Omogo, the village Chairman, visitors,
ladies and gentlemen, I happily welcome you all to this life changing
occasion and pray that the good Lord we serve will continue being
your strength.

Samuel Omogo Foundation have through the C E O, Rev. Fr. Dr.
Peter O. Omogo brought life to this our small village by drilling a
well-water in the village. The people of our village have suffered
much in the hands of communicable/waterborne diseases, as a result
of scarcity of good drinking water, but today God have brought a
new life to us through Rev. Fr. Dr. Okwoeze Peter Omogo (Father
nenye ndu one of Abakaliki Diocese). Like Peter and John at the
Beautiful Gate, "silver or gold we have not" but will always go down
on our knees asking God for your guidance and protection wherever
you go. Thank you very much.

We hereby promise that, we will take appropriate care of the
borne-hole and will not deny nearby people access to the borne-
hole.

Like Oliver Twist, we need more.
Thanks and remain blessed throughout your life. Our prayer is that
the Lord will lead you all back your respective abodes in Jesus name,
Amen.

AN ADDRESS OF WELCOME PRESENTED BY THE CATHOLIC COMMUNITY OF
ST KELVIN'S STATION, NDIEGU IMELI UNDER IMMACULATE HEART OF MARY
PARISH UMUEZEOKOHA ON THE OCCASION OF COMMISSIONING OF THEIR
HAND PUMP BORE HOLE ON THE 3RD OF FEBRUARY, 2024

Protocols
The Director

Samuel Omogo Foundation (SOF) Rev Fr (Dr) Samuel Omogo, Rev Fr Philip Osuagwu (the immediate predecessor of our parish) other clergies here present, ladies and Gent men..

Today is a great day for the entire Catholic Community of St Kelvin's Station. we heartily and joyfully welcome you in our station for the official commissioning of this hand pump bore hole.

Father, we lack words to appreciate your foundation for the magnanimity done to us by sinking this bore hole. Infact, may the good Lord requite you hundred folds in Jesus name Amen.

Recalled that our journey to getting this source of water started in Jan, 11th 2020 when our former station executives came and slept over only to ensure that we were captured in that year 2020 slot, but unfortunately were not favoured.. Thanks be God, that this year 2024 we were captured, hence this good deed which we are celebrating today.

Furthermore, we will not end this address without thanking our out gone parish priest (Rev Fr Philip Osuagwu) for his efforts towards the actualization of this noble objective. We say thank you father and may God bless you.

This hand pump borehole, if commissioned and put into use today will no small measure ameliorate the suffering our people in getting good drinking and domestic water especially during dry season..

Consequently a nine member committee has be inaugurated headed by bro Nicholas Agu who will see that the borehole is well maintained and effectively used to avoid its breakage.

Finally, we very grateful to you wiping tears from our eyes, praying that God who brought your people here safely will grant you journey mercies back home in Jesus mighty name Amen.

**AN ADDRESS OF WELCOME PRESENTED BY ASSEMBLIES OF
GOD CHURCH NKOROMA ON THE OCCASION OF
COMMISSIONING OF A BOREHOLE DRILLED FOR THE CHURCH
BY REV. FR. DR. PETER OMOGO THIS DAY 3RD FEBRUARY 2024.**

On behalf of the members of the church board and the entire members of Assemblies of God church Ngbo II section Ebonyi District Ebonyi state, I welcome you all as you honour our invitation to grace this occasion despite all your crowded schedules, we are thankful.

PROTOCOL

It is with great pleasure and a sense of humility that I welcome you all to this epoch making event. I am exceptionally elated to welcome our benefactor, the Rev. Dr. Omogo and his entourage, who without which this occasion would not have been possible.

It has been my conviction that when God calls someone to His ministry, He endows the one with the ability, special grace to actualize the mission that God sets the one apart for. In the case of Fr. Omogo, not only has God given him the grace to enlarge His kingdom through evangelism, but also to touch the lives of people in special ways, one of which we have gathered today to celebrate. In him blended in their rightful proportion that we cannot, but thank God for him.

Drilling a borehole here is a welcome development because it touches on the basic need of the people.

It is not contestable that prior to this period this part of the state was noted for the scourge of guinea worm that stigmatized the whole Abakaliki, including this community. With the commissioning of the borehole today, the church and indeed the environs will cease to travel a distance for safe drinking water.

Our own part, we pledge to secure and maintain the facility for the optimum use of the people. It is therefore our prayer that our God will replenish the source and continue to bless Rev. Fr. Dr. Peter Omogo and enlarge his coast.

We also pray that God grants him and his entourage journey mercies as they travel back home. God bless you Father.

