

DIOCESE OF ABAKALIKI

Office of the Bishop

February 7, 2022

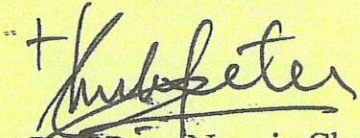

Samuel Omogo Foundation
C/o Fr. Peter Omogo
Michigan, USA.

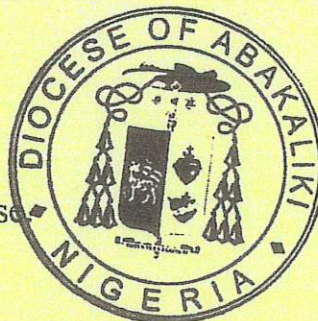

On behalf of the Presbyterium and the Laity of the Catholic Diocese of Abakaliki, Nigeria, I write to express our profound gratitude and appreciation to you and to all the friends and benefactors of the Samuel Omogo Foundation for the provision of ninety-three (93) water wells (boreholes), fifteen (15) motorcycles, eleven (11) laptop computers, five (5) sewing machines to churches, schools and indigent people within the diocese. These amenities benefited not only Catholics, but also people of other denominations and faith. The amenities brought so much joy and put smiles on the faces of thousands of people. They also helped to ameliorate the perennial difficulties that our people suffer due to lack of access to clean water as well as empowered young people to fend for themselves.

I wish also to thank you for the ongoing school project – **Goodness Omogo Academy**. I cannot emphasize enough the importance of this school and its usefulness when it is completed. Education is a component of the primary mission of the church - evangelization of the peoples. The Church has taken this mission seriously from its inception to educate, train and morally form young minds for service to the society. The **Goodness Omogo Academy** will definitely further the mission of the Church in this part of the world.

I appreciate your generosity and pray that God will reward and bless you abundantly. I commend you in prayers into the protective hands of our Blessed mother the Virgin Mary.

With prayerful warm wishes, I remain,
Yours sincerely in Christ,

Most Rev. Peter Nworie Chukwu,
Catholic Bishop of Abakaliki Diocese

Diane & Ken Obuelzinski

**HANDMAIDS OF THE HOLYCHILD JESUS
CONVENT (GOVERNMENT TECHNICAL COLLEGE
COMMUNITY KPIRIKPIRI-ABAKALIKI, EBONYI L.G.A)**

**A WELCOME ADDRESS PRESENTED BY REV. SIS AMAKA MARY
VIRGINIA ASIKE, (HHCJ) ON THE OCCASION OF THE
COMMISSIONING OF THE BOREHOLE ASSISTED BY SAMUEL
OMOGO FOUNDATION" UNDER REV. FR. DR. PETER OMOGO.**

Oh! The Lord has answered our prayers through the benevolence of Samuel Omogo foundation under Rev. Fr. Dr. Peter Omogo who is a born philanthropist, a selfless and generous Catholic. Priest of Abakaliki Diocese.

The legacy left by Late Samuel Omogo is still alive, hence, the Samuel Omogo foundation" which improves the lives of many by providing water and other amenities. Life is incomplete until it influences another positively. The sisters of the handmaids of the holy child Jesus in Abakaliki Diocese have benefitted immensely, and will ever remain grateful to you Rev. Fr. Dr. peter Omogo.

Water problem have been a source of hindrances in our GTC Convent, more especially when the only source of water supply broke down. The Sisters depended on the students and other helpers fetching water from faraway places for cooking, washing and more importantly in taking care of our mini poultry / Goatry project to earn our living.

The presence of this borehole will go far to alleviate most of our water problems in water borne disease, Cholera, Diarrhea, Typhoid Fever. It said that "cleanliness is next to Godliness" Samuel Omogo Foundation has given us not only life but spiritual life as well. God will always continue to bless you for us, Amen! Amen!! Amen!!! The Students, Staff and the Sisters of G.T.C Abakaliki will always remember you in our prayers..... Oliver twist no longer want some more because "Samuel Omogo Foundation has answered our prayers.

Thank you! We strongly appreciate

God Bless Rev. Fr. Dr. Peter Omogo
God Bless Samuel Omogo Foundation

**AN ADDRESS OF WELCOME PRESENTED TO REV. FR. DR. PETER OMOGO
AND THE SAMUEL OMOGO FOUNDATION EBONYI STATE NIGERIA ON THIS
DAY 4TH FEBRUARY 2022**

Dear Fr Dr Peter Omogo,

Priests and Religious,
Parish Councilors,
Parishioners and
Friends.

Grace and peace of Christ be with you. We welcome you to our parish.

We the Catholic Community of Christ the King, Nkaleke/Etchara Unuphu, Abakaliki L.G.A wish to express our sincere gratitude to you for the provision of a borehole in our church compound. Water is life and that fact cannot be over emphasized. For us here in Ebonyi, it is indeed crucial to have clean water to avoid all sorts of waterborne diseases. Here at Christ the King, Nkaleke, we have two boreholes, but the water that they produce has an odor and is not dear. But with this borehole and the clean water that it produces, we are free from the contaminated water. This borehole is truly a great and wonderful gift for this community. It affords us the opportunity to have access to clean water.

We are eternally grateful to you Fr Peter Omogo and the Samuel Omogo Foundation.

Your gift of this borehole will make a huge impact on the lives of our people.

In the Bible Jesus: "And if anyone gives even a cup of cold water to one of these little ones who is my disciple, truly I tell you, that person will certainly not lose their reward" [Mt. 10:42]. You have given us more than a cup of water. May the Lord reward you abundantly.

Be assured of our daily prayers for you and the Samuel Omogo Foundation.

Keep up the good work.

John M Wambweye
Vice Chairman

John Kenneth Oziye
Secretary

AN ADDRESS OF WELCOME PRESENTED BY HON. EMEKA

**NWANGA ONBEHALF OF NDIAGUAZU UMUOGHARA PEOPLE ON THE
COMMISSIONING OF BORE-HOLE PROJECT DONATED BY REV. FATHER PETER
OMOGO TODAY 3RD FEBRUARY, 2022**

PROTOCOLS:

On behalf of the good people of Ndiaguazu Umuoghara the ancestral home of Umuoghara people, I warmly welcome you all to this epochal event.

Today is historic and special because it is a day we have gathered for officialy commissioning of a bore-hole project donated by a philanthropist par excellence Rev. Father Peter Omogo for Ndiaguazu people to the glory of God. The choice of our area for this project is divine and a rare gesture which cannot be forgotten in a hurry.

Ladies and gentlemen, it was mahatma Ghandi who averred that "the best way to find yourself is to loose yourself for the service of others. Our dear Priest Rev. Father Omogo has demonstrated in practical terms that he is living his life for the service of humanity.

It is worthy of mention that our people did not make formal request for this bore-hole. It was indeed born out of his desire to alleviate the suffering of a people who have little or no government presence.

Furthermore, as we appreciate in no small measure this life touching project which to a great extent will address the water need of our people especially children of community primary school Ndiaguazu Umuoghara, we also wish to highlight other challenges and teething problems confronting our people.

1. The people of Onuebonyi village have no source of portable water.

Steven Schroder

LaGrave Church Grand Rapids

2. Community primary school Ndiaguazu Umuoghara is dilapidated and needs renovation.
3. We also ask for scholarship programme for our intelligent but indigent students just to mention but a few.

I cannot conclude this address without expressing our profound gratitude and deep sense of appreciation to Evangelist Dr. (Mrs). Jacinta Nwakaego Nworie consultant to Ebonyi State Government on solid minerals and internally generated Revenue for considering our plight which gave birth to what we are celebrating today. It is our prayer and hope that God will continue to direct the footsteps of our dependable and workaholic priest Rev. Father Omogo until he takes us to the Eldorado.

Distinguished guests, your presence today has made the event a colourful one. May the good Lord reward Rev. Father Peter Omogo abundantly and also lead us safely to our various destinations.

**A WELCOME ADDRESS PRESENTED BY THE PRINCIPAL, REV. SR.
AMAKA MV. ASIKE (HHCJ) ON THE COMMISSIONING OF A DRILLED
BOREHOLE BY REV. FR. DR. PETER OMOGO'S FOUNDATION IN
MEMORY OF LATE SAMUEL OMOGO.**

Rev.Fr. Dr. Peter Omogo is a collosins and a Rev.Fr of repute in the catholic mission and instituted a foundation to honour his brother **Late Samuel Omogo**. According to a prominent philosopher and literary giant, Cicero, "NON NOBIS SOLUM NATI SUMUS" meaning not for ourselves alone are we born. This foundation is a philanthropic one that touches the lives of others. Hence, the drilling of a borehole in Government Technical College Abakaliki to serve the population here.

According to the gospel of St. John 4:14-15, "But whoever drinks of the water I shall give him, will never thirst; the water that I shall give him will become in him a spring of water welling up to eternal life". Hence, water is life which you have given us.

Sir, give me this water that I may not thirst nor come here to draw. Life is a gift. Life is a privilege. Life is a seed, leave something behind. Life is a game, play to win and life is a vapour, life is meaningful when it touches other lives and that is exactly what the foundation has done. A foremost literary giant, **Myles Mouroe**, was right when he said that "the richest place on earth is the cemetery or grave, where untapped potentials have been buried all through the ages past". **Rev. Fr. Dr. Peter Omogo** cherished humanity by attracting a foreign funded foundation in memory of **Late Samuel Omogo**. The benevolence of which Government Technical College is enjoying today. Many sought for this and failed. But to the

rigours involved, the school got it on a platter of gold through the efforts of the Administration. Principal **Rev. Sr. Amaka Asike (HHCJ)**.

This shows the in-built acumen in the administration of the school. Because, the Arabic adage states that "you can only take out of a pot what you put in it". **Rev. Fr. Dr. Peter Omogo** demonstrated practical Christianity by this singular gesture and has catapulted the late brother Samuel closer to God Almighty. We, here in Government Technical College Abakaliki community join with the saints in prayers for the happy repose of his soul and that the brother, **Rev. Fr. Dr. Peter Omogo's** Priesthood will manifest more in the services of mankind which is the hallmark of Christianity.

Here, we are Oliver Twist pleading that any other project that will change the welfare and the betterment of the school will be highly welcomed especially the sisters convent. We also pray for the long lives of the foundation and the members so that humanity will reap more from their generosity.

THANKS AND GOD BLESS YOU. AMEN

SAFE JOURNEY.

PRINCIPAL, STAFF AND STUDENTS
GOVERNMENT TECHNICAL COLLEGE, ABAKALIKI,
EBONYI STATE.

Living Water by Bob and Chris Rosenberg

AN ADDRESS OF WELCOME PRESENTED BY THE SENIOR PREFECT OF TWELVE APOSTLES COLLEGE ON THE COMMISSIONING OF THE NEWLY DRILLED BOREHOLE

The Bishop of Abakaliki Diocese: Most Rev. Dr. Peter Chukwu.

The Director of Twelve Apostles College: Rev. Fr. Joseph Origbo.

The Director of Samuel Omogo foundation – very Rev. Fr. Peter Omogo and other priest present.

The Academic and Non-Academic Staff of Twelve Apostles College.

The Noble students and pupils of Twelve Apostles College

Distinguished ladies and gentlemen and all present we welcome you all.

It is with great pleasure and a deep sense of appreciation that I stand before you on behalf of the students and staff to deliver this valedictory speech. Today, I deemed it fit to express our gratitude to Rev. Fr. Peter Omogo and Samuel Omogo foundation at large, for intervening when we were sinking under the yoke of scarcity of portable water. However, I would like to use this medium to draw your attention to our journey as regards to water.

It has been a turbulent time for the school right from the time it was founded. Twelve Apostles College as an institution has many problems facing her of which scarcity of water is one of them since there is scarcity of water in Sharon as whole. We have encountered many challenges as regards to scarcity of water especially in the first ten (10) years of the school wherein there was no tank or tap, boreholes, wells or tanker to supply water to the school and the students had to go to the community pond to fetch water which was very risky to their health and to the school as well.

In the course of doing so, the students normally had their containers being seized by the villagers for not knowing some of the rules guiding the pond. On one occasion a student almost got drowned in the pond if not for the intervention of other students and some villagers nearby. Sometimes, students even had to go as far as Ebonyi River to fetch water since the pond served both the school and community, and dries up during the dry season. This disrupted the school activities since the Ebonyi River is a long distance from the school and the school had a great population.

Before now, we usually hired water tankers to enable steady supply of water in the school until we bought a water tanker in order to make sure we have our own tanker for necessity cases. On another note, we drilled a borehole at the primary health centre and channeled the pipe to the school but, the underground pipe was broken as a result of road construction. After this, our tanker started pumping water from the overhead tank at the health centre which is very slow and was not able to meet the demand of the students.

Moreover, the last straw that broke the camel's back was the water issue that almost claimed lives of the students. In the year 2014, there was an out-break of water borne disease which interrupted the activities of the school. A borehole was drilled near the main compost of the school, the water got contaminated and when students drank the water, the disease broke out among the students. All the students were asked to go home because of the seriousness of the illness but as God may have it no life was lost as all the students came back to school and the school activities continued.

We express our profound gratitude to the Samuel Omogo foundation for having provided a source of water for the Twelve Apostles' family. There is a popular saying that

he who brings water brings life. Therefore you have brought life or rather another source of life onto Twelve Apostles' College community Sharon. We say in one accord "Thank you and may God bless you."

In conclusion, we thank Rev. Fr. Dr. Peter Omogo and indeed the members of Samuel Omogo foundation for harkening to our need because the Apostles' family have benefited a lot from this foundation. We lack words to express our appreciation for what you did for the Apostles' family and the general public.

Our heartfelt appreciation goes to all distinguished guests present. Thank you for sharing in our joy and may God bless you all.

Ochi Ezekiel Chinwemeri (Senior prefect)
On behalf of the Students and Staff
Twelve Apostles' College Sharon.

When I was thirsty, you gave me to drink

HANDMAIDS OF THE HOLY CHILD JESUS AZUIYIOKWU COMMUNITY

Number 17 Convent Road
Abakaliki Local Government Area
Ebonyi State
Phone: +2347035202919
Date: 29th January, 2022

A WELCOME ADDRESS PRESENTED BY SR. PRISCILLA OGECHI ANAEKWE, HHCJ ON THE OCCASION OF COMMISSIONING OF A BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION

I am delighted to present this address on the occasion of the commissioning of this borehole in Handmaids of the Holy Child Jesus, Azuiyiokwu. I thank God for answering our prayer and fulfilling our long-time dream. I sincerely thank you Rev. Fr. Dr. Peter Omogo, the founder and executive director of Samuel Omogo Foundation for being the useful instrument used by God to answer our prayer and fulfil our desire for a portable safe clean drinking water.

Late Mr Samuel Omogo to the best of my knowledge was a great philanthropist who dedicated his entire life to the service of God and improving the lives of the people he came in contact with. He did a good job of improving lives while alive and has done and is still doing best after life through the foundation.

Samuel Omogo Foundation has created a life changing state to a great number of people especially the rural dwellers in South-eastern Nigeria by providing clean water to people who would have otherwise cooked, drank and carry out other hygiene activities with contaminated water from the pond and other unsafe water sources. This noble foundation has established over 600 safe water sources since ~~their~~ inception (I stand to be corrected) and have improved lives of hundreds of thousands of the people.

Human physiology has it that 75- 80% of the body constituent consist of water, so no person can survive without water hence water is life. Thank you Fr. for giving life to the Sisters-Handmaids of the Holy Child Jesus, Azuiyiokwu, the

pupils and the staff of Handmaids International Nursery/Primary School who would comfortably walk to the water source in their school compound and fetch their reliable and safe drinking water and also our neighbours (the villagers) who walk miles to fetch water.

Father, you have given us a lasting solution to the water borne diseases such as typhoid fever, diarrhoea, cholera, guinea worm etc. Thank you for improving our health and wellbeing.

Research has it that frequent consumption of safe water helps to prevent and also cures a good number of sicknesses. Samuel Omogo Foundation has given us health remedies and also a cause to be of good health and be hygienic.

What else shall we say "for a cup of cold water in charity (naimeogo) given is remembered with joy in the sky" For remembering the poor and the less privileged and voluntarily working to alleviate their suffering, you will certainly be rewarded by God who is a great rewarder.

We pray the almighty God to bless and prosper Samuel Omogo Foundation for their kind gesture to the poor. And that God may bless the donors and prosper the work of their hands through Christ our Lord. Amen.

Long Live Catholic Diocese Of Abakaliki.

Long Live Rev. Fr. Dr. Peter Omogo.

Long Live Samuel Omogo Foundation.

Long live Handmaids of the Holy Child Jesus.

Signed

Sr. Priscilla Ogechi Anaekwe, HHCJ
Local Superior

**AN ADDRESS OF WELCOME BY: BARR. P. F IGWE, SECRETARY
PARISH COUNCIL, ST. VINCENT DE PAUL OKWASE NKALIKI,
ABAKALIKI, EBONYI STATE ON THE OCCASION OF COMMISSIONING
OF DRILLED BOREHOLE BY SAMUEL OMOGO'S FOUNDATION IN
HONOUR OF REV. FR. DR. PETER OMOGO ON THIS 29TH DAY OF
JANUARY, 2022.**

All protocols duly observed

The Parish Priest St. Vincent De Paul Catholic Church, the Director Samuel Omogo's Foundation, **REV. FR. DR. PETER OMOGO** and your co-benefactors, Ladies and Gentlemen of St. Vincent De Paul Parish.

It pleases me to welcome our guests today on this maiden, uncommon and unprecedented rare gift commissioning/celebration.

St. Vincent De Paul took her first breath of worship on the 8th day of April, 2018 on the occasion of Christian Women Organisation (C.W.O) day.

St. Vincent De Paul on that faithful day housed the Parishioners in canopies hired by the C.W.O in conjunction with the C.M.O whom they reap to score alphas in their programmes all over the world, the Catholic Church in particular.

It is worthy of note that our Parish had its first Mass Service celebrated under three canopies, buttressing the fact that there was no thatched house, kiosk, or pillar known to the parishioners as the church house other than bush surrounded environment.

Distinguished guests, St. Vincent is a child of many visions and missions on the ground that its existence was placed on nothing yet it stood and has come to stand, as evidenced facially and internally herein.

Sequel to the ugly physical state of the church, the Parishioners kick-started the structural design of the church in a low key by building a wood pillared zinced house that accommodated over Two Hundred Parishioners normally seated on their respective chairs brought from their homes whereof the rest would stand or sit in their own chairs under the sun in every Sunday Mass. As a matter of fact, some of them used to come with umbrellas in order to mitigate the harshness of the sun scotching either on their respective heads or most importantly. that of their children

Distinguished guests, it is superfluous and miraculous to inform you that we worshipped in the cubicle all through 2018 down to 2019 but never experienced rain fall for one day during our usual two masses of every Sunday. This unmerited favour continued till we expanded it to where we are now and still expanding as you can see.

Distinguished guests, we are not here to feed you with talks but to express our feeling about the church which its success story cannot be comprehensive without today's event occasioned to cushion our struggle by this benevolent Foundation.

Base on the foregoing rejuvenating and heart friendly information, I wish to inform us that our Parish shall be 4 (four) years old on 8th April 2022. Thus; a crawling child suddenly becomes a speed-star, what a mystery!

Dear Parishioners, to the benefactors of this project here to commission today; "they will say drilling of borehole is a common thing because it is what we do freely to the needy like our Parish". But to us, the beneficiaries; "the Foundation has done great of the greatest things for our Parish". Thank you!

Your chosen project in our Parish is in so many ways beneficial and unlimited; We will no longer engage tanker drivers to refill our project tanks.

The toilet we severally planned to have but could not because of lack of water to flush toilet after use, is now a goal.

The cleaning of the church which our mothers carry water from their homes to do, is over.

We can as well lubricate our vocal cavities whenever we are thirsty.

Our neighbours are also not left out in this magnanimity since; they can freely use the water without restriction.

Indeed we are made whole, as one of the indispensable things of man is on this day provided to us

We therefore urge you to join us in thanking God for this unmerited favour.

In the light of the above plethora or avalanche of points herein tabulated in litany and also in derivative projects brought to us; Ladies and Gentlemen of our Parish, I wish to ask you to join me to give kudos to our benefactors who

have fulfilled the injunctions of the holy bible in the book of **Matthew 25: 35** which reads thus:

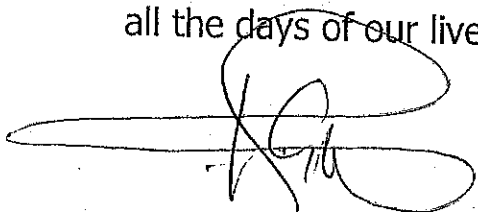

**" For I was hungry and you gave me something to eat,
I was thirsty and you gave me something to drink,
I was a stranger and you invited me in".**

All these **REV. FR. DR. PETER OMOGO** and His Foundation have done and perfected and we cannot thank you enough. We pray that God will reward you abundantly with good health, prosperity and longevity...Amen.

To our dear Parish Priest, **REV. FR. OKEKE JOHN MADUABUCHI**, we say thank you for always looking sideways to complementing our continuous expenses in the church. We promise you our continuous unalloyed support, loyalty and solidarity. May God always guide and protect you.

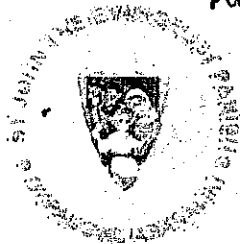

To our ever dedicated Parish Executive Council, Committee Leaders and Members without forgetting our wonder working Parishioners, we say thank you all!

May God bless and keep all of us and may His Goodness and Mercy follow us all the days of our lives...AMEN.

PETER FRIDAY IGWE

Secretary Parish Council.

Kurtis Jackson 9 Church Laminaru in honor of Rev. Fr. Peter Omogo

ST. JOHN THE EVANGELIST PARISH

OKPAUGWU, ABAKALIKI

Phone: 0813691891, 0818645817

AN ADDRESS OF WELCOME/APPRECIATION PRESENTED TO REV. FR. PETER OMOGO ON THE MAGNANIMITY OF HIS NON-GOVERNMENTAL ORGANIZATION IN DONATING AND SINKING A BOREHOLE TO ST. JOHN THE EVANGELIST PARISH OKPAUGWU ABAKALIKI ON SATURDAY 29TH JANUARY, 2022.

Rev. Fr. Peter Omogo,

The parish administrator and the entire parishioners of St. John the Evangelist Parish Okpaugwu Abakaliki, heartily welcome and appreciate the magnanimity of your non-governmental organization in donating and sinking a borehole to reduce the problem of water availability for domestic purposes in our parish.

Your gesture is a manifestation of your love for the parish administrator and St. John Parish in general, may the Almighty God who sees the heart of men reward you immensely. We also thank God who used you to solve the water related problem in our parish, we sincerely lack words to appreciate you enough for the gesture.

Our prayer is for God to keep and strengthen you for more services to man. St John the Evangelist Parish Okpaugwu Abakaliki has a large congregation among the parishes in the Diocese. Considering the large number of parishioners in St John the Evangelist, it is obvious that problem of water availability may constitute a big challenge in the parish especially during masses and we have to state here that your organization has gone a long way to attending to this challenge.

Since the boreholes within this area cannot serve directly for drinking water purposes we are at the same time stating that the problem is not completely solved as we may be asking for drinking water in the Parish. Based on the existing drinking water challenges, we are here pleading for more assistance in this area.

As a Parish, we promise that our support to your non-governmental organization will continue without wavering and therefore request that you extend our appreciation to your organization.

CHIEF NDUNWERE

Hon. Adolphus Ndunwere
Vice Chairman Parish Council

Rev. Fr. Kenneth Chigbo
Parish Administrator

Donated by Kirik & Mary James

A WELCOME ADDRESS PRESENTED BY VICE CHAIRMAN OF ST. LUKE'S CHAPLAINCY COUNCIL, PROF. PAULINUS NNABO ON THE OFFICIAL COMMISSIONING OF BOREHOLE DONATED BY SAMUEL OMOGO FOUNDATION TO ST. LUKE'S CHAPLAINCY, ABAKALIKI ON SATURDAY, 29TH JAN. 2022.

Protocol.

It gives me great pleasure and privilege to welcome you to St. Luke's Chaplaincy, College of Health Sciences (Presco), EBSU, Abakaliki on this special day of the commissioning of a motorized borehole donated to the Chaplaincy by the Samuel Omogo Foundation. Water is life! So, we warmly welcome you to this life-giving ceremony, courtesy of the Samuel Omogo Foundation. It is another special day in the Chaplaincy since its inception in 1994.

The Samuel Omogo Foundation was established in 2012 to foster the responsible development of clean water sources for rural areas in Southern Nigeria. Samuel Omogo was a Nigerian who dedicated most part of his life to improving the living conditions of people in Nigerian villages. He was known in many villages for his philanthropic deeds of visiting the sick in hospitals and prisons as well as providing food items, clothing and essential school supplies to those in need. After battling with an illness Samuel died at a young age of 47. In honour of Samuel's commitment to improving the health and well-being of the Nigerian people, the Samuel Omogo Foundation was created to build water wells in villages in South East Nigeria. Today, the Foundation reaches out to bring clean water to citizens who would otherwise drink and cook with contaminated water from ponds and river beds. In the past, many people lived in small villages without access to clean water sources which is a life-giving necessity. By then, water borne diseases (e.g. cholera, typhoid) and water-washed diseases (e.g. trachoma) were rampant as direct effects of water and sanitation related diseases. The daily routine of many village women and children included waking up as early as 4am and trekking many kilometres in search of water from ponds and river beds, many of which dry up in dry season.

Since its inception in 2012, SOF has been providing clean water to the rural dwellers of Ebonyi State. Over 369 water wells have been drilled in Nigeria since 2012, thereby providing over 400, 000 people with clean drinking water. Cases of water-borne diseases also reduced from 199 in January 2015 to as low as 10 as at December 2020 (90-95% reduction).

1. In 2016, 27 wells were built in the rural villages of Ebonyi State.
2. In 2020, 70 wells were built in rural areas of the State.
3. In 2021, the foundation proposed to drill additional 140 wells.

All these led to about 80% improvement in academic performance of school children, significant reduction of child molestation due to water scarcity, and none violence and snake bites usually experienced in search of water in rural areas.

It is worthy of note that 100% of the wells were drilled by certified drill teams, thereby ensuring the productivity and sustainability of the wells. Funds are also provided by the Foundation for routine maintenance of the wells as about 95% of donations to the Foundation go directly to well drilling and servicing.

With all these, there are still not enough boreholes to provide clean water to the people in other villages going by the increasing number of people in need of clean water. It is on this note that the Chaplaincy is grateful to the Foundation for approving the drilling of this motorized borehole and donating it free to the Chaplaincy. This will greatly solve the water needs of the Church and her neighbours. As a church we pray, and hope to make our own contribution in the continued sustenance of the operations of the Foundation.

Thank you all and God bless.

Prof. P. N. Nwako

Rev. Fr. Dr. Joseph Orono

Dr. Anthony J. Kaku
ANCILLA AGRO INITIATIVE, AGUOGBORIGA

ABAKALIKI EBONYI STATE

DATE: 29TH JANUARY, 2022

A WELCOME ADDRESS PRESENTED BY SR. MODESTA
NWONWE, HHCJ ON THE OCCASION OF THE COMMISSIONING
OF A BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION

An attitude of gratitude is the least of all virtues and an attitude of ingratitude is the worst of all vice says Heidegger. I begin this short welcome speech on the occasion of the commissioning of the borehole in Handmaids of the Holy Child Jesus Farm, Aguogboriga by recognizing the presence of God who is the Giver of all good things and who has favoured us with this borehole. I am delighted and filled with exceeding great joy on this historic day. I want to particularly appreciate you Rev. Fr. Dr. Peter Omogo, the founder and director of Samuel Omogo Foundation for your humanitarian and community development services, May the good Lord reward you a million fold.

Samuel Omogo Foundation was founded in memory of Mr Samuel Omoge who was a great philanthropist, for improving the health and wellness of the people of South-Eastern Nigeria; especially the rural dwellers by providing them with a safe portable clean water. This foundation has held its purpose tenaciously. This foundation has created a life-changing state through the construction of safe water resources. Today the foundation reaches out to bring clean and safe water to hundreds of thousands of people whom otherwise drink and cook using contaminated water from unsafe sources. This foundation is helping to meet the Sustainable Development Goal number 6 which is dedicated to ensuring availability and sustainable management of water and sanitation for all.

Water is life, without water, no living thing can survive, thank you father for giving life to us and the rural dwellers of Aguogboriga. Good water guarantees good health, thank you father for guaranteeing us good health. Frequent consumption of safe clean water brings healing to so many sicknesses, thank you Father for giving us

medicine. Thank you for reducing the rate of water borne diseases in Ebonyi State and beyond.

Agriculture we know plays a critical role in the entire life of a given economy. It is the backbone of the economic system of a many countries of the world. In addition to providing food and raw material, agriculture also provides employment opportunities to a very large percentage of the population. The scarcity of food and other resources enforced by the effect of COVID 19 has added great value to Agriculture. Without water, it is impossible to embark on farming. We have lost a huge number of birds to coccidiosis, fowl typhoid, bird flu and diarrhea which results from the consumption of contaminated water by the birds. We can assure you that with the availability of this safe water, such huge casualty has become a history.

Due it lack of water, we can only embark on annual crop farming like cucumber, water, melon maize, vegetables, Okroetc during rainy season but today we assure that in your next visit during dry season, you will see all these booming in this farm.

Father we cannot finish counting our blessing, we ask the good Lord to bless You and prosper Samuel Omogo Foundation. We also pray for God's choicest blessing on all the donors of the noble foundation.

We are truly grateful Father.

Signed

Sr. Modesta Nwonwe

Dan, Jared, & Allen Pitczus

A WELCOME ADDRESS PRESENTED ON THE OCCASION AND COMMISSIONING FOR USE A HAND PUMP BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION AT AZUNWOPHO UGBONA IN NDIEBOR ISHIEKE AUTONOMOUS COMMUNITY EBONYI LOCAL GOVERNMENT AREA OF EBONYI STATE TODAY 29TH DAY OF JANUARY, 2022.

The Chairman Samuel Omogo Foundation, Rev Fr Dr Peter Omogo.
The Village Head
The Zonal leaders
All due protocols observed.

It is indeed with a heart full of joy and gratitude to the most high God, the Alpha and Omega; our Lord Jesus Christ who has made us to see this monumental event that I welcome you all to this commissioning and opening for use this borehole drilled for us by Samuel Omogo's Foundation.

Samuel Omogo Foundation was formed in the year 2012 by Rev Fr Dr Peter Omogo. One of the priority of the foundation is to bring clean source of water to villagers in Southeastern Nigeria. Samuel Omogo was a man known for his hard work, dedication and selfless service in improving people's life like visiting the sick, bringing food, clothing and school supplies to those in need. He died at the age of 47 years.

It is in an honor for his saintly life in improving the health and wellness of his people that Samuel Omogo Foundation was formed.

The Foundation through the effort of Rev Fr Dr Peter Omogo has drilled a total number of 461 boreholes across Ebonyi state of which ours is one of them.

Thirst they said is the "soldiers' worst enemy" Every human being is a soldier in his own capacity and then needs water to sustain his life. Thus, water is life especially clean source of water. Rev Fr Peter Omogo through Samuel Omogo Foundation has not only given us the people of Ugbona in Ndiebor Ishieke autonomous community water but a clean source of water that will last and serve for decades.

It is worth to note that twenty eight years ago, we made a collective effort to dig that well over there to provide a clean source of drinking water for us. The extent the labourers were able to get was the depth human manual effort could go as more than three different groups who specializes in digging well tried their best. The well barely served through the raining season.

Today we are very happy for this great favour you have done to us. We appreciate you Rev Fr Dr Peter Omogo for all your inspirations, aspirations and innovations in bringing succor to your people through this remarkable organization. We are particularly happy for this borehole you have drilled for us here. As you have come to commission it for use, it will:

- Reduce drastically of foods contamination from unclean water and other water born related diseases.
- Foster cleanliness which is next to Godliness by improving personal hygiene.
- Decrease the rate of falls our ageing parents experience in search of water in the rough, Rocky hills and valley roads leading to our stream.
- It will also serve out station At Benardett Catholic Church which is not up to a 200metres away from here.

Distinguished benefactor and our guest, let me Express on behalf of our village head and the entire villagers that this favour will be preserved with honesty, humility and communal love. And also reiterate that this borehole has been drilled and installed to deliver at its best to all of us. On this note, I thank the village head and his cabinets, zonal leaders for all they have outlined to ensure proper utilization and safeguard oSPf this borehole.

Finally, I acknowledge and commend my very good friend Rev Fr Dr Peter Omogo for this rare gesture and kindness in initiating, approving and implementing this project to the Glory of God. We Pray God Almighty , His Archangels, your guardian angel and our Holy Mother Mary to continue to keep you company that you may go out in peace and come back in safety, good health and with more good things. Amen.

Long live Samuel Omogo Foundation

Long live Ugbona Ndiebor Ishieke Community

Long live Ebonyi state, Nigeria.

Thank you so much.

**WELCOME ADDRESS PRESENTED BY SR. JANE FRANCIS NWAODU
ON THE OCCASION OF THE COMMISSIONING OF A BORNHOLE IN
THE CATHOLIC CHARITY HOME FOR THE NEEDY, ABAKALIKI,
EBONYI STATE ON THIS DAY 29TH JANUARY, 2022.**

Welcome! Welcome to all of you present here today. A warm and cherished afternoon to our most valued Rev. Fr. Dr. Peter Omogo and Samuel Omogo's Foundation.

It's with great pleasure that in the name of Catholic Charity Home for the Needy and our dearest Rev. Mother Mary Agatha Ebewu, the foundress of the orphanage, I have the honor to say to you distinguished guest, ladies, gentlemen and my beautiful Angels a warm welcome.

Nnooh! Tookwee!!

History has been made as we gather here this auspicious afternoon to witness the commissioning of a water borehole dug by Samuel Omogo's foundation in the person of Rev. Fr. Dr. Peter Omogo.

As a charity and a very young congregation we live at the mercy of peoples goodwill and generosity.

Faced with the challenges of caring and providing for our adorable and beloved children, I beseeched God to send helpers because we were in dire need of water, I went to my parish priest Fr. Samuel Okorie Nwagu for assistance as I had ran out of options. Sharing my worries with him as I explained our needs, he informed me about Samuel Omogo's foundation that gives water aid through his brother Rev. Fr. Dr. Peter Omogo.

To the glory of God, my PP gave me the contact information and I rang and I went over to see Rev. Fr. Dr. Peter Omogo. I shared my stories of our needs with Fr. Omogo, he listened with great compassion and attentiveness and his response was "Sr, don't worry". Just to hear that: "Sr, don't worry" I felt like a heavy burden has been lifted off my heart.

Fr. Gave me a form to take home, fill and return on a certain date. To my greatest amazement, before the due date Fr. Gave me, I got a phone call with the message,

"Sr, we are coming to drill a borehole for you tomorrow. I haven't completed the form, I thought I was dreaming. As people say, the rest is now history.

My beloved friends, I stand before you all to testify that God is good. Rev Fr Dr. Peter Omogo, thanks a lot for all you are,

Thanks a lot for all you share.