A WELCOME ADDRESS PRESENTED BY THE PRINCIPAL OF HANDMAIDS INCLUSIVE SCHOOL IRUEVENEAMAECHE EZZANGBO, OHAUKWU LOCAL GOVERNMENT AREA IN EBONYI STATE. THIS DAY THE 31ST OF JANUARY 2024. ON THE OCCASION OF COMMISSIONING CEREMONY OF ONE MODEL BOREHOLE DONATED BY SAMUEL OMOGO FOUNDATION TO THE SCHOOL.

The Chairman of the Occasion,
Our Dearest Rev. Fr Dr. Peter Omogo,
The PTA Executives,
The Chief of Iruevene Village,
Esteemed Guests, and the Honorable representatives of the Samuel Omogo Foundation,
The Staff, Students and Pupils of Handmaids Inclusive School,
Ladies and Gentlemen.

We, the above mentioned institution with the Provincial Superior of Central Eastern Province Rev. Sr. Rosemary Ukata extend our warmest welcome to you on this auspicious occasion. Today marks a momentous event in our school's history as we gather to celebrate the commissioning ceremony of the model Borehole generously donated by your foundation. The foundation's benevolence has not only quenched our physical thirst but has also irrigated the grounds of knowledge and community spirit within our school. This gesture is a testament to the commitment of the Samuel Omogo's foundation to supporting education and fostering a conducive learning environment for our students.

As we witness the fruition of this collaboration, we express our heartfelt gratitude to the foundation for recognizing the importance of clean water access in promoting a healthy educational ecosystem and alleviating the excruciating pains we suffered during dry season in the search of water. The ripple effect of this gift will undoubtedly extend beyond the confines of our school, positively impacting the lives of our students, their families and the community at large.

We pledge to uphold and cherish this invaluable contribution, understanding that it symbolizes not just water flowing from a borehole, but the flow of generosity, compassion, and spirit of unity. Together, we embark on a journey to nurture young minds, empower future hopes and create a legacy of positive change.

Once again, we extend our profound gratitude to you Rev. Fr. Dr. Peter for your unwavering support for the betterment of our school and the well-being of the community. We cannot thank you enough Father, we pray that the good Lord will continue to give you the grace and enablement you desire to pilot the affairs that he has entrusted to you. We deeply appreciate your fatherly love, concern and care for our well-being.

Thank you.

It is with great pleasure to welcome you all to have benefited your project of water – borehole for us. Indeed, we testify your wide spread missionary to Nigeria and to home in particular, God bless you in Jesus name Amen. (Welcome to you all, Unu tokwehu).

It is a practical measure of missionary movement in spread of gospel to convert unbelievers to Christian fellowship. It was recorded in gospel of St Mathew 25 vs 35-40 “you gave us water when we are thirsty” and water is one of the valuable to every creative.

Had it been it ^{was} ~~was~~ politicians approved project, the less privilege citizens would have not benefited such humanitarian opportunity.

In conclusion, please receive us with a token gift for a welcome while-we still come in January next year for special appreciation.

Thanks and God bless you.

NDIAGU ONWE VILLAGE, AMOKOWO OKPOSHI ESHI
COMMUNITY TO 'SAMUEL OMOGO FOUNDATION' IN HONOUR OF
REV. FR. DR. PETER OMOGO DURING THE COMMISSIONING OF
THE BORE-HOLE DRILLED BY SAMUEL OMOGO FOUNDATION,
THIS DAY MONDAY, 29TH JANUARY 2024.**

PROTOCOL:

On behalf of the people of Ndiagu Onwe village in particular and the entire Okposhi Eshi community in general, I am very very happy to welcome you to this commissioning ceremony.

Before now, Ndiagu Onwe village have never had it so good like this. There were no sources of getting portable water for domestic uses. There were no streams around us with which we can fetch water for domestic uses let alone for drinking. The only source of water was the pond jointly built by our neighbouring villages. Our people had to trek as far as Ezzangbo for search of water.

Today our messiah has come "Halluya" The Samuel Omogo foundation" The foundation led by the son of Ngboejeogu, Rev. Father Dr. Peter Okwo-Eze Omogo has come to rescue us from lack of portable water and suffering from the diseases associated with the use of bad water supply. With the help of Samuel Omogo Foundation, there will be no use of pond, no trekking to Ezzangbo in search of water. Posterity will not forget you in a hurry. May God bless you.

We are promising you that we shall guide and take care of this bore-hole to avoid damage. A committee that will be charged with the responsibilities of taking good care use and management of this borehole will be formed and commissioned

as soon as possible. This committee will be made up of responsible men, women and the youth of this village.

The environment of this borehole will always be kept clean. A schedule of the use or fetching of water will be made known to the public to avoid reckless use of it. The borehole was given to us free by the

Samuel Omogo foundation and we shall allow every member of the village to use it free.

I cannot end this address without giving special regards to God for giving us Rev. Fr. Peter Omogo. We pray that God continue to provide him with long life and good health.

I thank everybody who have made it possible for the success of this ceremony and wish you journey mercy back to your various destinations.

Thank you.

APPRECIATION LETTER

I am writing to express our deepest gratitude for the invaluable support you provided in facilitating the opening of a borehole in our community. Your commitment to improve our lives has made a significant impact on our well-being. The access to clean and reliable water has not only transformed the daily lives of the residents but has also enhanced our community overall health and vitality. Your generosity has created a ripple effect touching the lives of every individual who benefits from this borehole.

We want to extend our sincere thanks to Samuel Omogo Foundation for their dedication to community development, your organization's benevolence has left an indelible mark on our hearts and we are truly blessed to have partners like you in our journey towards progress.

Rev. Fr. Dr. Peter Omogo, your guidance and support throughout this endeavour have been a source of inspiration. Your commitment to the well-being of human and the community at large mirrors the teaching of compassion and selflessness, and we are grateful for your leadership, may the seeds of kindness you have sown continue to flourish, bring prosperity and joy to our community for years to come.

May Almighty God bless you, give you long life in good health to continue the wonderful goodness of the Lord, once again, thank you for your unwavering support and for being the beacon of hope that our community needed, we promise to maintain this wonderful project and handle it with care for the continue benefit of everybody (with sincere appreciation.)

WELCOME ADDRESS DELIVERED ON THE OCCASION OF THE COMMISSIONING OF
ONE UNIT OF BORE-HOLE SITUATED AT CHRIST ANGLICAN CHURCH,
UGWUACHARA, ON THE 29th DAY OF JANUARY, 2024

Rotary Club of Larrising #2

Good morning ladies and gentlemen. It is my pleasure to welcome everyone to this epoch-making ceremony. Your presence is highly appreciated, despite your busy schedule.

On behalf of Christ Anglican Church, Ugwuachara, I would like to extend a special welcome to our guest of honor, **Rev. Fr.(Dr.) Peter Omogo**, who is here to commission this remarkable project, and to all representatives of **Samuel Omogo Foundation**. I say you are welcome!

We are so excited to have you all here to witness the commissioning of the first bore-hole project in Christ Anglican Church Ugwuachara. It is a project that was **solely financed, executed and eventually donated to the Church by the Samuel Omogo Foundation**.

We could not have easily surmounted this dire need for a portable source of water without the tireless efforts and kind consideration of our **Archdeaconry Administrator, Rev. Canon Augustine I. Elom**, who drew the attention of the Samuel Omogo Foundation to our plight; and today, as a result of the unique magnanimity of the Foundation, we are proud owners of a bore-hole in our premises.

May I use this privilege to say that this project has created a bridge of opportunities to all and sundry who may be in need of water; you are welcome to fetch from the living spring.

On behalf of the Church, I would like to thank you all for being here today, and more especially, our profound gratitude goes out to Samuel Omogo Family and the Samuel Omogo Foundation for considering us a worthy beneficiary of this kind gesture. We promise to maintain the Bore-hole.

We pray earnestly that God Almighty will sustain your vision to help the needy and bless the entire Omogo Family. May your resources never run dry, in Jesus Name; Amen!

Thank you all once again and God bless you.

PRESIDENT OGAGBAZU DEVELOPMENT UNION ON THE OCCASION OF
COMMISSIONING OF BOREHOLE DRILLED BY SAMUEL OMOGO
FOUNDATION IN HONOUR OF REV. FR. DR. PETER OMOGO TODAY 29TH
JANUARY, 2024**

*The Chairman and Board of Trustees of Samuel Omogo Foundation,
The Commissioner of Capital City Development, Chief Hon. Sunday
Elechi Inyima,
Members of Ogagbazu Village,
Distinguish ladies and Gentlemen.*

Good morning all, in the words of Martin Luther King Jr. "We are all tied in an inescapable framework of mutuality and in a single garment of destiny. What affects one directly, affects the other indirectly, what affects the other indirectly affects the other directly"... It is based on this background that we, not mindful of your crowded daily engagements, most humbly invited you to share this happy moment with us. Thanks a lot for accepting to come and grace this wonderful celebration.

Besides, we the members of Ogagbazu village wishes to thank in a special way the Samuel Omogo foundation which its objectives is to provide safe and clean water in various villages or hinterlands. Your foundation not only provides boreholes but also empower youths, widows, less privileged people and provide other social basic amenities to different communities. Just note that Samuel Omogo Foundation in honour of Rev. Fr. Dr. Peter Omogo is not only the conscience of the world but are beacon of light which provides society with clean and safe water. Your presence today has afforded us the opportunity to salvage scarcity of water in our village. It is our hope that after today's event, lack of water will be a thing of the past in Ogagbazu Village and its environs.

We wish also to express our deepest gratitude to you for this kind gesture to us. Making safe, clean and reliable water accessible to all of us is truly a miracle. We live in one of the driest areas and water has always been our biggest problem. When it rains, we all draw water from a seasonal well and when rainfall decreases, as it did in last few months that well dries up and our people walk up to kilometers in search of water. Our village has over years suffered water borne diseases because water from the well is usually contaminated, being the only sources of water for all people as well as animals both domestic and wild.