Thanks a lot for all your love and thanks a lot for all your care.

May God bless you abundantly.

And we pray that the soul of Samuel Omogo and the souls of the faithful departed through the mercy of God rest in peace. Amen.

Rev. Sr. Janefrancis O. Nwaodu
(Sr-in-charge of the orphanage)

IMMACULATE HEART OF MARY'S PARISH
Omego Umuezeokoha
Ezza North L. G. A
EBONYI STATE, NIGERIA

Our Rehe

Date:

An address of welcome presented by the immaculate heart of Mary's Parish, Omego, Umuezeokoha, Ezza North L.G.A on the occasion of the official commissioning of our brand-new water borehole drilled by Samuel Omogo Foundation in honour of very Rev. Fr. Dr. Peter Omogo, today 29th January, 2022.

The Almighty God,
The Parish Priest Rev. Fr. Philip. O. Osuagwu,
Our amiable donour; Very Rev. Fr. Dr. Peter Omogo,
All other Rev. Fathers and Religious here present,
Distinguished and highly-rated entourage,
Our dearest high-esteemed parishioners,
Ladies and gentlemen.

With hearts full of joy, thanksgiving and gratitude, we welcome our dearest Father, brother and big-friend; **VERY REV. FR. DR. PETER OMOGO** (the founder and general coordinator) **SAMUEL OMOGO FOUNDATION** and his highly esteemed entourage in our new Parish for the official commissioning of the brand-new water borehole built by the foundation in our parish rectory (Father's House).

Today a milestone of your good work has gathered us together to thank and celebrate God's blessings, grace and favours on us through your good works.

Father we all feel specially blessed to have been treated with such a beautiful, bountiful and unquantifiable love from you, to God be the glory in Jesus name, amen!

Due to the dilapidated nature of the old deep water-well, getting a new better source of water supply has remained a very big challenge to us; coupled with the risk of dangerous waterborne diseases and infections.

Father you are God's sent, a true and worthy son of our diocese (Catholic Diocese of Abakaliki), it seems like a dream and indeed a miracle God has performed through you, and our joys shall remain endless.

We hereby sincerely attest that the solution approaches which you deploy in solving the problems of water scarcity in both rural and urban areas are pragmatically beneficial to all. Thanks a lot. On this note, we also thank your team/staff for their continued corporation, may God reward you all abundantly.

Our mouths are too narrow to thank you enough but we pray that God's mercy and guidance be shown on you all always.

Father as we are appreciating this your kind hearted gesture today, we solemnly promise to deploy all possible good means to ensure that this all-important facility is not just properly and jealously protected but handled with utmost-care and respect. This promise is well guaranteed as evidenced by the level of personal prudence and commitment endowed by our Parish Priest, **Rev. Fr. Philip. O. Osuagwu (HFFBY)**. As we welcome you all once again in our parish, we wish peaceful, purposeful and more good result oriented projects in your foundation.

Finally, we pray God the Almighty to grant you all journey mercies back to your various destinations in Jesus name!

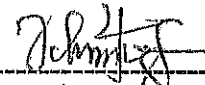

Very Rev. Fr. Dr. Peter Omogo, ide ike oo, Unu dekweike olu oo!!!

Thank you once more and remain ever blessed.

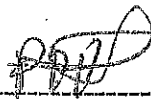

Yours In Jesus and Mary,

Mr. Livinus Nomeh
(Vice Chairman Parish Council)

Bro. Joseph Nwanga
(Secretary Parish Council)

Rev. Fr. Philip O. Osuagwu
(Parish Priest)

A WELCOME ADDRESS PRESENTED ON THE OCCASION AND COMMISSIONING FOR USE A HAND PUMP BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION AT AZUNWOPHO UGBONA IN NDIEBOR ISHIEKE AUTONOMOUS COMMUNITY EBONYI LOCAL GOVERNMENT AREA OF EBONYI STATE TODAY 29TH DAY OF JANUARY, 2022.

The Chairman Samuel Omogo Foundation, Rev Fr Dr Peter Omogo.

The Village Head

The Zonal leaders

All due protocols observed.

It is indeed with a heart full of joy and gratitude to the most high God, the Alpha and Omega; our Lord Jesus Christ who has made us to see this monumental event that I welcome you all to this commissioning and opening for use this borehole drilled for us by Samuel Omogo's Foundation.

Samuel Omogo Foundation was formed in the year 2012 by Rev Fr Dr Peter Omogo. One of the priority of the foundation is to bring clean source of water to villagers in Southeastern Nigeria. Samuel Omogo was a man known for his hard work, dedication and selfless service in improving people's life like visiting the sick, bringing food, clothing and school supplies to those in need. He died at the age of 47 years.

It is in an honor for his saintly life in improving the health and wellness of his people that Samuel Omogo Foundation was formed.

The Foundation through the effort of Rev Fr Dr Peter Omogo has drilled a total number of 461 boreholes across Ebonyi state of which ours is one of them.

Thirst they said is the "soldiers' worst enemy" Every human being is a soldier in his own capacity and then needs water to sustain his life. Thus, water is life especially clean source of water. Rev Fr Peter Omogo through Samuel Omogo Foundation has not only given us the people of Ugbona in Ndiebor Ishieke autonomous community water but a clean source of water that will last and serve for decades.

It is worth to note that twenty eight years ago, we made a collective effort to dig that well over there to provide a clean source of drinking water for us. The extent the labourers were able to get was the depth human manual effort could go as more than three different groups who specializes in digging well tried their best. **AN ADDRESS OF WELCOME PRESENTED BY THE
STAKEHOLDERS AND THE ENTIRE MEMBERS OF NDIAGU
OGBURIGBA VILLAGE AT THE COMMISSIONING OF THE
BOREHOLE WATER PROJECT BY REV. FR. DR. PETER OMOGO
AND SAMUEL FOUNDATION, ABAKALIKI BRANCH EBONYI
STATE, ON THIS DAY FRIDAY, 28TH JANUARY, 2022.**

PROTOCOL:

The highly intellectual and reputable priest, Rev. Fr. Dr. Peter Omogo.

Other Reverend clergy here present,

The Samuel Omogo foundation members Abakaliki branch,

The distinguished stakeholders of Amoffia and our great ogburigba village here present,

Other well wisher, ladies and gentlemen.

It is with gratitude to God and high sense of excitement that we have gathered to celebrate the man of God, in the person of **Rev. Fr. Dr. Peter Omogo**, the man who has been parts and parcel of us ~~the~~, the man who has made tremendous impacts in the lives of many people both here and outside.

Today, we the people of ogburigba village unanimously join other beneficiaries of this laudable foundation to prove the ingenuity and exceptional quality of this man of God, the **Rev. Fr. Dr. Peter Omogo** and Samuel foundation, Father, the people of this village have been hearing of your life touching project and today it is our turn to join others to celebrate that kind gesture initiated by you. We say bravo and more grease to your elbows.

Therefore, we are saying to you welcome, because you have made us glad today. So, there is no gain saying that a thing of joy is happy forever. The entire members of our village are praying for your more successful years in the services of God in His vineyard and the wellbeing of humanity in general. To us, this gathering is wonderful and, it is more wonderful because it marks the end of alarming rate

on ^{the} shortage of clean and drinkable water in our village and even beyond.

To be real, my lord we are handicapped by the poverty of human language with which to express our sincere appreciation to you for what you have done for us and for your exemplary zeal and tireless efforts to lessen and alleviate the suffering of thousands of people in terms of problem of good drinking water since, as Henri Fredric Amiel once said "**gratitude is shown in acts**" we humbly offer this gift to you as a token symbolic of our inner and unquantifiable appreciation to you, even as we continue to pray the good Lord to continue to strengthen you in your period of executing your philanthropic work and clear demonstration of your enduring legacy.

We cannot therefore forget our elderly state man Mr. Ogah Benard for his effort and support for the success of this project.

My priest ^{Fr} ~~sr~~, we are grateful to God for giving us the privilege to host you and the members of the foundation at this period of grace. We therefore, pledge our loyalty to abide by your already established principle among the users of the drilled water anywhere they are sunk, also promise to join hand with you to raise the banner of the lord in our community and your foot-print to a higher height.

Our admiring priest, we are indeed, grateful to you and indeed to all who have left their numerous engagements to grease this occasion. As you return to your respective destinations, may God in his infinity mercy bless you and keep you safe and sound Amen.

Long live Samuel Omogo Foundation

Long live our Religious Messiah (The Rev. Fr. Dr. Peter Omogo)

Long live the beneficiaries of the foundation

Long live Ndiagu Ogburigba people

Long live Amoffia Ngbo

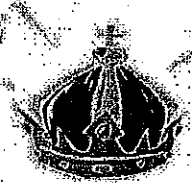

Long live Ebonyi State

Long live Nigeria.

Thanks and God bless.

I am 

Carol Ikenna & Paul Kissef

Your Ref:.....

Date:.....

**AN ADDRESS OF WELCOME AND APPRECIATION PRESENTED BY H.R.H EZE
OKPOTO MICHAEL NWOGE, EZE OHA II OF EKWASHI COMMUNITY**

TO

REV. DR. FR. PETER OMOGO OF SAMUEL OMOGO FOUNDATION (SOF)

**TO DAY, THE 28TH JANUARY 2022 AT UBOGIRI VILLAGE SIDE, EGUGWU
EKWASHI NGBO, OHAUKWU LOCAL GOVERNMENT AREA**

21st day of January, 28th day of January 2022 appears to be one of my happiest day in my life. These days were to be compared with the day I worn the Ezeship stool of Ekwashi Community. On the 21st day when I received a phone call, that a borehole will be sunk in my compound, I was overwhelmed; earnestly I applied for a borehole on the 17th January, 2022 and to the glory of God the borehole was sunk on the 21st of January the same month curtsey of Samuel Omogo Foundation.

It is on this good gesture that made people to gather here for the commissioning.

I don't know how, the manner, the tone, the style or the approach to use in thanking you for having done me a favour of this magnitude, but all I know is that God the Almighty will continue to shower more blessings and opportunities to you for more philanthropic services to humanity. We the people of Ekwashi are thanking you so much.

Why we are so much happy and appreciative, is not only that you have provided water to us, but that you have also provided life. Since "water is life".

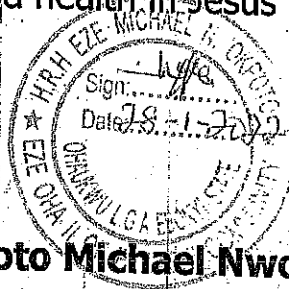

You have also stamped out not only drinking contaminated water but promoted our health condition, because good water is good health.

Distinguished ladies and gentle men, may I use this opportunity of commissioning this borehole to draw your attention to a biblical dictum in Proverb 22 vs 6 "Train a child in the way he should follow, when he is old he will not depart from it".

This very assertion is Rev. Fr. Omogo's copy, because he was trained using all possible home etiquette and is growing with it. Rev. Fr. Omogo was a little child when I was selling on articles in Okwo market, and I was a business Neighbour with him, when he comes to his brothers shop, he will sweep their own shop and my own shop at the same time, then he use to fetch water for me and go some errands for me in the market. Such good life is still working in him today.

May God bless you.

Before I end this address, may I thank you and the foundation for their work all over the state and my prayer is that God Almighty will grant you long life and good health in Jesus name. Amen.

H.R.H Eze Okpoto Michael Nwode
Eze Oha II of Ekwashi Autonomous Community

Harrington family —

AN ADDRESS OF WELCOME PRESENTED BY CATECHIST SIR MOSES MARY EZE (KSJ) ON THE COMMISSIONING OF BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION, EMPOWERED BY REV. FR. PETER OKWOEZE OMOGO ON THE 28TH JANUARY, 2022 AT EGU-UGWU VILLAGE UMUOGUDU AKPU NGBO

Our own and dear Rev. Fr. Peter, words are inappropriate and inadequate to express our gratitude to you for the installation of Borehole water in our village.

We are surprise that God can answer our prayer in such a way through you. Today is a remarkable day in our village as we are counted as one of the beneficiaries of Samuel Omogo Foundation. We are surprise and happy for what God is using you (Rev. Fr. Peter Okwoeze Omogo) to do for people in the whole world. We are surprise and happy that a Saint can still be found in our society today. We are surprise and happy that God can still remember his people in such a way.

Samuel Omogo Foundation - you are the government we know! We have suffered terribly in the hands of Nigeria Government. The present government has loosed legitimacy because of the constant promise and fail from both the government itself and the politicians. Today, Samuel Omogo Foundation has become the hope of Nigeria citizens. We have been denied every government presence in Egu-Ugwu village, Ogwuiyi village and Ndiagu Amia village.

Samuel Omogo Foundation, you are non-partisan. Oh! What benefit shall you get from us! As poor as we are, we cannot offer anything to you except a deep prayer from the inner most part of our bosom.

We are also using this opportunity to present our unanimous request to Samuel Omogo Foundation through the workaholic and pioneer Rev. Fr. Peter Omogo.

Father, we believe that you are a human being. We believe you are not a government but we also believe that there is no harm in trying to beg.

1. Our three villages – Ogwuiyi, Ndiagu Amia and Ndiagu Ugo have no good water. If you would kindly please give to them one borehole each.
2. One of our brothers who is a seminarian in Bigard Memorial Seminary Enugu is from a poor family. We are also asking if the foundation would please help the family by giving scholarship to the devoted boy (**Eze Gabriel Sunday**).

Shakespear says in one of his books, "Some are born great, some achieve greatness and some have greatness trust upon them. Dear workaholic Reverend Father, we believe that you are not from the richest family in the whole Nigeria but today you have made so many people great. God has placed in your hands the liberation of the destiny of so many people.

Be courageous. Do not relent nor be dismayed by the attitude of evil ones. We owe you our relentless prayers.

Long live Catholic Dioceses of Abakaliki!

Long live Samuel Omogo Foundation!!

Long live Rev. Fr. Peter Okwoeze Omogo!!!

Thanks and God bless you.

Signed:

Catechist Moses MaryEze (KSJ)

Holy Trinity Parish Catechist and Overall

Chairman Umuogudu Akpu Village Heads Council.

Judy and. D.4 1x1011,000

A WELCOME ADDRESS PRESENTED ON THE OCCASION OF COMMISSIONING OF DRILLED BOREHOLE BY SAMUEL OMOGO FOUNDATION PRESENTED BY REV. EDWIN UROKO AT ROPEM CHURCH EGWUDULEGU UMUOGUDU AKPU NGBO OHAUKWU L.G.A. EBONYI STATE, TODAY THE 28TH DAY OF JANUARY, 2022.

Sir,

It is still like a dream to me and the entire church / villagers that in less than one week, you were able to wipe away the tears in our eyes by providing this water to us.

Sir, you are really a shepherd like David who kills wolves that want to scatter his sheep you have succeeded in chasing away cholera, guinea worm and other dangerous water born disease that our people suffer at this season. Thanks you father.

Last Thursday when I visited the site of the foundation, tears of joy rolled down my cheek when I saw a crippled man dancing with his bottom on the ground praising God because of a new motorcycle that was presented to him and also Reverend fathers, ministers of the gospel, widows, etc. mostly a woman who said she traveled up to four miles to her place of work that was blessed with new motorcycle, widows smiling home with new sewing machine all by Samuel Omogo's Foundation through Rev. Fr. Dr. Peter Okwoeze Omogo.

In every generation God provides a man who will wipe away tears from people's eyes and in our own generation, Rev. Fr. Omogo is the one. The most interesting is that he has no barrier, as Catholic, Methodist, AGC, name them all churches, villages, schools in Ebonyi State as a whole are beneficiaries.

Sir, may God continue to keep you alive as many peoples destiny are hanged on your neck. We cannot thank you enough and have nothing to give to you but our prayer is that the God you serve will continue to keep and protect you wherever you go.

May God bless you sir! You are a gift to Ngbo people, Izzi, Ezza, Ikwò and indeed Ebonyi State in general.

Thanks and God bless.

Long live Rev. Fr. Dr. Peter Okwoeze Omogo!

Long live Samuel Omogo's Foundation !!

Long live Ebonyi State.

Rev. Edwin Uroko

Minister in-charge

The Junjorale family

AN ADDRESS PRESENTED BY THE PRINCIPAL, MRS. EGBA N.U. ON THE OCCASION OF COMMISSIONING OF WATER WELL PROJECT BY REV. FR. DR. PETER OKWOREZE OMOGO IN IJINIKE HIGH SCHOOL, UMUOGUDU AKPU, NGBO, OHAUKWU LOCAL GOVERNMENT AREA, ON FRIDAY, 28TH JANUARY, 2022.

*Rev. Fr. Dr. Peter Okworeze Omogo,
The executive P.T.A Chairman,
Parents,
Vice principal academics, and administrations,
Staff and students.*

It is my privilege and great pleasure on behalf of the entire staff and students to welcome you here today to the commissioning of the first water well project in Ijinike High School. It is really a thing of joy for me and for all members of Ijinike High School family to have a Rev. Fr. Who has distinguished himself among others in the service to humanity in our midst today, to commission the water well donated by you under the auspices of Late Samuel Omogo Foundation. That you travelled long distance to come home to give us water well which we could not afford on our own is an eloquent testimony to the fact that you are really a father who has the interest of not only your people, but the entire Ngbo Land at heart, and of course Ebonyi State at large, because I know that Samuel Omogo Foundation has given water well within Ngbojeogu Land and without, regardless of race, creed, religion or distance. The instant rarity of this kind of magnanimity attests to the fact you are an uncommon Rev. Fr. and a messiah sent to deliver your people from the clutches of water borne diseases which was hitherto occasioned by consumption of pond waters and other unclean waters.

On our part, we promise to maintain the project, and also provide adequate security for it so that it will not be vandalized.

In unity, the parents, teachers, and the students owe you a million thanks, thank you sir.