With the provision of this borehole by the Samuel Omogo Foundation, we will take care of our domestic water needs adequately. We will all do small scale farming to supplement our diet and it is our joy that our community's health and living standards has greatly improved.

It may interest the foundation to know that our village will constitute water committees which will include women to ensure orderly and proper use of the water. This will help us in the maintenance of the borehole to continue to provide adequate amount of water throughout all the seasons of the year.

Consequently, we are going to ensure regular water testing in order to protect the borehole and maintain a safe distance from potential contaminants. We will educate the users for proper sanitation and we will seek professional assistance in the maintenance of the borehole when the need arises.

Once again, we want the foundation to know that in the words of our Lord Jesus Christ, it is more blessed to give than to receive. Henry Long Fellow maintained that our ingress into the world was naked and bare, our progress through the world would be trouble and care and our egress from the world nobody knows where, but if one does well here, he shall do well there.

Wherefore, as the foundation has light a candle of borehole in our village, the foundation will be superabundantly rewarded for it is only in doing good that one is immortalized and remembered.

I am greatly pleased to see that you honoured our invitation. You are sincerely welcome. May God guide and protect you throughout the commissioning ceremony and grant you journey mercies to your various destinations when you go in Jesus name. Amen.

Yours sincerely,

PROTOCOL

PREAMBLE

With all sense of humility, appreciation and reverence to the Almighty God, I stand here to present this address.

Our people say that a person who forgets his or her past inadvertently rejects his or her future. Since the establishment of our school, we have been with the challenge of water scarcity in the school. This challenge by the assistance and intervention of the good-hearted and development championing Samuel Omogo Foundation (SOF) expired today, hence the commissioning ceremony of this faithful day.

SPECIAL APPRECIATION

On behalf of the Management Staff, Students and Pupils of Aguta Okpuru Memorial Academy, I wish to say a big thank you to our Heavenly Father, Jehovah El-Shaddai for his mercies, grace, sustenance, peace and love all these years. Without Him, our efforts would have been fruitless. I salute with all gratitude, Rev. Fr. Dr. Peter Omogo, IKUKUOMA NGBOEJEOGU, the cheerful giver of our time and the peace-loving, co-operative and development-focused Samuel Omogo Foundation (SOF). I also join numerous fans both home and abroad to say happy Golden Birthday to IKUKUOMA.

We would like to thank Rev. Fr. Dr. Peter Omogo for the dignity he has accorded to our school by drilling and constructing one hand-pumped bore hole for our school.

Rev. Fr. Dr. Peter Omogo has confounded and dumb-founded everybody with his singular superlative dedication to magnanimity and succor which resulted into what we all are witnessing and celebrating today. The story of Rev. Fr. Dr. Peter Omogo is a superlative narrative with all imprints of the Biblical David. He is a child of destiny and prophecy.

We thank you immensely for your magnanimity to the people of Ebonyi State through the Samuel Omogo Foundation (SOF) giving financial assistance to individuals, churches and institutions, drilling of uncountable boreholes to whet peoples' hunger, thirst and challenges,

allocation of motorcycles, sewing machines and other life saving materials to people, allotment of big cash prizes to the First Class graduates and total caring of the needy etc.

You are indeed a succor giver. We could not forget the fact that you quickly solved our water problem without delay immediately we collected the form to apply. We poured our hearts before you, because, our people say that when we show the physician (SOF) the exact place that is ailing us, the physician will be better guided to apply the medicine where the ailment is attacking us. This day will mark the beginning of a relationship that will exist between a development hungry institution and a development-championing foundation (SOF) so that whenever we call, you can answer us. Worthy to note is that this borehole will not only benefit the school, but extensively to other people that need water for both drinking and domestic uses. "To whom much is given, much is expected". We assure you that the school will always maintain, secure and sustain the borehole you have provided for us. The school motto is "**Raising of Stars**", and we are acquainted with the fact that you founded Holy Trinity Secondary School Umuogudu Akpu Ngbo.

We are bent on giving our children the best educational and moral training we can afford.

CONCLUSION

Having said this much, I foresee the Samuel Omogo Foundation (SOF) that will be the envy and object of emulation beyond the state. I foresee the SOF where peoples' interests and needs will be secured and protected maximally. I foresee the SOF which all and sundry will be proud of. I wish everyone a most joyous celebration. May the days and years ahead give birth to a more positively regenerated serene. God bless Rev. Fr. Dr. Peter Omogo and Samuel Omogo Foundation. More grease to your elbows.

Remain blessed as we celebrate joyfully and peacefully on the commissioning of this borehole in honour of Rev. Fr. Dr. Peter Omogo by the Samuel Omogo Foundation (SOF) 2023.

May the peace and bountiful blessings of the Lord follow us as we depart to our various homes, Amen.

Today is another special in the history of other events that have happened in this community. It is special because Rev. Fr. Peter Okwoeze Omogo and his Samuel Omogo foundation have given our church and entire community life. Water they said is life; this day is a day we shall continue to remember that this good thing was done for us.

The presiding District head pastor of Christ Ascension church Ndulo Amoffia Ngbo in the person of Rev. prince John Aneke Chukwudi and the entire members of the church. The Ndulo Emezam Amoffia Ngbo village chairman in the person of Hon. Peter Ituma and other village heads of Azu-ogu and Akaebenigwe in Ndulo Amoffia Ngbo community and their inhabitants thereby acknowledged this water project and we are grateful for approving our request. It is indeed a welcome development. We therefore promise to protect the borehole with every adequate security.

We the members of Christ Ascension Church want specially remark that, though the borehole project was awarded to us and was supposed to be sank in our church premises, but due to geological survey carried out; enough water channel was not found all around our church compound. We therefore, agreed instead of allowing this kind of opportunity to skip us we accepted and asked that the borehole be sank where there is enough water channel was found for the whole villagers to be fetching the water.

Therefore, we appreciate you and your foundation for the project. May God Almighty continue to bless you, keep you safe from any evil and provide for you in the mighty name of Jesus Christ, Amen!

We also appreciate the Rev. Fr. In charge of St. Oliver Catholic church Ndulo Amoffia Ngbo in the person of Rev. Fr. Philemon Okoro for allowing us to sink the borehole in the Catholic Church land.

We sincerely want to appeal to the villagers to help us protect this borehole from destruction. It our duty to secure and guard what is ours; we promised that any time we need to fetch water it will be available.

To Rev. Fr. We say thank you for coming to commission this project in person.

Thank you all

Welcome Address presented by Akah Joseph Chidiere for and on behalf of Ndiagu uzu village on the occasion of borehole commissioning, held on 29th January 2024.

The most Admiring Trustee, Samuel Omogo Foundation,

On behalf of Ndiagu Uzu village in umuezeaka Ngbo, it is with a great honour and profound gratitude that we extend to you the warmest welcome in our home on this auspicious occasion of borehole project commissioning, as initiated by our esteemed and respected Father and Son, Reverend father Peter Okwo Eze Omogo. your presence among us today dignifies this momentous event marking a significant milestone in the advancement of our village wellbeing.

The provision of clean and accessible water is a fundamental necessity for the sustenance of life and the enhancement of community health and development.

For so long, the residents of Ndiagu uzu village have grappled with the problem of inadequate access to portable and good water, a predicament that has hindered our progress and imposed undue hardship on our people, particularly the vulnerable.

Today, however, we stand on the point of beginning of transformation as the realisation of this borehole project stands as a beacon of hope and a testament to the unwavering dedication and commitment of Rev Fr Omogo, with the activation of this project, clean and safe water will no longer be an affluence leisure but a basic human right in accessible to all indigenes.

The benefits of this borehole are manifold, it will not only quench the physical thirst of our people but also serves as a catalyst for the socioeconomic empowerment and community development. Access to clean water will improve sanitation and hygiene practices, thereby reducing the prevalence of water borne diseases especially in our children and elderly once.

Further more, the availability of water will surely reduces the burden placed on our women and children who often bear the responsibility of fetching water from a distance and unreliable source.

This will allow children and women to engage into other productive activities like education and income generating ventures.

This will also create opportunities for agricultural experience and expansion, enabling farmers to practice irrigation on their crops and other practices ensuring food security for our villagers.

Reverend father Peter Omogo, your exemplary leadership and compassionate spirit have touched the life of many individuals through your foundation, 'Samuel Omogo Foundation' which is used for the development of mankind. Your commitment to the service of God and humanity services as a source of inspiration and a guiding light to all of us, today as we gather to celebrate fruition of your vision, we express our deepest gratitude and admiration for your selfless dedication to the betterment of our village and Ngbo at large.

On this note, I also on the same manner proffers my unwavering gratitude to my own pathfinder and mentor, RT Honourable Onah Chinedu Ogba, Deputy Speaker Ebonyi state House of Assembly whom through his magnificent and prowess we were able access and acquire this borehole without undergoing all the preliminary process or any

lots of stress as others due experience. As a man who understands the plight of his people, we never bribed him neither do we offered him anything but due to his love and cares to us we only notified him of our needs as it concerns water , there he made it as his duty and has come to our aid through Samuel Omogo Foundation' by securing one borehole water for us and I believe he will still do more as we still have about 4 others villages around who are still lacking access to good water.

In a bid to show us this kind of love and as well to showcase his unfathomable regards to his revered constituents generally and precisely umuezeaka high school Unit, we sincerely duff our cap and open our cup of appreciation on the once you have done and those your yet to do, we pray for more grace in all your endeavours sir .