I thank everyone here for gracing this august event. We wish you safety on wheel to your respective destinations.

Thanks for listening and may God bless you.

In memory of Walt & Joan Hill by Don & Jackie

AN ADDRESS OF APPRECIATION PRESENTED BY NDIAGU AZULO UMUOGUDU OSHIA NGBO, THIS DAY 16TH JANUARY, 2022 BEING THE COMMISSIONING OF DRILLED BOREHOLE AT NDIAGU AZULO UMUOGUDU OSHIA NGBO BY REV. FR. PETER OMOGO.

Protocol:

With deep affection and immeasurable gratitude to God Almighty, I hereby welcome all of you to this event, borehole commission ceremony today 16th January, 2022. In a special way I want to welcome our priest, Rev. Fr. Peter Omogo and his entourage who made us to gather here today. Fr. May God continue to strength you in Jesus name, Amen.

Incidentally, we have all gathered here not merely for commissioning of borehole but also to appreciate God through our workaholic and humanitarian priest, Rev. Fr. Peter Omogo. Father, it is overtly obvious that you are a God sent priest ordained in the order of Melchizedek to come ad liberate humanity from hardship and long suffering. Father, you are an excavator and iron breaker; you are unique and exceptional among your equals.

As a matter of fact, we all know that water is life because it is one of the basic necessities of life. However, man cannot survive without water. Today, father has given us water so that we can survive and so he is the God we are seeing today, as he is concerned over our existence and survival.

Father, you have made a great impact in our lives and to the existence of our young village, Ndiagu Azulo Umuogudu Oshia Ngbo, as this will help us to continue work in the church better than before. Now, we cannot buy water during work in the village, hence reduction on the expenditure as we continue to build the Rev. Fathers' house.

Infact, we lack words to thank you but only God know how grateful and happy we feel over your kind gesture upon us. Our prayer is that the good Lord, who gave you this mandate and inspiration, will continue to bless you strengthen you more wonderfully in your foundation in Jesus name, Amen.

To God be the Glory.

**WELCOME ADDRESS PRESENTED BY NDESHA INYIMAGU
OKPOSHI EHEKU NGBO OHAUKWU LOCAL GOVERNMENT
AREA, EBONYI STATE ON 15TH JANUARY, 2022.**

On behalf of Isheokpe Ndesha Inyimagu Okposhi Ngbo, we humbly hereby thanking God for a great day like this, we use this opportunity to thank our dear Rev. Father Peter Omogo Okwoeze, for giving us life for we all known that water is life, for making use to be like others because for years we have been in search of water but probably we seek for his help which he rendered to us freely, we pray that God will give him long life for him to continue with his good will and kindness to people who needs help.

Father you are highly welcome, we welcome you with all our hearts.

We welcome you Rev. Father Peter Omogo.

We welcome you Okwoeze Omah

We welcome you omere oha

We welcome you nwoke nji mere ona

We welcome you ekwu eme

We welcome you nwa nwa ndi oge oha

We the Isheokpe Ndesha Inyimagu Ngbo are saying that you are welcome.

We don't have anything to repair you for what you did not us, but let God Almighty bless you.

You are welcome in Jesus name, Amen.

Tukwaehu nwoke oma!!!

Thanks be to God
**AN ADDRESS OF WELCOME PRESENTED BY THE
STAKEHOLDERS AND THE ENTIRE MEMBERS OF
OKWOREKA VILLAGE AT THE COMMISSIONING OF
THE BOREHOLE WATER PROJECT BY REV. FR. DR.
PETER OMOGO AND SAMUEL FOUNDATION,
ABAKALIKI BRANCH EBONYI STATE, ON THIS DAY
TUESDAY 18TH JANUARY, 2022.**

PROTOCOL:

The highly intellectual and reputable priest, Rev. Fr. Dr. Peter Omogo

Other Reverend clergy here present,

The Samuel Omogo foundation members Abakaliki branch,

The distinguished stakeholders of Amoffia and our great Okworeka village here present;

Other well wisher, ladies and gentle men.

It is with gratitude to God and high sense of excitement that we have gathered to celebrate the man of God, in the person of **Rev. Fr. Dr. Peter Omogo**, the man who has been parts and parcel of us the man who has made tremendous impacts in the lives of many people both here and outside.

Today, we the people of Okworeka village unanimously join other beneficiaries of this laudable foundation to prove the ingenuity and exceptional quality of this man of God, the Rev. Fr. Dr. Peter Omogo and Samuel foundation. Father, the people of this village have been hearing of your life touching project and today it is our turn to join others to celebrate that kind gesture initiated by you. We say bravo and more grease to your elbows.

Therefore, we are saying to you welcome, because you have made us glad today. So, there is no gain saying that a thing of joy is happy forever. The entire members of our village are praying for your more successful years in the services of God in His vineyard and the wellbeing of humanity in general. To us, this gathering is wonderful

and, it is more wonderful because it marks the end of alarming rate on shortage of clean and drinkable water in our village and even beyond.

To be real, my lord we are handicapped by the poverty of human language with which to express our sincere appreciation to you for what you have done for us and for your exemplary zeal and tireless efforts to lessen and alleviate the suffering of thousands of people in terms of problem of good drinking water since, as Henri Fredric Amiel once said “**gratitude is shown in acts**” we humbly offer this gift to you as a token symbolic of our inner and unquantifiable appreciation to you, even as we continue to pray the good lord to continue to strengthen you in your period of executing your philanthropic work and clear demonstration of your enduring legacy.

We cannot therefore forget our elderly state man Mr. Ogah Benard for his effort and support for the success of this project.

My priest sir, we are grateful to God for giving us the privilege to host you and the members of the foundation at this period of grace. We therefore, pledge our loyalty to abide by your already established principle among the users of the drilled water anywhere they are sunk, also promise to join hand with you to raise the banner of the lord in our community and your foot-print to a higher height.

Our admiring priest, we are indeed, grateful to you and indeed to all who have left their numerous engagements to grease this occasion. As you return to your respective destinations, may God in his infinity mercy bless you and keep you safe and sound Amen.

Long live Samuel Omogo Foundation

Long live our Religious Messiah (the Rev. Fr. Dr. Peter Omogo)

Long live the beneficiaries of the foundation

Long live Okworeka people

Long live Amoffia Ngbo

St. John the Baptist — Clay banks

AN ADDRESS OF WELCOME PRESENTED BY THE LEADER HOLY FAMILY CHURCH OJIEGBE NGBO, DURING THE COMMISSIONING CEREMONY OF A WATER BORE HOLE DRILLED BY SAMUEL OMOGO FOUNDATION ON THE 18TH JANUARY, 2022.

The Director Samuel Omogo Foundation, Rev. Fr. Dr. Peter Omogo. The parish Priest Holy Ghost Parish Ngbo, Rev. Fr. Chinyelugo Udegbe. Members of Amaogu Community, Members of the press, Christian Community of Holy Family Ojiegbe.

All protocols dully observed!

According to our former Parish Priest of St. Mulumba's Azuiyiokwu Abakaliki. Rt. Rev, Monsignor Jerome Anetoh of the blessed memory says that gratefulness is the songs and music of angels in heaven.

We are overwhelm for the peculiar attention given to us on this project, according to my personal record, the entire arrangement lasted only but eleven days and I considered it as the fastest project I had ever embarked upon, to God be the glory and we are very grateful to God for giving Ngbo-ejeogu a son Priest like Peter, a selfless and a philanthropist like Fr. Omogo who are going about doing good, giving free water to nooks and crannies, caring for elderly and less privileges, giving hope to the hopeless, no wonder, during your chaplainship of Diocesan Block Rosary Crusade, the then president Late Brother Patrick Uwakwe used to call you Omeogo, I now realized that the late young man was in vision then. The mighty one has chosen you as an instrument of blessing to humanity and your reputation will speak about you sir!

APPEAL:

Like Oliver twist, I wish to categorically ask for more inasmuch the word of God says in the gospel of Matthew chapter 7 vs 7 keep on

asking and it will be given to you, keep on seeking and you shall find, keep on knocking and the door shall be open! c/o (New living translation Bible) we therefore solicit financial support for roofing of our church building which its work started about 22 years ago, we pray that the Almighty God will replenish you as you give us more helping hands towards building our church, our hands are open to receive any contributions no matter how small. Our prayer is that God will continue to bless and protect you and the entire members of Samuel Omogo Foundation, you are assured of our daily rosary!

Long live Holy Family Catholic Church!

Long live Samuel Omogo Foundation!!

Long live Rev. Fr, Dr, Peter Omogo!!!

OWA-ENYANWU COMMUNITY OKPOSHI EHEKU NGBO
TO OUR HUMANITARIAN SAMUEL OMOGO FOUNDATION
THROUGH OUR BELIEVED SON AND DADDY IN LORD REV
FR DR. PETER OKWOEZE OMOGO FOR THE
COMMISSIORING OF OUR BOREHOLE ON 18TH
JANUARY 2022.**

It is a great day, we say thanks be unto the Lord Almighty God for having chosen a day like this may his name be lifted up above all other names in Jesus name Amen,

We the people of Owa-Enyanwu Okposhi Eheku Ngbo have suffered greatly since ages and time /memorial from various of water-born disease like guinea worm, cholera, typhoid, due to poor sources of water supply because we get our drinking water through ponds, rain-water and steams, today 18th Jan 2022 the music have changed through the Samuel Omogo foundation by our big daddy and son Rev Fr. Dr. Peter Okwoeze Omogo for giving our village clean borehole water.

With joy which cannot be number^{ed} we congratulate and thanks our Honour Rev. Fr, Dr Peter Okwoeze Omogo for his good work, effort, development, mission and vision that God will reward you.

Once again we say may the Almighty God bless you in Jesus name amen.

Thanks

Rev. Fr. Dr. Peter Okweze Omogo,

Other Ministers of God

The Village Chairman

Ladies and Gentlemen

The co-teachers

Other protocol observed,

With heart full of gratitude, joy and happiness, we the entire Amogu community and the P. T. A of Amogu community primary school Ojiegbe Ngbo, welcome you all to this great occasion. We greatly appreciate your presence here today. You are welcome, **"tokwa ehu Oshi adu"**.

Father, we cannot express our profound gratitude towards your efforts and concern to the people of Ebonyi State, to provide drinkable and non-contaminated water. Not only that your generosity have builded many life and give hope to ~~un~~^{less} hope people in our land. God bless you.

We heard about your wonderful and tremendous help to people of Ebonyi State, today, we are witness and feel it through your presence on this occasion of commission the borehole.

Your deeds are seen at every corner in Ngbo and Ebonyi State. We are hence, today celebrating with the father had come to commission the borehole to wet you drilled for us, Glory be unto the Almighty God. We pray that these should induce extraordinary stimulation in the mind of other great men to do the same since one can be generously blessed only when one gives generously to people.

Rev. Dr. Fr. Peter Okweze Omogo, we have nothing to give in exchange or render to you for your benefit towards us through the Samuel Omogo foundation to deliver and break the yoke of drinking contaminated water not only in this school but the entire Amogu community. We promised to pray for you, and Samuel Omogo foundation for more upliftment and God's grace in your life.

May the Almighty God be with you in all you tourism and grant your journey mercy to and fro in Jesus name Amen.

We also thanked those who assist or helped to make this occasion successful. We pray that God will lead them back to their various home in Jesus name Amen.

A WELCOME ADDRESS PRESENTD BY MR. UBOCHI CHUKWUMA OF INYIMAGU VILLAGE IN OKPOSHI EHEKU NGBO ON THE OCCASION OF BOREHOLE COMMISSIONING AT INYIMAGU NGBO, DRILLED BY REV. FR. DR. PETER OMOGO On 15th JANUARY, 2022.

**Rev. Fr. Dr. Peter Omogo,
The Harrington family,
Samuel Omogo's foundation,
Ladies and Gentlemen.**

With a heart, full of enthusiasm, the entire family of Mr. Chukwuma Ubochi Nkwo lack words to appreciate our sympathetic father, Rev. Fr. Dr. Peter Omogo – a philanthropist and indeed the messiah of our time. God almighty is the only one who will replenish you and abundantly in Jesus Mighty name, Amen.

However, it is pertinent to note that the saying that a friend in need is a friend indeed is quite obvious on our selfless, honourable father- Rev. Fr. Dr. Peter Omogo who knew that this dry season is the season that we need this investment mostly. Moreover, if we flash back, how water was being fetched during dry season in Ngbo and Ebonyi State generally has become a folk tale in different parts of Ebonyi State because of the eradication of water Scarcity and much other awkward experience that accompany dry season especially in Ngbo by our benevolent father, Dr. Peter Omogo. Some of the bad experience embarked on as a result of water scarcity include; being affected by guinea-worm, drinking dirty water which is dangerous to health, having a sleepless night in search of water, thereby making life

stressful and uncomfortable, putting on dirty clothing which can all cause sickness and lead to death.

In another development, we are overwhelmed with joy for this development invested by the true son of the soil __Rev. Fr. Dr. Peter Okwoeze Omogo to ensure that we doesn't lack this principal need in life (water) that makes life moving. Frankly, you are God sent and a true servant of the Most High God. You have indeed brought the indigene of Ngbo near to God through your attitude and actions from the saying that "Cleanliness is next to Godliness". Had it been that it's possible for people globally to emulate you, the world would have been a paradise but awesome, God Almighty rewards accordingly as we labour.

Lastly, we pray that God almighty who is the fountain of life showers you with life in abundance, sound health, upliftment, success in all your Endeavour and may you never lack anything good in life in Jesus Mighty name, Amen.

COMMISSIONING OF DRILLED BOREHOLE AT NDIAGU AMAEFFIA
NGBO BY REV. FR. PETER OMOGO.**

Protocol:

With deep affection and immeasurable gratitude to God Almighty.

I hereby welcome all of you to this event, borehole commissioning ceremony today 18th January, 2022. In a special way I want to welcome our priest Rev. Fr. Peter Omogo and his entourage who made us to gather here today, Fr. May God continue to strength you in Jesus Name, Amen.

Incidentally, we have all gathered here not merely for commissioning of borehole but also to appreciate God through our workaholic and humanitarian priest, Rev. Fr. Peter Omogo, father, it is overtly obvious that you are a God sent priest Ordained in the order of Melchizedek to come and liberate humanity from hardship and long suffering, father, you are an excavator and iron breaker, you are unique and exceptional among your equals.

As a matter of fact, we all know that water is life because it is one of the basic necessities of life. However, man cannot survive without water. Today, father has given us water so that we can survive and so he is the God we are seeing today, as he is concerned over our existence and survival.

Father, you have made a great impact in our lives and to the existence of Ndiagu Obu Amaeffia Village better than before now, we cannot buy water anymore for our living.

Infact, we lack words to thank you but only God know how grateful and happy we feel over your kind gesture upon us. Our prayer is that the good Lord, who gave you this mandate and inspiration will continue to bless and strengthen you more wonderfully in your foundation in Jesus name, Amen.

A WELCOME ADDRESS PRESENTED BY PASTOR ODOH EDWIN ELOM, THE PRINCIPAL LIVINGSTONE MODEH HIGH SCHOOL, NDIAGU ALEKE OKPOSHI ESHI NGBO ON THE COMMISSIONING OF THE BOREHOLE BY SAMUEL OMOGO FOUNDATION ON THE 18TH JANUARY, 2022.

The Chairman/General director of Samuel Omogo foundation (SOF), Rev. Fr. Dr. Peter Okwoeze Omogo, PHD, fellow labourers in the Lord's vineyard; The entire staff, parents, students of Livingstone Model High School, ladies and gentlemen.

By the mercy of God, I wish to appreciate and welcome all of you to this great and memorable occasion of the visit of the great servant of the Most High God, Rev. Fr. Dr. Peter Okwoeze Omogo, PHD to commissioning the drilled borehole made possible by his foundation "Samuel Omogo foundation".

Before now, the water we drink and use for domestic purposes in this village is very unsafe. Cholera, Typhoid fever, Guinea worm infections etc are affecting the staff, pupils, students, adults and the youth ones. Our students and staff excrete in the streams wash in them and also drink the same water alongside with nomadic animals. The intervention of your foundation, our students, pupils and staff would have started dying like mosquito.

The entire students, pupils and staff of this institution are always in the state of agony for lack of good drinking water within the environs.

The deplorable state of ponds and streams causes great havoc to the health conditions of the entire students, pupils and others within the vicinity.

Our students, pupils and staff due travel kilometers and miles just to end up fetching contaminated ponds and streams that are exposed to animals, and mad people etc.

My reverend sir, you are an outstanding achiever, the Moses of our time whom God sent to go and deliver the children of Israel from the affliction of Egyptians on them, that is exactly what you are to us in particular. You are a distinguished humanitarian of this generation. Your numerous achievements through Samuel Omogo foundation have unveiled your hospitable virtue that knows no bound and has given you national and international recognition. Your foundation "SOF" has continued to impact positively on the self worth of

John and Amy Kison Family Trust

Ngbo/Ezzangbo, Ohaukwu, Ebonyi and Nigerian in general. The entire staff and students of this institution is very proud to partner with you prayerfully in your assistance to churches, communities, schools, destitute, indigents, all and sundry.

My Reverend Sir, I refer you to God's promise to you in Proverbs 11:25 "The liberal soul shall be made fat; and he that watered shall be watered also himself". Mathew 25:34-35 "Then shall the king say unto them on his right hand, come, ye blessed of my father inherit the kingdom prepared for you from the foundation of the world. For I was hungered, and you gave me meat: I was thirsty, and ye gave me drink: I was a stranger, and ye took me in.

My Reverend Sir, we as an institution cannot thank you enough, but the Almighty God shall make you bountiful in all your spiritual and physical endeavours and equally give you entrance to his kingdom on the last day.

My Rev. sir, this institution have been encountering some physical and financial setbacks more especially on the area of good science equipments and lap top computers hence, we appeal your foundation "SOF" to assist us to procure some science equipments to enable us to improve more in our academics.

My Reverend sir, I on behalf of the entire staff, pupils and students of this institution seriously pray that the Almighty God will reward your kind gesture on the institution and poor avallenge of his blessings on you individually and the Samuel Omogo foundation collectively.

May the Lord grant you all mercy journey back to your respective abode.

Thanks and God-bless you all in Jesus name Amen.

**AN ADDRESS OF WELCOME PRESENTED BY THE PEOPLE OF ISHIURO
INYIMAGU NGBO ON THE COMMISSIONING OF THEIR DRILLED
BOREHOLE BY REV. FR. DR. PETER OMOGO.**

TODAY THE 15TH DAY OF JANUARY, 2022.

Rev. Fr. Dr. Peter Omogo
The entire people of Inyimagu Ngbo
People of Ishiuro Inyimagu Ngbo
Ladies and Gentle men.

*St. John the Baptist Church, Clay Bank
Michigan USA*

We say welcome to you all in Jesus name Amen.

It is a privilege given to me as I stand before you to present this address of welcome on behalf of the people of Ishiuro Inyimagu Ngbo.

We the people of Ishiuro Inyimagu are very much delighted to present this address of welcome to you on this memorable occasion of ours today being 15th day of January 2022. To God Be the glory because our dream has come through in our quest to have portable water for our domestic use.

Our Dear Rev. Father as a free born of Ngbojiogu you noticed the way our people suffered in order to fetch water from Barabara at Ndiulo Ngbo and some from pond (Okpuru) in the past from your childhood. This unhygienic water has led to water borne disease on our people, these reasons and many others not mentioned here may have necessitated your resolve in bringing succor to our people through Samuel Omogo Foundation.

we say a million thanks to you the founder of Samuel Omogo foundation, more grease to your elbow and also to those in one way or the other gives the foundation both moral and financial support we say may God Almighty reward each and every one of you a million fold in Jesus name Amen.

Just as the saying goes that water is life so we continue to appreciate God because you have given us life even in abundant. Our prayer is that the good lord who has called you to care for his flocks shall reward you with eternal life in Heaven Amen.

Long live **Rev. Fr. Peter Omogo**

Harrington family — St. Joseph, Tower of Poverty, Pray for us!

**WELCOME ADDRESS PRESENTED BY NDIAGUMKPUMA VILLAGE
IN HONOUR OF REV. FR. DR. PETER OKWOEZE OMOGO**

The Managing Director Samuel Omogo's Foundation Rev. Fr. Dr. Peter Okwoeze Omogo a priest in order of Mechizedek with deep sense of honour and metaphysical excitement, we the entire Ndiagumkpuma Ameffia Ameku autonomous community Ngbo, Ohaukwu L. G. A. Ebonyi State Nigeria wish to welcome you and your entourage to our noble community for the commission of the borehole today the 17th day of January, 2022.

In the name of God Almighty, we wish to thank every individual groups, and philanthropic organizations who are in one way or the other contributed to this live long unusual development that occurred in our land. This is first of its kind since the day of creation.

Ndiagu Mkpuma people have been contributing to the government of Nigeria by paying both direct and indirect tax, but all the infrastructural amenities totally denied of us, thank God the Messiah has come (Rev. Fr. Omogo).

This is a village that has more than 4,000 population of people but no good water is situated from day one of creation. This has caused the villagers total setback in growth and development as we deteriorate in geometric progression in the aspect of production. The villagers had suffered several water borne diseases like Guinea worm, cholera, Kwashiokor, total set back in both formal and informal education and activities of all kinds.

We have neither silver nor gold but we pray that the good lord who you serve will relentlessly replenish all your kind gesture and all other organizations supporting Samuel Omogo's foundation. We wish to assure you that all the guideline and directives given to ensure maintenance of this drill water will be observed.

Long live Rev. Fr. Dr. Peter Omogo long live Samuel Omogo's Foundation, we pray that any hand that contributed in funding this philanthropic organization will never lack in all their life endeavours in Jesus name, Amen.

Signed

AN ADDRESS OF WELCOME PRESENTED BY OBVU AGADA
VILLAGE IN UMUOBOKE UMUOGUDU OSHIA NGBO ON THE
OFFICIAL COMMISSIONING CEREMONY OF THE BORE HOLE
PROJECT INSTALLED FOR US BY HIS EMINENCE REV. FATHER
PETER OKWOEZE OMOGO "OUR CHRIST AMBASSADOR IN
U.S.A" TODAY BEING SATURDAY THE 15TH OF JANUARY, 2022.

His Lordship Rev. Father Peter Okwoeze Omogo

Your U.S.A Friends In Absentia

The Rotary Foundation Representatives,

The Chairman Okorogbata Welfare Association

Distinguish Good People Of Obvu Agada Village

Other Protocol Duly Observed

With profound gratitude and deep sense of honour, we the entire people of Obvu Agada village warmly and joyfully, wish to welcome you all to our noble village on this epoch making event in Jesus name Amen.

Historically, the name of this village was coined from her ancient stream famously known as Obvu Agada in Okorogbata Umuogudu Oshia Ngbo.

Okorogbata village is made up of ten sub villages viz Okorogbata, Ishi Ituma, Obvu Gbirigba, Obvu Akpa, Ndiagu Okpororo, Ndiagu Odo Oge, Onu Kpako, Nkpo Uvuru, Obvu Agada and Agba Ngba. Obvu Agada as one of these sub villages in Okorogbata village is located in the mid centre of Umuoboike community bounded by other neighboring village living as one family.

Sequel to that, Obvu Agada just like her neighboring villages are watered mainly by seasonal streams which barely sustain drought. This became a huge challenge resulting to traveling of miles by our wives and children in search of water in dry season.

A flash back revealed the suffering of our wives and children who traveled miles by trekking to different far places such as Obvu Nkpuma, Ebenyi river, Obvu Oruovu to mention but a few in search of water in order to sustain life. Most a time in the cause of striving to make ends meet, denied themselves of sleep at night and equally fall a victim of snake bite and other wild attack. As we are now heaving a sigh of relieve through a man whose focus lied on adding value to human lives

and drastically curtailed the menace of water searching and equally added series of stories for our unborn children.

Father, your generosity and gesture do not only portrays practical Christianity but also a big challenge to all Christians who have failed to practice the kingdom lifestyle likewise to every Nigerians alike who are in position to help but could not due to unpatriotic attitude of our time which instead of helping to alleviate the suffering of their fellow Nigerians even tries to worsen the situation. But father your type is rare you rather attracted foreign intervention to our basic need. **We say kudos to you our real man of God.**

Today being Saturday 15th January 2022 shall be a memorable day and will ever remain indelible in the history of this noble village as it marks the end of agony of water scarcity in this village. Moreover we the good people of this village has nothing much to offer but only to **say bravo to you sir a man of his people.**

Once more, As we have earlier narrated that Okorogbata is vast teeming and densely populated, **just like Oliver Twist " we still need some more anytime it is available.**

Finally, As we continue to express our happiness and joy over this welcome development in our village and Okorogbata at large, we wish our benefactors and visitors a happy stay, God's grace, protection and journey mercies to their various destinations in Jesus name, Amen.

Long Live, Rev. Father Peter Okwoeze Omogo

In memory of Mark Balfe Jr by Monica Forster
IN ADDRESS OF WELCOME PRESENTED TO SAMUEL OMOGO
FOUNDATION IN HONOUR OF REV. FATEHR PETER OMOGO ON 15TH
JANUARY 2022 AT NDIAGU-OGE NDIAGU-NGBO VILLAGE IN OKPOSHI
EHEKU COMMUNITY EBONYI STATE.

It is worthy to give honour to whom honour is due.

Before you came to our rescue, this village has suffered tremendously to get water. Geographically, we are surrounded by three streams which last only from May to October while the remaining six months are six months of hard labour before we can see water for drinking and for other domestic uses.

Father, imagine that at this global age of development, we were drinking stream water pre-your intervention.

Lack of water in our village has caused a lot of havoc/unpleasant experiences. For instance, many of us have suffered from different diseases like typhoid, cholera, Guinea worm and other bad water related diseases. Suffice to say that our children go to school late, some don't wash their school uniform while some don't go to school regularly because of lack of water.

We track to Ezzillo buffer zone and Ndiagu-Obu village an eighteen kilometres and sixteen kilometres journey before we get stream water for drinking and domestic uses. This successful journey began on 2018 when we got the information about your reliable and trust worthy foundation. We came and followed the due process but has been unlucky for three years 2018, 2019 and 2020. As we continued with dogged determination, on November, 2022, I got a call informing me that our village has benefited in your donor.

In short, we lack words and manner to express our positive feeling towards your generosity and magnanimity to us.

Since it is the will of God through your help that we cannot travel to other villages mentioned above to get water, our prayer is that God who gave you that wisdom to embark on this selfless, caring people orientated venture will continue to shower his blessings in infinity to you.

May we also appreciate the kind gesture of the donors and pray that as givers, they will never lack.

As we thank and appreciate your magnanimity, just like Oliver twist, we need another bore hole at Ndishuagu Ndiagu-Ngbo.

Finally, our prayer is that God will continue to give you additional blessing and extend your generosity to the provision of other social amenities like electricity, Good road etc.

May Angel Gabriel, and Michael lead/you back home Amen.

A WELCOME ADDRESS PRESENTED BY THE MEMBERS OF NDIAGU ONWE AKIRI UMUSOKE AMOFFIA NGBO, NGBO EAST DEVELOPMENT CENTRE OHAUKWU LOCAL GOVERNMENT AREA EBONYI STATE, IN HONOUR OF COMMISSIONING DRILLED BOREHOLE DONATED TO THE VILLAGE BY SAMUEL OMOGO FOUNDATION (SOF) THROUGH REV. FR. PETER OKWOEZE OMOGO HOLD THIS DAY 14TH JANUARY, 2022

PROTOCOL.

It is right to say that when the righteous is on the throne, the masses will always rejoice.

Today remains evergreen in the minds of the good people of Ndiagu Onwe Akiri village Umusoke Amoffia Ngbo in Ngbo East Development centre Ohaukwu local government area Ebonyi state. Whose our lord Jesus Christ sent his disciple to our aid by giving us our heart desire by donating of bore-hole water drilling to us and other neighbouring people. Therefore, we are proud to say, welcome, Tokwehu, nnoo, our God's oriented Rev. Fr. in Jesus name Amen.

Therefore, we the entire members of the *village appreciate the good work of Samuel* Omogo foundation (SOF) through our industrious son, Most Rev Fr. Dr. Peter Okwoeze Omogo from Umuogudu Oshia Ngbo, Ngbo West Development centre in Ohaukwu local government area, for their genuine support in donating water bore-hole to the people who demands it because it is quite understandable that water is life, no water, no life.

Indeed, many are called and ordained as Rev. Fathers, ministers in various speculations but not all comers to the aids of the society by providing their heart desires. But you are called specially and ordained as a second

messiah after Christ who was the first messiah of the whole world. You have uplifted the less privileged ones through financial assistance, you have equally donated many brand motorcycle machines to some ministers of God, widows and others. You have also donated many sewing machines for the poor masses who were unable to stand their mini-business shops, you practically donated over 370 bore-hole drilled water in all parts of Ebonyi state, Enugu and Igbo land at large.

Today, we are one among the beneficiaries that is why you are here for the official commissioning. To God be the glory.

Our great anointed Rev. Fr. We have solemnly regards on you and we described you as the best Rev. father within the south East geo-political zones because you know the need and desire of your people and get it solved, so father you take our problems as yours and get them solved.

Father anyi, as you have touched so many lives of people positively in all ramifications of human endeavour, to the satisfaction of mankind and either ^{Service to his people} without any charge in cash or materially, your reward shall come from the above - Jesus Christ in uncountable measures Amen.

OUR DIVINE PRAYERS TO YOU (FATHER ANYI)

- a) That the Almighty God shall renew your life everyday
- b) That the almighty God shall protect you and you shall be in good health always
- c) That the Almighty God shall guide you where ever you go and all the enemies shall not see you both physically and spiritually
- d)

- d) That safety journey shall be your portion, trademark and watch-ward always
- e) That promotion, prosperity and favour shall be your reward all the time.
- f) That you shall be the head not the tail as the Holy scripture recorded it
- g) That you shall be ours and we shall be yours as one family in the lord

We made these prayers in Jesus name Amen.

We the entire people of Ndiagu Onwe Akiri thanks you our lovely Rev. Fr. Dr. peter Omogo and your team for your visit to us. We are proud of you because you are the son of Ngboejeogu clan.

Finally, We welcome you **unna anyi** together with your team in Jesus name Amen.

Signed:

Chief Stephen Onwe

The Harrington Family - St. Joseph Pray for us!

AN ADDRESS PRESENTED BY COMR. UGWU KENDRICK CHIBUEZE THE YOUTH LEADER ON BEHALF OF THE UTOROBI VILLAGE IN NDIAGU UBOCHI OKPOSHI ESHI NGBO ON OCCASION OF BOREHOLE DRILL COMMISSIONING/ CONSECRATION, ON 12TH JANUARY, 2022 AT UTOROBI JUNCTION.

The Emeritus Rev. Minister, Samuel Omogo Foundation group, the honourable personalities, the elders, the village heads, the women wing, youths, officers and committee Samuel Omogo Foundation Utorobi village chapter, distinguished ladies and gentlemen; I say welcome to you all in Jesus name, Amen.

The Address is presented in the honour of our Dear Revered Fr. Dr. Peter Omogo whom we deemed it fit to celebrate the consecration of the borehole awarded to this noble village Utorobi.

HIGHLIGHT OF THE BOREHOLE: It is quite clear to all of us that the borehole project started on January, 2021 and was completed on 8th and 15th December, 2021 through the effort of some of our brethren in the persons of Mr. John Ajim; the village (Utorobi) chairman, brother Nwibo Sunday the secretary, Mr. Ome Samuel the borehole committee vice chairman and host of other dignitaries.

Meanwhile, the awarding of the borehole in this village is a sign of relief not only on the people of Utorobi in Ndiagu Ubochi but of Okposhi Eshi as a community. Before now, we had ponds (Okpou) such as Mkpuma Azuloibe Ugwoke, Mkpumaocha, Oyirigbo and Utorobi which did not last long in their respective banks. However, as a result of unhygienic nature of those mentioned ponds, our people had suffered water borne diseases such as cholera, Guinea worm, typhoid and other risks.

ACHIEVEMENT: Indeed, the embargo of no good water in our area had been lifted because servant of God, the epoch maker and the visionary leader has come.

On 5th January, 2022; we did not believe the text message that was received by Mr. John Ajim the chairman of the village that commissioning of the borehole would take place "TODAY" being 12th January, 2022 by the Rev. Fr. Dr. Peter Omogo by 12noon.

Today therefore, we are fulfilling psalm 50:14 and I quote, offer to God a sacrifice of thanksgiving, and pay your vows to the Most High. Also, in the book of Philippians 4:4 "Rejoice in the Lord always; again I will say Rejoice: so, with the above Biblical injunctions, we are rejoicing and appreciating God for our big brother and father in the Lord causing smile on our faces, for we shall drink when we are thirsty, take bath with good water and above all cook food with clean and hygienic water.

APPRECIATION: Our Dear Rev. and brother! Our happiness today is not just because you drilled borehole for us and being in our midst for now, our source of rejoice is in reference to the Biblical portion of Genesis 28:14 which says, And your descendents shall be like the dust of the earth, and you shall spread abroad to the west and to the east and to the north and to the south; and by you and your descendants all the families of the earth bless themselves.

We also use this medium to charge you to continue using your spiritual prowess to do more good because to whom much is given much is expected.

Because you are the source of hope to the people, God shall continue to work in your own vineyard (reward you). Before I rest the speech, we will not forget to specially thank you for much you have done and the much you will still do because we still need more from you.

A dream of today is a reality tomorrow, meanwhile, we pray may the Almighty Father bless and journey mercy to your destination in Jesus name, Amen.

Welcome (tokwehu) succor giver;

Welcome Rev. Fr. Peter Omogo

Welcome Samuel Omogo Foundation (SOF)

Welcome Omeru tee onu ochi waa ndu echefuru echefu ken du Utorobi

12th January, 2022

Samuel Omogo' Foundation,

In Honor of

Rev. Fr. Dr. Peter Omogo

Father,

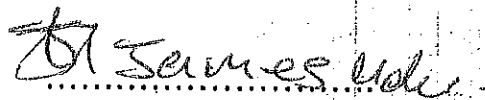

**FAREWELL ADDRESS PRESENTED BY THE ENTIRE MEMBER OF
AZUOKPURU UMUSOKE AMOFFIA NGBO.**

We the entire members of azuokpuru village happily congratulate you for the borehole you have given to us.

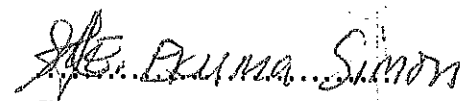

Father, only God who knows in and out will know how happy we are for the borehole you have given to us. Father, if we did not reward you, our Almighty God (who knows in and out) will never forget to reward you.

Father our happiness for the borehole you gave us is that the sufferings we do suffer to get water during the dry season has been reduced. We all say thank you for that and we shall never forget you throughout our lifetime in this world. So we advise you to keep it on.

Father, once more, we say more thanks to you and we wish you long life, good health and prosperity. May God bless you – Amen.

Ngbo.

Protocols:

Rev. Dr. Peter Omogo we say welcome to you (kim sir).

We most grateful to God, the source of our strength and inspiration to always organize the project of water borehole for everyone in Ngbo and Ebonyi State in general to prevail. We are very happy to welcome you and your entourage to our village to commission the borehole you drilled in our village to ease and release the hardship and suffering as a result of scarcity of good drinking water in our area.