In conclusion, I employ everyone in this village to take this borehole as our personal property in ensuring the security and protection against black minded persons to enable it's long lasting.

Thanks and my humble regards.

**A BRIEF ADDRESS OF WELCOME WRITTEN AND PRESENTED BY THE PEOPLE OF
NDIAGU ESHI OBODO - OGBENI NGBO OHAUKWU L.G.A, EBONYI STATE
MARKING THE COMMISSIONING OF THE BOREHOLE DRILLED BY SAMUEL
OMOGO FOUNDATION IN THE HONOUR OF REV. FR. DR. PETER OKWOEZE
OMOGO TODAY 29TH JANUARY, 2024**

We the entire members of the above community hereby thanked Samuel Omogo foundation in the honour of Rev. Fr. Dr. Peter Omogo for his magnanimity.

This foundation has done what other foundations has never done here in Ebonyi state in terms of providing sufficient drinking water and eradicating water diseases. As that is not enough Samuel Omogo foundation decided to embark on empowerment of our youths and helping poor and needy all over ~~the~~ Ebonyi state. To our own understanding, this foundation was able to achieve all these according to the saying by Walt Disney who wrote "*All dreams can come true if we have the courage to pursue them*" a dream doesn't become reality through magic, but it takes sweat, determination and hard work."

MAINTENANCE: We promise to be taken care of this our borehole and as well maintain it if any part needs such attention.

APPRECIATION: Samuel Omogo foundation, we all appreciate you and what you have done for us and thanked the almighty God who knows you from your mother's womb what you would be, what you would do to the people around you and finally chose you and ordained you to serve in his sanctuary.

Father, you are a chosen servant of God.

You are a blessed servant of God more power to your elbow.

Lastly, our prayer is that the Almighty God will give you long life to finish your wonderful assignment on this earth, Your going and returning must always be hetch free.

In the name of the father and of the son and of the Holy Spirit.

Amen.

A WELCOME ADDRESS PRESENTED BY THE PRINCIPAL OF HANDMAIDS INCLUSIVE SCHOOL IRUEVENEAMAECHE EZZANGBO, OHAUKWU LOCAL GOVERNMENT AREA IN EBONYI STATE. THIS DAY THE 31ST OF JANUARY 2024. ON THE OCCASION OF COMMISSIONING CEREMONY OF ONE MODEL BOREHOLE DONATED BY SAMUEL OMOGO FOUNDATION TO THE SCHOOL.

The Chairman of the Occasion,
Our Dearest Rev. Fr Dr. Peter Omogo,
The PTA Executives,
The Chief of Iruevene Village,
Esteemed Guests, and the Honorable representatives of the Samuel Omogo Foundation,
The Staff, Students and Pupils of Handmaids Inclusive School,
Ladies and Gentlemen.

We, the above mentioned institution with the Provincial Superior of Central Eastern Province Rev. Sr. Rosemary Ukata extend our warmest welcome to you on this auspicious occasion. Today marks a momentous event in our school's history as we gather to celebrate the commissioning ceremony of the model Borehole generously donated by your foundation. The foundation's benevolence has not only quenched our physical thirst but has also irrigated the grounds of knowledge and community spirit within our school. This gesture is a testament to the commitment of the Samuel Omogo's foundation to supporting education and fostering a conducive learning environment for our students.

As we witness the fruition of this collaboration, we express our heartfelt gratitude to the foundation for recognizing the importance of clean water access in promoting a healthy educational ecosystem and alleviating the excruciating pains we suffered during dry season in the search of water. The ripple effect of this gift will undoubtedly extend beyond the confines of our school, positively impacting the lives of our students, their families and the community at large.

We pledge to uphold and cherish this invaluable contribution, understanding that it symbolizes not just water flowing from a borehole, but the flow of generosity, compassion, and spirit of unity. Together, we embark on a journey to nurture young minds, empower future hopes and create a legacy of positive change.

Once again, we extend our profound gratitude to you Rev. Fr. Dr. Peter for your unwavering support for the betterment of our school and the well-being of the community. We cannot thank you enough Father, we pray that the good Lord will continue to give you the grace and enablement you desire to pilot the affairs that he has entrusted to you. We deeply appreciate your fatherly love, concern and care for our well-being.

Thank you.

**WELCOME ADDRESS PRESENTED AT THE COMMISSIONING OF BOREHOLE
DRILLED BY SAMUEL OMOGO FOUNDATION AT UGWUACHARA VILLAGE ON
29TH JANUARY 2024.**

Dear Rev. Fr. Dr. Peter Okwoeze Omogo,

It is with great pleasure, joy unspeakable and glory to Almighty God that I most cordially welcome you, our beloved Priest, through your blessings we are all gathered here today. On behalf of my family and the entire neighbourhood, I extend my warm greetings and express our deepest gratitude to you and the **Samuel Omogo Foundation** for the incredible and transformative gift of a borehole to our family and the neighborhood. In a special way, we appreciate your tireless efforts, vision, and dedication to ensure total eradication of waterborne diseases. Your commitment to making a positive impact on communities is truly commendable, and we are fortunate to be recipients of your kindness

It is with great joy and admiration that we mark today, the day of the commissioning of the borehole, a day that marks a significant turning point in the lives of my family. Your foundation's benevolence has brought immeasurable relief to us that has long grappled with the challenges of water scarcity.

The impact of this gift extends far beyond the provision of a basic necessity; it is a beacon of hope that will usher in improved health, enhanced sanitation, and greater overall well-being for everyone us. The daily trek undertaken by our children to neighboring communities for water, often at a considerable cost, will now be replaced by the convenience and accessibility of clean, potable water right in our midst.

Your foundation's commitment to community development and welfare has not only blessed my family but has touched the lives of each household here. The eradication of water scarcity is a powerful step towards preventing waterborne diseases and enhancing the quality of life for all our residents.

As we eagerly anticipate the commissioning ceremony and blessing of the borehole, please accept our sincere thanks for your foundation's generosity and compassion. May this borehole serve as a lasting testament to the positive change that can be achieved when individuals and organizations come together for the greater good.

Once again, thank you for bringing hope and relief to us. God will continue to bless and keep you for us.

Good day everyone, I am so much ecstatic to see everyone here, I greet everybody once more.

This is the congratulation letter that we the family of **Fredrick Dick** made to appreciate the great **Samuel Omogo** foundation in honour of **Rev. Fr. Dr. Peter Omogo** for his kindness and stimulation that he has brought into our family, we are so much excited and piqued because you have lead-out trepidation in our family and entire communities. With so much overwhelmed, we are complementing you official especially for the love and caring that you gave to us. We said God should uplift you to another greater level. Thank you so much, we know that what you have done for us is bigger than this but let us handle the gratitude to God to keep on securing you every time of life. Thank you once more, we pray that God will continue to bring double blessing into your hand and we pray you will never experience financial handicap and predicament for the days of the world.

IMPORTANCE OF THE BOREHOLE

A borehole accesses an existing supply of water; completely eliminating any type of middlemen from the picture. It also worth that there are advanced filtration method available; ideal for those who plan on drinking the water that emerge from the ground.

Boreholes promote community health and easy accessible water supply, boreholes are drilled in communal land so that the community can benefit from it.

HOW IT CAN BE USED AND MAINTAIN

We are going to use it carefully by sweeping and washing the borehole surface area and inspecting all parts of the borehole regularly including the catchment area to make sure there's no interference or damage

With a heart filled with joy we welcome in a special way our beloved, dynamic and most honorable **Rev Fr. Dr. Peter Omogo**. We also welcome our visitor, friends and well wishers we are very grateful and honorable to have you in our midst.

APPRECIATION

Words cannot describe our joy towards our daily beloved **Rev. Fr. Dr. Peter Omogo** who now, we have been suffering from scarcity of water more especially during the dry season.

It's always very difficult for us during this season, because all the places where we can get water will get dry up. Then we have to go to our neighboring village to get water from their borehole, at times the crowd there will not allow us to get water at all because we have to wait turn by turn.

Thank God today God send us a messiah **Rev. Fr. Dr. Peter Omogo** is our messiah the man with the heart of God, the servant of equipped and bless in our generation to be blessing and touching lives. We are really grateful sir. Words cannot be enough to thank you. There's an adage that says whosoever brings water, brings life, father indeed you have brought life to the entire village to crown it all you didn't drill a single borehole for us but two wonderful borehole. Wow! We can now have our own borehole. The bible says whatsoever a man sow that he shall reap. Our dearly beloved **Rev. Fr. Dr. Peter Omogo** you have really sown a good seed our prayer is that you will not only reap it on earth but also in heaven. We pray that God will replenish your pocket; your pocket will never run dry. God will continue to lift you from glory to glory, from honour to honour and favour to favour. He will continue to bless you and bless your ministry. And you will continue to excel in your ministry, Health long life and prosperity. In Jesus Amen! *Name Amen!*
Our promise to you is that we will handle this wonderful gift with care, we are not going to misused it because it's very important to us, we also promise we are going to maintain it to our best. As you will be going back to your designation God will lead you successfully.

Thanks and Remain Bless!

AN ADDRESS PRESENTED BY HON. ^{AUGUSTINE ELOM} NDIAGU - EZE VILLAGE OF:
DURING THE OFFICIAL COMMISSIONING OF A BOREHOLE
PROJECT BY REV. DR PETER OKWOEZE OMOGO AT NDIAGU-EZE,
OTINYI UMUIMAMA, UMUOGUDU-AKPU NGBO TODAY, 5TH
FEBRUARY, 2024.