We thank you as you keep to the 4th scout law that a scout is a friend to all and brother to every other scout / people no matter what country, class or creed the order may be long. We say more grease to your elbows as Oliver Twist, we request for more from you.

We also appreciate and thank the foundation for drilling more than two hundred (200) boreholes in Ngbo clan yearly.

May the Almighty God continue to pilot the affairs of the foundation through you and the donors, and also grant you journey mercies as you go round to perform this task through Christ our Lord Amen.

Bravo! Bravo!! Bravo!!!

**AN ADDRESS OF WELCOME PRESENTED TO REV. FR. PETER
OMOGO AND ROTARY FOUNDATION, ABAKALIKI BRANCH
EBONYI STATE AT THE OCCASION OF COMMISSIONING OF
WATER BORE HOLE AT NDIAGU ELOM AMOFFIA VILLAGE,
AMOFFIA NGBO, TODAY BEING 12TH JANUARY, 2022.**

The Benevolent ^{Priest} Reverend Fr. Peter Omogo,
The Rotary foundation members, Abakaliki Branch,
All the caliber fellowship members present,
The entire Ndiagu Elom Village Citizens present,
Distinguished Ladies and Gentlemen.

Gratitude is a great virtue and we ^{will} not hesitate to give it out to
whom it is due. Therefore, with a great sense of ^{humility} humanity and respect,
we the entire members of Ndiagu Elom Village collectively thank and
welcome the great man of God, Ambassador of Christ on Earth and a
good ^{shepherd} shepherd of Christ's sheep; Rev. Fr. Peter Omogo and his fellow
good men to our peaceful village. We say "Thank you for coming,
Tokwehu/Dejenuo".

Today is indeed a remarkable and memorable day in the history of
Ndiagu Elom village because it is the day in which our water bore hole
will be commissioned for us. We are sincerely grateful and pray God to
bless you exceedingly in Jesus Name.

You are truly a God-sent for you have liberated us from water
scarcity. We can now boast of a good drinking water which hither to,
We could not.

Your kind act of giving us water bore hole is a fulfillment of the scripture in Mathew 25:35 which say "You gave me water when I was thirsty." In fact, you are indeed both a physical and a spiritual father.

Also, the bible in the book of James 2:18b clearly stated thus "Show me your faith apart from your work and I will show you my faith by my works". We wish to use this medium and opportunity to commend you so dearly for your evangelical work of supplying water boreholes to several communities in Ebonyi State, which has decreased immensely, the search for water and thence, reduced human suffering generally. We say a big "Kudos" to you, ^{you have succeeded in combining} for both regional development and evangelism which is a practical measure of converting unbelievers to Christianity.

Without further ado, we beg to ask that you receive us the way you have seen us. God Almighty is the great rewarder and he will surely reward you abundantly. May God in His infinity goodness freshen up His blessing upon you and may your heart desires be granted in Jesus Name.

We wish you all safe journey as you travel back to your different destinations through Christ our Lord. Amen.

ESHI VILLAGE TO THE HON REV. FATHER, DR. PETER
OMOGO BY EDE INNOCENT ALI ON THE OCCASION OF
OPENING THE FIRST BORE HOLE SITED AT NDIAGU ESHI
MARKET SQUARE HOLDING ON 12TH JANUARY, 2022.**

PROTOCOL:

PREAMBLE:

Dear good and great people of Ndiegu Eshi; it give me a great pleasure to stand before you this blessed day to present this address to our honourable Rev. Fr., Dr. Peter Omogo on behalf of Ndiegu Eshi, all the constitutional organs of Ndiegu Eshi and the entire people of Ndiegu Eshi; I salute all of you, I appreciate the most high God in the highest and revered way for his love, grace and mercies which made this gathering possible. God has indeed been gracious and merciful to our village; hence we have to show him gratitude by coming together in this grand manner to give him the credit return all glory to him and re-dedicate our village to him in a solemn style. I appreciate all of you good and great people of Ndiegu Eshi for assembling today en-masse to celebrate the goodness of the Lord towards us. I appreciate all the organs of the village and other nearby village for deeming it imperative to be here. May God richly bless all of us in Jesus gracious name.

Our people says that a person who forget his/her past in advertently rejects his/her future. When I heard about Samuel Omogo's foundation group, I released that Samuel Omogo was my classmate; I leave together with him in one room at No. 4A Mgbowo street kpirikri Abakaliki. The reason why I went to this project is to know whether God Almighty will made it possible for me to get this Bore-hole to the Village because in 2010 the Amoffia Community has gave 10 (Ten) Bore-holes to the villages at Amoffia but none have been giving to Ndiegu Eshi Village.

What we need to do to move Ndiegu Eshi forward: Is change: Change is the only thing that is permanent in this life. Accepting and adapting to change are the only guarantee for the advancement of any society. Ndiegu Eshi needs people who can champion the campaign for this change. Ndiegu Eshi need you and I to decide and accept to change.

We can change our environment if we can succeed in changing our ways of life. The environment has no power of its own to bring about any positive changes without human involvement in the change. The change we are talking must start from the way we are think. This is because the way we think determines our destiny in life. It said that the way a man thinks determines the way he acts. The way he acts determines his habit. His habits determines his character. And his character determines his destiny. We can change the destiny of Ndiegu Eshi by changing the way we think and act today.

We must think right and act right because righteousness exalts a nation but sin is a reproach to any nation (prov. 14:34) the bible says that he that leaded into captivity shall go into captivity and he who kills with the sword must be killed with the sword (Revel. 13:10) in Gal. 6:7) the bible make it clear that whatsoever a man soweth; he must showily reap it. We need to be very very careful for the sake of our future.

CONCLUSION:

Moving Ndiegu Eshi forward is a task that all of us must jointly pursuer. I wish Ndiegu Eshi a most joyous celebration. May the days and years ahead give birth to a more positively re-generate Ndiegu Eshi that we shall all be proud of.

May God accept our worship, praises and prayers today. And may the oura of today's blessing usher us in blissful New Year. Remain blessed as we celebrate joyful and peaceful and may the peace and bountiful blessings of the Lord follow us as we depart to our various homes.

May the Lord of our God accept the soul of my great friend Samuel Omogo in the bosom of Lord in Jesus name, Amen.

Long live Ndiegu Eshi Village.

A WELCOME ADDRESS PRESENTED BY THE PRINCIPAL, REV. SR. AMAKA MV. ASIKE (HHCJ) ON THE COMMISSIONING OF A DRILLED BOREHOLE BY REV. FR. DR. PETER OMOGO'S FOUNDATION IN MEMORY OF LATE SAMUEL OMOGO.

Rev.Fr. Dr. Peter Omogo is a collosins and a Rev.Fr of repute in the catholic mission and instituted a foundation to honour his brother **Late Samuel Omogo**. According to a prominent philosopher and literary giant, Cicero, "NON NOBIS SOLUM NATI SUMUS" meaning not for ourselves alone are we born. This foundation is a philanthropic one that touches the lives of others. Hence, the drilling of a borehole in Government Technical College Abakaliki to serve the population here.

According to the gospel of St. John 4:14-15; "But whoever drinks of the water I shall give him, will never thirst; the water that I shall give him will become in him a spring of water welling up to eternal life". Hence, water is life which you have given us.

Sir, give me this water that I may not thirst nor come here to draw. Life is a gift. Life is a privilege. Life is a seed, leave something behind. Life is a game, play to win and life is a vapour, life is meaningful when it touches other lives and that is exactly what the foundation has done. A foremost literary giant, **Myles Mouroc**, was right when he said that "the richest place on earth is the cemetery or grave, where untapped potentials have been buried all through the ages past". **Rev. Fr. Dr. Peter Omogo** cherished humanity by attracting a foreign funded foundation in memory of **Late Samuel Omogo**. The benevolence of which Government Technical College is enjoying today. Many sought for this and failed. But to the

rigours involved, the school got it on a platter of gold through the efforts of the Administration. Principal **Rev. Sr. Amaka Asike (HHCJ)**.

This shows the in-built acumen in the administration of the school. Because, the Arabic adage states that "you can only take out of a pot what you put in it". **Rev. Fr. Dr. Peter Omogo** demonstrated practical Christianity by this singular gesture and has catapulted the late brother Samuel closer to God Almighty. We, here in Government Technical College Abakaliki community join with the saints in prayers for the happy repose of his soul and that the brother, **Rev. Fr. Dr. Peter Omogo's** Priesthood will manifest more in the services of mankind which is the hallmark of Christianity.

Here, we are Oliver Twist pleading that any other project that will change the welfare and the betterment of the school will be highly welcomed especially the sisters convent. We also pray for the long lives of the foundation and the members so that humanity will reap more from their generosity.

THANKS AND GOD BLESS YOU. AMEN

SAFE JOURNEY.

**AN ADDRESS OF WELCOME PRESENTED ON THE OCCASION OF
THE COMMISSIONING OF A BOREHOLE DRILLED AT ELIEGU-
OMEGE UMUEZEOKOHA EZZA NORTH LGA, EBONYI STATE BY
SAMUEL OMOGO FOUNDATION IN HONOUR OF REV. FR. DR.
PETER OKWOEZE OMOGO HELD AT NHASHIEJA, ELIEGU-OMEGE
ON THE 11TH JANUARY, 2022**

The Chief Executive Officer, Samuel Omogo Foundation

Members of Samuel Omogo Foundation team here present

The Parish Priest, St. Jude Parish Umuezeokoha

The Chairman, Eliegu-Omege Youth

The Good People of Eliegu-Omege Village

Friends and Well-wishers

Ladies and gentlemen

Today marks an important milestone in the history of growth and development of Eliegu-Omege village, in that the day marks the first installation and commissioning of any social amenities in the village. We have not had any social amenities from individuals or government in this village. This is the first of its kind, and we are happy.

With utmost joy, we express our heartfelt gratitude to almighty God for the gift of Samuel Omogo Foundation, ably piloted by the Rev. Fr. Dr. Peter Omogo, the succour giver, philanthropist and good shepherd! You are most warmly welcome, our messiah. Tokwehu! Oshi aduoo!

Father; our knowledge of Samuel Omogo foundation came about four years ago from testimonies of individuals, villages and communities that have benefited unmeritoriously from this welfare-driven humanitarian foundation. On the 15th January 2021, precisely, we fellowshipped to God

alongside our Isiufu Akumba brothers and sisters in Okwuanyionu whom Samuel Omogo Foundation drilled new borehole for at Onuzo Nwefuru Ekuma. In the euphoria of the commissioning ceremony, our hope of getting a good source of water supply was rekindled, and we started making inquiries regarding the procedures for application. As providence would have it, our application was submitted, processed and granted without any form of bribery or persuasion. The aftermath of these gestures culminated in this borehole, the water of life, being commissioned today. Kudos to Samuel Omogo Foundation!

Father, before the rescue mission of Samuel Omogo Foundation, the only source of drinking water was the village pond. As the pond dries up every February, it creates a serious water scarcity in which people travel a long distance of about 30km to get water. Worse still, we had had serious cholera outbreak and cases of guinea worm epidemic almost every year as both humans and animals drink water from this source. The animal dungs contaminate the water body and predispose the people to other water borne diseases. Father, there is a tendency that our people would have gone into extinction if not your timely intervention. You are a God-sent; we can't thank you enough. Gbosa!

Ladies and gentlemen, may I use this medium to reiterate the essence of Samuel Omogo Foundation. Wholeheartedly, our observation and assessment reveal that Samuel Omogo Foundation is a second to none in transparency, accountability and true stewardship. The foundation is not a profit-driven organization and does not enlist among other racketeering foundations which are out to exploit the masses. Samuel Omogo Foundation, therefore, is an apostle of "Kamenu" in which the principle of truth, equity, justice and fairness reign supreme. May the foundation keep up the good virtues.

Father, we also wish to appeal to you to commission alongside the borehole a bridge, Nwaofugbudugbudu bridge, built by the people of Eliegu-Omege under the umbrella of Eliegu-Omege Youth Assembly. We

decided to take up the project to express our solidarity to the "Omeogo 1 of Eliegu-Omege", Rev. Fr. Dr. Peter Okwoeze Omogo. Bravo!

Ladies and gentlemen, our remarks are incomplete without the likes of Mr. Samuel Usulor Obali (Jp), who devoted his time and wealth of experience to assist the people of Eliegu-Omege to the Mount Zion, Rev. Fr. Dr. Peter Okwoeze Omogo's compound, at Umuoguduoshia Ngbo. In the recent past, Mr. Obali has led many other communities who experience lack of good water source to Ngbo, the biblical Bethsaida. Like Joshua of the old, he led the people of Eliegu-Omege to the promise land where fountain of life flows. It is unfortunate that he is not in our midst today. May God intervene in his present health conditions that have defied series of medical attentions. Brothers and sisters, he is not only bedridden but also bereaved. He lost his mother two weeks ago. May her soul rest in peace! We therefore solicit support from patriotic individuals to attend to him in these trying moments.

Also, we register our appreciation to the workaholic chairman of Eliegu-Omege Youth, Mazi Kenneth Nweru Nnefioha, and his members of the executive for living up to their mandates. The good people of Eliegu-Omege are warmly applauded for their good followership.

To the founder of the humanitarian foundation, Samuel Omogo Foundation, Rev. Fr. Dr. Peter Omogo, we pray the good Lord to grant you favour, promotion and divine security as well as perfect the visions and missions of this noble foundation, all to his glory. Amen!

Thanks for your kind attention.

Michael Obinna Nwankwo

Secretary, Eliegu-Omege Youth Assembly

Our Ref:..... Your Ref:..... Date:.....

AN ADDRESS OF WELCOME PRESENTED BY THE FAMILY OF SIR & LADY LAW-DANDY ESELU (ICHIE ORJI) ON THE OCCASION OF THE OFFICIAL COMMISSION OF WATER WELL (BORE-HOLE) BY THE SAMUEL OMOGO FOUNDATION (SOF) CHAIRED BY VERY REV. FR. DR. PETER OMOGO ON THIS DAY, 11TH JANUARY 2022.

All protocols duly observed.

Good day distinguished ladies and gentlemen, clergy men and religious and my ~~lords~~ spiritual and temporal.

Today is a great day blessed and given to us by God Almighty as we gather here at no. 19 Water Works Road Abakaliki, Ebonyi State, Nigeria. We are here to perform an obligatory function of thanksgiving and appreciation; we say a deed thank you to the human-oriented group of Samuel Omogo Foundation (S.O.F). We are here to join our efforts and salute our starlit and the man behind the mask of huge kindness and benevolence. A man whose stode in trade to make all smile, happy, and stay alive and healthy by providing clean and drinkable water. We are talking about a priest of the Most High God, who has taken it upon himself, with his humanitarian groups, to lessen in no small measure the task and burden of the State and Federal Government of this Country by putting a big smile on the faces of millions of people. This man is a great man with a large heart and we call him "O mere Ochi waa oha nile n'ihu" (he puts smiles on the faces of people) and we call him "O kpokoba O zuo" (he who gathers many people to fgather them). The man we are talk_{ing} about is very Rev. Fr. Dr. Peter Omogo. Please put your hands together for this man of the moment).

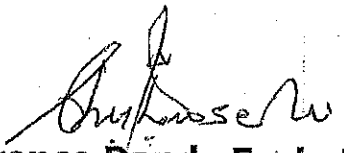

Hamington family
St. Joseph, Guardian of the Virgin, Pray for us!

They are no gain saying the fact that water is life. Therefore, he who provides water provides life to the people. Dearest Father Peter, you have provided life to us and others dwelling here. This you have done free of charge, we are very happy. The tenants and neighbours of no 19 Water Works Road are deeply happy. Indeed the entire dwellers of Ojeowere Street and water Works Road are very happy today and we all cannot thank you enough. Your kind gesture is beyond words.

Nevertheless, we have no Gold, nor frankincense nor myrrh to offer you and the members of your foundation and their funders like the three wise men, but we have daily prayers and deep encomiums and joy from the heart. We pray that you and your foundation shall attain more successful and amiable heights and may God in his infinite mercy hear your supplications and grant you your choicest hearts desires. Amen. If you believe in ^{this} prayer say a bigger Amen!!!

Thanks for listening

Signed

**A WELCOME ADDRESS PRESENTED BY NDIAGU ONWE IN
NDIAGU AKPARATA, UMUOGUDU OSHIA OHAIKWU L.G.A
EBONYI STATE ON THE COMMISSIONING OF A DRILLED
BORE HOLE BY SAMUEL OMOGO'S FOUNDATION ON 10TH OF
JANUARY, 2022.**

The guest of honor, Rev. Fr. Peter Okwoeze omogo,
members of Samuel omogo's foundation
the chairman of the village,
members of the village,
distinguished ladies and gentle men

On behalf of the entire members of Ndiagu onwe village I wish to welcome you all to this great occasion. We thank God almighty for his mercies and blessing in making it to be possible for us to gather here today to witness this great event. For an umpteenth time, water scarcity has been a major problem in our community ^{since} as the only source of water supply has been a poor stagnant water locally called "okpuru" the people of this community covers four miles to get water supply. In addition a lot of people contracted infections due to bad water, some get injured in their attempt to fetch water while many others had unnecessary conflict with their neighbors. Despite of these, the community sorted help in different places but no avail. A lot of promises came during election campaign but winded up.

However, the testimonies all over in the air about the good works of Samuel omogo's foundation which was true and visible. We saw a lot of it in places and was moved to apply for one and got merited favour in the hands of Samuel omogo's foundation and the entire people behind this foundation, abroad and particularly rev. fr. peter okwoeze omogo. Our people are very happy today because of the joy and hope given to them by this foundation.

Donated by Blessed Sacraments Parish

Fr. We have nothing to reward you but only God that will reward you and your foundation: Our prayer is that God will continue to bless this foundation and the entire people behind it in Jesus Name Amen!

Finally, I would like to brief my remark to close by once again thanking you all for your effective participation despite the crowded programmes'. God bless you all.

AN ADDRESS OF WELCOME PRESENTED BY AGUELE UMUEZEAKA NGBO IN OHAUKWU L.G.A OF EBONYI STATE, ON THE COMMISSIONING OF OUR BOREHOLE THIS DAY, 10TH JANUARY, 2022.

The Village Chairman,
The Village Secretary,
The Women Leader,
The Youth Leader,
The Chiefs,
All protocols duly observed,
Distinguished Gentlemen and Ladies.

Good morning our Rev'd Father and entourages,
We, the entire Aguele village in Umuezeaka Ngbo are very glad to welcome you for the commissioning of our borehole which God in his mercy handed over to you to serve the masses and the needy. We pray that God will continue to shower his blessings upon your life so that your ministration work will not stop half way in Jesus' name, Amen.

Father, we also request you to use your good office and charitable service to help us more because in Aguele village, we have about fifty-two households and four neighbouring villages which includes; Agu-achara village, Ohuanu village, Aguadodo village and Ogbagede village, which this Borehole cannot serve.

So, our beloved Father, we also beg you to help us more by providing more boreholes so as to enable these villages not struggling and fighting each other on this one.

Thank you very much. May God not relent in using you on this wonderful work which he entrusted into your hands by Samuel Omogo's Foundation(S.O.F), in the honour of Rev'd Fr. Dr. Peter Omogo.

God bless you in Jesus' name, Amen.

Signed

Uzu Onyedikachi

(The Village Chairman)

For, and on behalf of the entire village.

"Blessings to those who done"

Holy Mary, pray for us!*

**AN ADDRESS OF WELCOME PRESENTED BY THE PEOPLE OF OKWERIKE,
UMUEZEAKA NGBO IN HONOUR OF REV. FR. DR. PETER OKWOEZE OMOGO
ON 10TH JANUARY, 2022 FOR THE COMMISSIONING OF BOREHOLE WATER
WELL DRILLED FOR THE PEOPLE OF OKWERIKE.**

All protocols dully observed.

We heartily welcome you all to this memorable event in the life of Okwerike people. First and foremost, we appreciate the Almighty God who in his infinite mercy has made the long awaiting dream come through today in this land, we say may His name be highly exalted in Jesus name. Amen.

We also welcome our August visitor Rev. Fr. Dr. Peter Okwoeze Omogo and his entourage to Okwerike Umuezeaka Ngbo for the commissioning of a borehole water well he drilled for us out of his magnanimity. We wish you happy and peaceful stay with us. Tokwehu.

Steven covey said "we are here in this world to live, to learn, to love and to leave a legacy". A life without legacy is a fruitless life. Samuel Omogo Foundation is a foundation established to immortalize and continue the good legacy of love, kindness and generosity laid by St. Samuel Ugwoke Omogo. Through this foundation Fr., you and your American friends have drilled over two hundred (200) borehole water well in Ngbo, Ohaukwu, Ebonyi and beyond for communities, schools, churches and individuals.

However, this foundation (Samuel Omogo Foundation) have reached out to make a difference in the lives of many people through drilling of borehole water well. Your candid gesture Fr., through the drilling of borehole water well by Samuel Omogo Foundation (SOF) has relieved us from the problem of water we encountered years back by trekking from here to barabara, Okpuru, Ekwesha, Ogwu Nwangbo, Okpurukpu Mbe to mention but a few in search of both drinking and other activities water. It has also acted as a healing balm to us from the stigma of guinea worm disease. You have done to us what no other did. In fact we owe you a big thanks. We say I dike, imeta, imenuka, idebe etu, idebe oge degba, ogedegba ekelegu. If thanks has king, we shall not hesitate to offer you the king type. Our people says that if you appreciate a powerful man for what he did, he will be motivated to do more. We doff our cap for you and say carry go, and may the good Lord reward you immensely.

Fada, nwa Omogo Ogba, Okalibeanyi, yes you deserve it, honour is not blind, it goes to whom it is due. Whosoever is without a dream cannot make any impact

on the society, but he is waste to his generation. Your dream of becoming whom you are today is not a mistake. Nwa Omogo, your existence on earth has been a blessing to the entire people of Ebonyi. You know that water is life and you gave us Samuel Omogo (Soul) Foundation that we might have life.

Some people call you Omogo but we join your American friends to call you Ome-ogo, you are indeed Ome-ogo. Thank you so much. When the light of God shines on a life, the life will be transformed for glory and manifest in glory. As from this moment, you will continue to go higher in Spirit, wealth and riches. The Lord will bless you and keep you; he will give his angels charge over you as he promised. No evil shall befall you; he will fight all your battles and make you the greatest winner that will ever live on earth. You will shine all through your life on earth.

As time always move forwards and never backward so shall you always progress in all your aspirations. For Samuel Omogo (Soul) foundation we pray, may the joy you share to us today be just the beginning of a life time of happiness and fulfillment. Your life will never experience backwardness and may you continue to be a light in peoples' lives Amen. Fada, we once again say welcome to Okwerike land, deeje, tokwaehu, nnoo, jookwa. We pray that God who conveys you safely here will lead you home peacefully as you go. O biara be oney abiagbula ya ma o lawa, mkpunkpu apula ya n'azu. Isee

To all those that have come to celebrate with us today we say thank you and may God bless you. To all our guests, organizers, men, women, youths and children of Okwerike, you all are great. To Samuel Omogo Foundation in USA may the good Lord reward you immensely. Thanks and God bless you all as you journey back to your different destinations in Jesus name. Amen.

A WELCOME ADDRESS BY THE OKAURAKU PEOPLE OF NDIULO UKWAGBA NGBO ON THE OCCASION OF THE COMMISSIONING OF OUR DRILLED BORE-HOLE AT OBODO AKPURATA OKAURAKU (PLAYGROUND) IN NDIULO UKWAGBA NGBO, OHAUKWU LOCAL GOVERNMENT AREA, EBONYI STATE, TODAY 10TH JANUARY, 2022 BY SAMUEL OMOGO FOUNDATION (SOF). THE DONORS IN HONOUR OF OUR SON AND SERVANT OF GOD, REV. FR. DR. PETER OKWO EZE OMOGO.

We the entire inhabitants of Okauraku community in Ndiulo Ukwagba are highly and very much glad to welcome you in our midst, a God-sent, pragmatic and anointed man of God Rev. Fr. Dr. Peter Okwo Eze Omogo and his entourage in honour of commissioning our drilled bore-hole today Monday 10th January, 2022.

As we all know that Okauraku and Ndiulo Ukwagba in general are the most populated Ndiulo in Ngboejeogu clan, whose before today, their source of water supply were Okpuru Ndiagu Ebule, Ohumpfu pond and Okpuru Elege, whether the water is good for drinking or not even for other domestic affairs. Sir, we say "Thank You Very Much" for your favourable consideration and approval of our application submitted to your office on 18th January, 2021 for your intervention and deliverance from these deadly water bore-diseases.

Infact, there may be some reasons to remind ourselves of our many years struggles, wrangles, fights and quarrels among our women and children for the above mentioned deadly and inadequate water which have ravaged our unhealthy living and socio-economic plights, hance this donors intervention.

This for the above problems that we earnestly started seeking for help from Samuel Omogo Foundation (SOF) through Rev. Fr, Dr. Peter Okwo Eze Omogo. Who really shows us that good

source of water is another source of good living, by providing the bore-hole to us now that it is highly needed. Our people, let us say three gbosa for Samuel Omogo Foundation (SOF) our donors.

Gbosa! Gbosa!! Gbosa!!!.

Rev. Fr. Dr. Peter Omogo, we are happy for your successful efforts to salvage the people of Ndiulo Ukwagba general from these problems, through the provision of this bore-hole, our people both young and old are grateful to you adequately take of the bore-hole.

Lastly, we cannot thank you enough, a good son of Ngboejeogu, Rev. Fr. Dr. Peter Omogo whom through Samuel Omogo Foundation (SOF) has reached many homes and till really for more by providing this source of good water to people around Ebonyi State and Environs.

We pray that God will continue to provide the resources needed for these wonderful, great works and also that God will bless and keep Samuel Omogo Foundation (SOF) for more good works in Jesus Almighty name, Amen and Amen.

**A WELCOME ADDRESS PRESENTED BY THE FAMILY OF
BROTHER IDENYI FRANCIS ALI ON THE OCCASION OF
COMMISSIONING OF THE BORE-HOLE DRILLED BY SAMUEL
OMOGO'S FOUNDATION IN HONOUR OF REV. FR. DR PETER
OMOGO TO DAY, 10TH DAY OF JANUARY 2022.**

The Rev Fr. Dr. Peter Omogo, the entourage, Ladies and gentlemen.

I wish to use this opportunity to welcome you, your entourage and others into my compound for this August occasion. My family and I say welcome to you all. I wish to express my profound gratitude to you for granting me a rare opportunity of having a borehole in my compound. I say thank you and God bless you immensely.

The importance of this project cannot be over emphasized. This is because water is life. Water is vital to human life and other living creatures. We can survive without good road, light and other social amenities but not without water.

Before this foundation came into existence, our people suffered untold hardship in getting clean water for drinking and for other domestic uses. The only sources of water were ponds and rivers/streams which are unclean and unacceptable for drinking and other domestic uses.

These ponds and rivers/streams usually dry up as soon as the dry season sets in. Also our people used to trek a long distance before they could get water for their own uses.

This water scarcity also hampered the progress of our children in their schools. The resultant effect of this was that a lot of them go to school late due to lack of water for cooking and for

taking their bath. Due to domestic uses of dirty water in our villages/communities, our people suffered a lot of water borne diseases such as guinea worm, typhoid fever and river blindness.

It should be noted that late Samuel Omogo whose name is being immortalized in this foundation was my master and a dear friend. During his life time he had a philanthropic mind and never liked to see anybody around him to suffer. No wonder you the Rev. Fr. Dr. Peter Omogo who is the younger brother of this kind hearted man followed his footsteps. In the same way as our Lord Jesus Christ was going about doing good when He was on earth, therefore continue to do the same because God will reward you immensely. The prayer of my family for you is that God will protect you and prolong your life.

Father our promise to you is that we shall guard this borehole jealously. We intend to form a borehole maintenance committee so that it will be properly taken care of. My family will put effort in its maintenance too.

We wish you father, safe journey back home and God's blessings.

Thanks.

Protocols:
We say welcome to you all.*

I am most grateful to God, the source of our strength and inspiration to always organize the project of water borehole for everyone in Ngbo and Ebonyi State in general to prevail. We are very welcome you and your entourage to our village to commission the borehole you drilled in our village to ease and release the hardship and suffering as a result of scarcity of good drinking water in our area.

We thank you as you keep to the 4th scout law that a scout is a friend to all and brother to every other scout / people no matter what country, class or creed the order may be long. We say more grease to your elbows as Oliver Twist, we request for more from you.

We also appreciate and thank the foundation for drilling more than two hundred (200) boreholes in Ngbo clan yearly.

May the Almighty God continue to pilot the affairs of the foundation through you and the donors, and also grant you journey mercies as you go round to perform this task through Christ our Lord Amen.

**AN ADDRESS OF WELCOME PRESENTED BY CHIEF MRS. VERONICA
OGBASHIA ON THE OCCASION OF COMMISSIONING OF BORE-
HOLE SITED AT ODODOKPA IGBEAGU ON 9TH JAN 2022.**

The Chairman Izzi LGA

The Traditional Ruler Igbeagu Community

The Village Head Ododokpa Village

Ladies and Gentlemen

Today marks another great day in the annals of Ododokpa village in particular and Igbeagu community in general. It is indeed a great day because a new borehole is drilled to the benefit of the inhabitant of Ododokpa village and its environs. To God be the glory.

My special thanks goes to the director and management of FR. Samuel Omogo foundation.

The foundation was founded in the year 2012 to foster the responsible development of clean water sources for villages and remote areas in south eastern Nigeria. It has built a lot of water wells in villages in south eastern Nigeria and beyond which Ododokpa village is celebrating today. This philanthropic deeds of FR. Samuel Onogo foundation extends to visiting of sick, bringing food, clothing and school supplies to those in need. May the good lord continue to protect and guide the management of Samuel Omogo foundation? It does carry out her activities without any political bias, kindness or cherish interest.

I read about the foundation in the internet while arouse my interest to apply. The foundation considered my application after visiting Ododokpa village to ascertain the difficulty the people of Ododokpa experiencing to getting clean water. Again I wish to thank my husband Mr. Paul Ogbashia Nwonumara for standing behind me in this struggle to provide water to our people.

I therefore enjoin the people of Ododokpa village to guard and protect the borehole to avoid misuse and vandalization.

Finally may I use this opportunity to specially thank God for his inspiration and guard all these days

May God bless everybody

Long live the people of Ododokpa

Long Live Igbeagu community

Long Live Izzi LGA

Long Live Ebonyi State

Long live Nigeria

AN ADDRESS OF APPRECIATION PRESENTED BY HOLY GHOST PARISH, PASTORAL COUNCIL THIS DAY 9TH JANUARY, 2022 BEING THE COMMISSIONING OF DRILLED BOREHOLE AT HOLYGHOST PARISH NGBO BY REV. FR. PETER.OMOGO.

Protocol:

With deep affection and immeasurable gratitude to God Almighty, I hereby welcome all of you to this event, borehole commissioning ceremony today 9th January, 2022. In a special way I want to welcome our priest, Rev. Fr. Peter Omogo and his entourage who made us to gather here today. Fr, May God continue to strength you in Jesus name. Amen.

Incidentally, we have all gathered here not merely for commissioning of borehole but also to appreciate God through our Workaholic and humanitarian priest, Rev Fr. Peter Omogo. Father, it is overtly obvious that you are a God sent Priest Ordained in the order of Melchizedek to come and liberate humanity from hardship and long suffering. Father, you are an excavator and iron breaker; you are unique and exceptional among your equals.

As a matter of fact, we all know that water is life because it is one of the basic necessities of life. However, man cannot survive without water. Today, father has given us water so that we can survive and so he is the God we are seeing today, as he is concerned over our existence and survival

Father, you have made a great impact in our lives and to the existence of our young parish, Holy Ghost as this will help us to continue work in the church better than before. Now, we cannot buy water during work in the parish, hence reduction on the expenditure as we continue to build the Rev. Fathers' house.

Infact, we lack words to thank you but only God know how grateful and happy we feel over your kind gesture upon us. Our prayer is that the good Lord, who gave you this mandate and inspiration, will continue to bless and strengthen you more wonderfully in your foundation in Jesus name. Amen.

To God be the glory.

**AN ADDRESS PRESENTED BY MISS SONIA ODINAKACHUKWU
NKWEGU ON THIS REMARKABLE CEREMONY DAY BEING 9TH
JANUARY 2022**

The village Leader, Hon. Nwibo Friday and Vice Hon. Agbudu Simon. The managing director of Samuel Omogo's Foundation, Rev. Father Dr. Peter Omogo.

The Chairman Ochimba district Mgbo Agbaja Mr. Ebere Nwibo and Vice, Ominyi Jonathan Uche (Agu na-eche mba 1). The distinguished guest here present, you are all welcome, Anyi si unu oshi-adu.

This Journey for water borehole began in January 2021 with the special aid of S.P Ukpabi Micheal (RTD) who linked us to Samuel Omogo's Foundation, we sincerely appreciate him so much and also we thank these under listed people for their dynamic contributions. They are:-

- (1) Ebere Nwibo, Ominyi Jonathan, Nkwegu John, Chukwuma Nwibo, Otah Friday, Obom Benjamin, Augustine agu, John Mbam-Nwali etc.

With heart full of joy we are here to witness this epoch making event through the unprecedented Magnanimity of Samuel Omogo's Foundation on a successful borehole drilling at Mgbo Agbaja Izzi. We thank them so much and equally appreciate our village leader and his entire cabinet members for their support.

Like an Economist says, "humans are insatiable," we still need more assistant from this God sent foundation of Samuel Omogo on the following things.

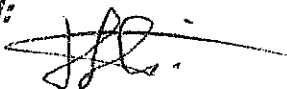

1. Standard village hall
2. Standard school block

Ladies and gentlemen with optimum gratitude to this foundation we thank them for sustaining the life of Mgbo Agbaja people through this water borehole because obviously water is life.

Long live Samuel Omogo Foundation
Long live People of Mgbo Agbaja

Thanks and God bless

A WELCOME ADDRESS PRESENTED BY HON. DARLINGTON CHUKWUMA NWOJI, THE VILLAGE HEAD OF EKURU-INYIMEGU COMMUNITY, ABAKALIKI L.G.A, ON THE OCCASION OF COMMISSIONING OF WATER BOREHOLE DONATED TO MR. MICHEAL NWOJI BY REV FR. SAMUEL OMOGO ON THIS DAY 9TH JANUARY 2022.

*Our Philanthropist Rev. father Samuel Omogo and his team
Rev Uchenna Chukwuemeka (the Priest in charge of Christ Anglican church Ekeru)
Hon. Sunday Mbam Alo, [the assistant village head of Ekeru community]
Mr. Emmanuel Adiebor, (The village secretary)
All the executives of Ekeru village here present
Mr. Emeka Ogbaga, (the Ekeru Youth President and his cabinet)
The Elders of Ekeru village led by elder Boniface Nwibo Ebem
The women of Ekeru Community led by Mrs. Nwebonyi John (Nne di oha mma)
The Ugobueze Cultural group of Ekeru-Inyimegu led by Mr. Sunday Nwesor
The young Ladies Ekeru-Inyimegu led by Mrs. Chinonye Nwuzor
Ogene dancing group led by Onuwa Agbara.
You are all welcome*

It is with a great pleasure that I welcome you to this Epoch-Making event to mark the commissioning of water Bore-hole built and donated to Mr. Micheal Nwoji by our Spiritual Father in the Lord, our great Philanthropist, a man who God has been using to provide hope to the hopeless, the needy, the indigent widows, the Orphans and the less Privileged, a great Humanitarian whom God brought to Ekeru to restore our peace, joy and happiness. A father in the Lord that have empowered thousands of youths and adults in every parts of the country.

At this Juncture, I urged all the distinguished Ladies and Gentlemen here present to stand up in honour of our God sent Father whom the entire people of Ekeru Community have decided to confirmed him a Title as "Ekwu-eme 1 of Ekeru Inyimegu community.

Our beloved daddy, we are indeed grateful and happy that you remembered our Village at the right time, because for the years back, we have been forgotten and neglected by the Government and our Political Leaders, that is why at this 21st Century we cannot boast of Electricity, Primary and Secondary School, good drinking water, Health Centre, Market and good road.

With your help we can now boast of clean drinking water that you built to our father, Mr. Michael Nwoji

Furthermore, I thank my younger sister Osinachi Nwoji for her effort so far. -

Sir, we also believe that your today's visit to Ekeru Community will bring more blessing to us, our community and our churches.

May God continue to bless and reward you in Jesus Name, Amen.

~~WELCOME~~ ~~of~~ ~~NDIAGO~~
In honor of NDIAGO family
A WELCOME ADDRESS PRESENTED BY EVANG. ONWE JOHN OHAJI ON BEHALF OF NDIAGUEZE OGWUNKPAGABA , OTOKORO, UMUOGUDU AKPU NGBO, OHAUKWU L.G.A, EBONYI STATE ON THE OCCASION OF COMMISSIONING OF OUR DRILL BORE-HOLE BY REV. FR. SAMUEL OMOGO'S FOUNDATION (SOF) IN HONOUR OF REV. FR. DR. SAMUEL OMOGO TODAY THE 10TH OF JANUARY THIS BLESSED YEAR 2022.

Indeed our happiness is to no bound for all the members of Ndiagueze Ogwunkpagba. for the drill borehole that is commissioning today by Rev. Fr. Dr. Samuel Omogo – for the past 2 years when I got the information that some people are still exhibiting the work of charity according to the scripture Matt. 5: 1 – 12 (Beatitude).

Desperately, I was trying to know about the body when some body referred to me to the (SOF) which I inquired together with the whole members of the village and found that there are some people that truly decided to work in the vine-yard of the Almighty God – Peter – feed my lambs.

Without wasting much of our time, I would like to pinpoint some of the benefit of the foundation (SOF) to the people of Ndiagueze Ogwunkpagba by drilling this bore-hole that is commissioning today.

- Everybody knows that water is life. With help of (SOF) we were able to drink good water.
- Water is now available to other domestic activities

- The rate of misunderstanding amongst villages is totally stopped e.g. quarrelling, fighting in the struggle of who will fetch first.
- Kidnapping is totally stopped etc.

Based on the above charity work exhibited by Samuel Omogo foundation in various villages in Ebonyi State and beyond, we pray that God in his infinity mercy and abundance will preserve you and make you blessed amongst nation through Christ our Lord, Amen.

**A WELCOME ADDRESS PRESENTED BY THE CHAIRMAN
NDIAGU AKPARATA VILLAGE, UMUOGUDU AKPU NGBO ON
OFFICIAL COMMISSIONING OF DRILLED BOREHOLE ON
THIS DAY 10TH JANUARY, 2022.**

Our son, Rev. Fr. Dr. Peter Okwoeze Omogo, other men of God present, Team from Samuel Omogo Foundation, other protocol observed.

On behalf of Ndiagu Akparata village, I welcome you all to this occasion of official commissioning of the second in history drilled borehole by Samuel Omogo Foundation in Ndiagu Akparata village. The presence of so many distinguished men of God, men, women and children in this occasion are indications of the relevance of water to us especially during dry season.

Yes! We gathered like this here in this village on 29th January, 2021 for official commissioning of drilled borehole by this same foundation, to God be the glory, history is repeating itself.

Right from the start of time, even presently, our women and children are still suffering from some water-borne diseases thus; diarrhea, cholera, typhoid etc. our women and children are no more to be molested by some of our far neighbouring villages for their search of water. Thanks to Same Omogo Foundation for putting this to an end. We requested for water last year by this time, we were given water on the same month January, 2021. The same month this 2022 you surprised us again by drilling another borehole for this village. Well! We are more than happy for your double blessings; nothing but what we are owing you is prayer and more good news to this foundation.

To remind you "Fada" you are as from today, part of this village and our prayer again is that nothing shall separate us from you.

Once again, we welcome you to our God blessed village – Ndiagu Akparata for official commissioning of drilled bore-hole this remarkable day 10th January, 2022.

To God be the glory.

**AN ADDRESS PRESENTED BY LOYALIST EGWU THEOPHILUS IGIRI,
ON 10TH JANUARY, 2022. ON THE COMMISSIONING DAY OF
DRILLED BOREHOLE BY SAMUEL OMOGO'S FOUNDATION IN
HONOUR OF REV. FR. DR. PETER OMOGO.**

Today had marked a special day in the life of people of Nduegu Elom Village in Ekwashi Ngbo in Ohaukwu L.G.A. of Ebonyi State.

Since I know God have been using Rev. Fr. Dr. Peter Omogo to drill borehole in different Communities and villages in various parts of Ebonyi State to reduce the scarcity of water, and to stop people in drinking bad water. This have be a serious problem facing our people because water is so important in the life of man and so water is life. Permit me to mention some importance of water in the life of man.

1. That our Agriculture is growing, it is water.
2. That we build houses, it is water.
3. That we cook, it is water.
4. That we wash all our home material things, it is water.
5. That we produce many things we use to maintain our life, it is all about water.

To mention but few, it is summarized that water is "Life".

In olden days or years ago people of Ebonyi State had experienced many problems due to lack of water, such problems includes:

1. Long distance of searching for water
2. Suffering of water born diseases like Guinea-worm and other disease caused by bad water.

With these problems, individual homes have tried to dig well water but not enough. Government have also tried to install pimple bore water but only in urban area, Government, what about those in rural areas?

N.G.O., That is non governmental organization have tried much like providing material items through which those at the rural area can use it to treat bad water from pound and streams.

Today Rev. Fr. Dr. Peter Omogo have come to crown it all by providing and drilling borehole water free to people in different parts of Ebonyi State, now people are enjoying good water in their rural areas as some are enjoying at urban area.

Father, through your efforts, humbleness, human conscious, relationship with people, and zeal you have made many – many people to smile. Therefore the people of Nduegu Elom Village is smelling with their collogues today. We have nothing to offer to you rather we continue to pray for you so that your good work and zealousness will continue and reach to more people especially in Ohaukwu L.G.A. where no Politian's is struggling to be the mosses of our time. We pray that God who choose you will strengthen you with good health, knowledge to work more. We also pray that as you are traveling, you have many other good things in mind for your people and let those things come through. We know that, it is not only borehole that you provide for your people, what about those you have empowered, many people have benefited from your empowerment so may the good God continue to bless you and the entire family of Omogo Okwo Eze.

Long live Rev. Fr. Dr. Peter Omogo

Long live Ohaukwu L.G.A.

Long live Ebonyi State.

Thanks.

Loyalist Egwu Theophilus Igiri
(Secretary of the village).

(A)

AN ADDRESS OF WELCOME FROM NDIAGU EZE OWUWU ENYA-ANWU INYIMAGU OKPOSHI EHEKU NGBO VILLAGE TO OUR DEAR REV. FR. DR. PETER OMOGO ON THE OCCASION OF COMMISSIONING OUR BOREHOLE ON 8TH JANUARY, 2022.

It is a day once more we say glory be to God Almighty for having made it possible for us to enjoy the presence of our own son RTD Rev. Peter Omogo in our midst for commissioning our borehole.

We gladly say welcome in Jesus name, your work and effort in this our village community, Ngbo town and Ohaukwu is just like the work of St. Paul in the bible to the people of Lystra.

We are saying also like the people of Lystra that: God has come down to us in likeness of man (Act 14:11). You have provided to us one of the most important things in human nature i.e. water which is as important as air.

Looking back, means of getting drinking water in this village was a serious case; but today, you have elevated that problem by providing to us with good water (borehole). Since the arrival of this borehole here, some of the water born diseases we used to suffer are no more seen.

On this note; we unanimously say, may the almighty God grant you and your entourage success in all your good life endeavours.

May God sign journey mercies to every one of us back home in Jesus name, Amen. (Add at the end of elevation of problems. As far back as late 90%, this village used to drink water from streams, which dry off in dry season then, we started looking for where to get water which at times we see or do not see at all.

Today, to us this village is remembered by you our son and good drinking water is provided. God will continue to bless you with all your good characters to every one of us in Jesus name. Amen.

**AN ADDRESS OF WELCOME PRESENTED BY NDIEZE
NDIAGUGBA UMUOGUDU OSHIA NGBO ON THE OCCASION OF
COMMISSIONING OF DRILLED BORE-HOLE BY SAMUEL
OMOGO FOUNDATION (S.O.F) ON 8TH OF JANUARY, 2022.**

**The Director,
Samuel Omogo Foundation (S.O.F),
Rev. Fr. Peter Omogo O.,
Distinguished Guests,
Ladies and Gentlemen,**

I feel highly delighted to welcome you to our village Ndieze Ndiagugba Umuogudu Oshia Ngbo on the occasion of commissioning of a drilled borehole for the village by Samuel Omogo Foundation (S.O.F).

Father, words cannot express our profound gratitude to you for providing us with safety source of drinking water. For decades, our people have encountered untold hardship in search of water. Lack of water had subjected our people to many untold hardship such as contamination of diseases such as Guinea worm, infection, typhoid fever, cholera to mention but a few. These mentioned diseases have claimed the lives of many of our people while those who survived were maimed or deformed in one way or the other.

Today, the Messiah of our time has come. Bravo to you father for this humanitarian services to your people. We can today hope of a new life as the story of lack of water has become a thing of the past by your intervention. We pray God to reward you and your team abundantly and that God will grant you long life to continue this salvafic services to humanity.

Once more, we are very happy and appreciative for this your kind gesture on us.

Wishing you journey mercies to your various destinations

Signed:

.....
Mr. Ituma Thomas

AN ADDRESS OF WELCOME PRESENTED BY DR. ROSEMARY OZIOMA IGWE ON THE OCCASION OF THE COMMISSIONING OF BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION AT ONUNWAFOR EYIM IN HONOUR OF SAMUEL OMOGO ON THIS DAY JANUARY 6TH, 2022.

The Chief Executive Officer of Samuel Omogo foundation (SOF); Rev Fr. Dr. Peter Okwoeze Omogo, board members of SOF heavily represented by the CEO of the foundation, the parish priest of Our Lady of Lourdes Parish, and other members of the village administrators. It is indeed with a heart full of joy and gratitude to the Most High God, the Alpha and Omega, Our Lord Jesus, the author and finisher of our faith, who has made us see this monumental event. I am most delighted to welcome you all to this August occasion - the commissioning and opening of borehole drilled by Samuel Omogo Foundation. I particularly welcome the CEO of SOF Rev Fr. Dr. Peter Okwoeze Omogo who God has being using to bless my people in Azuebonyi Idembia, Ezza South Local Government Area of Ebonyi State.

Rev. Fr. Dr. Peter Okwoeze Omogo has given our people life because water is life. With access to quality portable water life will be prolonged and equally have value. It should be recalled that he has given us two (2) two boreholes in 2019 and 2020 respectively. The first one was at Onunworie Anyagharaigwe followed by the one drilled at Imeliegu, all in Azuebonyi here. Before the drilling of these borehole by SOF water scarcity was a major problem facing our people especially women and children. Many of our children including adults has died as a result of water bore diseases like cholera, typhoid fever, Dysentery, Hepatitis, guinea worm, etc.

'When I was thirsty, you gave me 9
drinks'

Samuel Omogo Foundation which was established in 2012 to serve those in need of basic living necessities in rural areas of Ebonyi State has drilled over 500 boreholes in Ebonyi State for FREE. Rev. Fr. Dr. Peter has not only provided water for his people he has equally given out laptops, school bags, school sandals and cash gifts to support education in Ebonyi State, even artisans are not left out as so many of them has gotten different kinds of support from ^{him to boost} their businesses. As a priest he has equally contributed immensely to the work of God through the provision of cars and motorcycle to fellow men of God even from other churches or religious body for evangelism – making sure that the gospel of our Lord Jesus Christ is preached to the utmost part of the earth.

Just like Jesus Christ went about doing good while on earth, as Christ Ambassador, Rev Fr. Dr. Peter Omogo since his ordination as a priest has being doing GOOD. Fr. Peter, thanks for dedicating your life in helping humanity.

In appreciation to God Almighty, shall we rise with a clapping ovation as we welcome Rev. Fr. Dr. Peter Okwoeze Omogo.

FR. WELCOME to Nwafor Enyim.

Welcome to Anyagharaigwe- THE LAND THAT LOOKS UP TO HEAVEN

Welcome to Azuebonyi Idembia.

**A WELCOME ADDRESS PRESENTED BY THE ENTIRE
PEOPLE OF NDIAGU EZE OWAENYANWU FOR THE
COMMISSIONING OF THE DRILLED BOREHOLE
TODAY BEING 8TH JANUARY, 2022.**

Rev. Fr. Dr. Peter Omogo,

Ladies and Gentlemen

Peoples of Ndiagu Eze

You are welcome in Jesus name, amen.

We the entire Ndiagu Eze Owaenyanwu are so much happy for what Fr. Omogo have done to us, we are saying that God will bless you, protect you, and pay you back, for what you have done for us, amen.

When the Lord brought back the captives of Zion we were like them that dreamt, our mouth were filled with laughter in Ndiagu Eze Owaenyanwu because of Fr. Omogo, our tongues with songs of joy in Ndiagu Eze because of Fr. Peter Omogo, the it was said among the nations, "the Lord has done great things for the people of Ndiagu Eze," the Lord has done great things for us, and we are filled with joy.

We give thanks to our Father in Heaven the Almighty God who by His grace we are alive today to witness the commissioning of the borehole. The Lord who has chosen us is able to see it through. I plead all people of Ndiagu Eze to work tirelessly and make the purpose for which it was found, successfully, and gloriously.

"We wish to congratulate our Father in Christ" His Lordship the honour of Rev. Fr. Dr. Omogo Peter Okwoeze for this loadable achievement in the service of God to the people of Ndiagu Eze, FR. Omogo Peter we say thanks, may I also congratulate all the people of Ndiagu Eze for their association, for their passion to this occasion, we believe this investiture is a further call to the service of God

We rejoice with you Fr. Peter Omogo, it is really an honour well deserved, you have been instrumental to the growth of the younger generations in the household of God and our prayers is that God will keep and preserve you all the days of your life and Fr. Peter Omogo may you continue to impact positively on the life of people around you and beyond. Fr. Peter you are the brightest ray of light in the life of Ndiagu Eze people we thank you so much, despite your own handwork, pressures, you took out time to help the people of Ndiagu Eze out of water scarcity, years ago we have no place to get water for domestic use no borehole in Ndiagu Eze but now Fr. Omogo has been a light ray to the people of Ndiagu Eze, we totally appreciate your effort kindly receive our infinity gratitude as part of our being, for your sincerity thank you.

As Christ was born into the world to save us all, so Samuel Omogo's Foundation has come to take away all our pains and bring joy into our heart and our household.

As it was written in the book of John 11:9-10. **"Jesus answered, are there not twelve hours of day light? Anyone who walks in the day time will not stumble, for they see the light of this world, [10] it is when a person walks at night that they stumble for they have no light"**.

Ndiagu Eze people have stumbled because of water, walked in the night because there is no borehole, now Fr. Omogo Peter have come to give Ndiagu Eze people a rest for they have over labored because of water, Fr. Peter Omogo may God continue to bless you, many happy returns, amen.

Long live Samuel Omogo's Foundation,

Long live rev. Fr. Dr. Peter Omogo,

Long live Ndiagu Eze,

Happy new year to everyone in Jesus Name, Amen.

**A WELCOME ADDRESS PRESENTED BY THE ENTIRE
PEOPLE OF NDIAGU OKPURU INYIMAGU FOR THE
COMMISSIONING OF THE DRILLED BOREHOLE TODAY
BEING 8TH JANUARY, 2022.**

Rev. Fr. Dr. Peter Omogo,

Ladies and Gentlemen

Peoples of Ndiagu Okpuru

You are welcome in Jesus name, amen.

We the entire Ndiagu Okpuru are so much happy for what Fr. Omogo have done to us, we are saying that God will bless you, protect you, and pay you back, for what you have done for us, amen.

When the Lord brought back the captives of Zion we were like them that dreamt, our mouth were filled with laughter in Ndiagu Okpuru because of Fr. Omogo, our tongues with songs of joy in Ndiagu Okpuru because of Fr. Peter Omogo, the it was said among the nations, "The Lord has done great things for the people of Ndiagu Okpuru," the Lord has done great things for us, and we are filled with joy.

We give thanks to our Father in Heaven the Almighty God who by His grace we are alive today to witness the commissioning of the borehole. The Lord who has chosen us is able to see it through. I plead all people of Ndiagu Okpuru to work tirelessly and make the purpose for which it was found, successfully, and gloriously.

We wish to congratulate our Father in Christ" His Lordship in Honour of Rev. Fr. Dr. Omogo Peter Okwoeze for this loadable achievement in the service of God to the people of Ndiagu Okpuru Fr. Omogo