The Honorable member representing Ebonyi-Ohaukwu Federal Constituency in the National Assembly, Hon. Pastor Eze Nwachukwu Eze

It is with joy and happiness that we, the good people of Ndi-egu-eze Otinyi Umuimama, Ohaukwu Local Government area welcome you on this ^{suspicious} occasion of the Commissioning of this Borehole Project here in our village to alleviate the suffering of the people due to the perennial water scarcity in the area.

There is a saying that water is life and you have provided it to our people. This is a clear demonstration that you have the interest ^{of} your people at heart.

The renowned Reverend Father our time, the succour giver; I refer to you Rev. Fr. Omogo; it is on record that you have sunk over six hundred boreholes in various Communities and Villages in Ebonyi State and beyond to provide the water need of the people.

Before now, Ebonyi State, particularly Abakaliki was known as Guinea-worm endemic area and our people really suffered from this scourge because of absence of safe and good drinking water. Today, the story is different. Our people no longer suffer from Guiner-worm because they no longer drink water from ponds and streams. Indeed, we cannot thank you enough but we say thank you for remembering us.

To you, Hon. Eze Nwachukwu Eze, we thank you for midwifing the siting and execution of this project here for our people. Indeed, during your electioneering campaign, you promised to attract social amenities to the people and today, we are witnesses to the fulfilment of that promise. Of course, within the short time you have so far stayed at the National Assembly, you have proven that you are indeed the worthy representative of your people. Your motions and Contributions on the floor of the green Chambers at the National Assembly have brought succour, relief and peace to your people. For example, the peace and reconciliation between the

people of Ngbo and Agila is being made possible by your sacrificial efforts and those of other illustrious sons and daughters of Ngboejeogu. You recently took it upon yourself to pay WAEC registration fee for many indigent persons in all the Communities in Ngbo. Thank you. Thank you and thank you again.

Sir, like Oliver Twist, we ask for more. I, on behalf of my people humbly request that you extend this gesture to our neighboring villages like, Odebor, Oshiagu-Amia, Ebele and Ndiagu Amia. Again, we solicit your assistance in ensuring rural electrification of our village. Sir, in the recent past and through Community efforts, electric poles have been hoisted and cables extended from Parish to Mission including transformer installation but because there was no enough fund to complete it, it was abandoned which led to its vandalization. We appeal that you use your good offices to provide this ^{amenity} amenity to us.

As we pledge our unflinching support to you now and always, we pray for God's grace and guidance upon you in all your endeavors.

* Thank you our good Rev'd Fr. Dr. Peter Okwo Eze Omogo.

Signed

A WELCOME /THANK YOU ADDRESS PRESENTED BY IYOKPA BILONWE/ODAH ROAD TO SAMUEL OMOGO FOUNDATION ON THE OCCASION OF OPENING OF WATER WELL OR BORE HOLE DRILLED BY THE FOUNDATION AND COMMISSIONED BY REV. FATHER PETER OKWOEZE OMOGO ON THE 4TH FEBRUARY, 2024.

The chairman, Samuel Omogo Foundation, Rev. father Peter Omogo, and members of the entourage, we welcome you all to Bilonwe Village Iyokpa and this settlement popularly known as Oda Road bus stop, this day 4th February 2024 on this event making the end of an era-era of travelling and suffering too much to get drinking water. Era of drinking anything and calling it water, era of our day dream that, one day government will remember us for a bore hole.

Sir, we the people of this area have suffered much, just to get this thing called water, our children goes to school late, our maiden fight in the streams for a turn to fetch water, we used mud to cook and to watch but today, Omogo Foundation has just come like Jesus Christ to wipe away our tears, Thanks be to God and to Rev. father Peter Okwoeze through whom our old things are passed away.

Sir, its true your name is Okwoeze meaning helper of kings, but we say today your name is Okwobilonwe, Okwor Oda Road, no wonder you are not only a Reverent father but Paternal father.

We were dumbfounded to witness drilling of borehole in our area, we thought it was a dream until we saw drillers pumping out clean water out of our soil. What a 2024 great miracle. We are happy and we say kelefoo. Thank you sir, Okwo-Anyor, Okwo-Iyokpu Oda Road may God prosper Samuel Omogo Foundation and members of this Team.

What else do we have to say? You spend such amount of money we cannot afford for us may that pause never dry Amen.

Sir, you may have been told that some unguided people in the area misbehaved at one time or the other, trying to cut the road leading to your projects which also is for the benefit of Iyokpa people, we ask for forgiveness for them and declare today that we all are totally in support of what you are doing in our village, and we say Omogo Ka anyi ga eso, ona ejeje onalala.

We also wish to thank you for the one hundred thousand naira you gave in support of our bridge work and the motorcycle you gave to our youth leader. We however wish to use this occasion to remind us that the bridge work is still in progress. We as Oliver twist will not be ashamed to ask for more support.

Sir, as you go, go well great ~~mama~~, great also ndi ocha for us. We say again.

Thank you and God bless you Amen.
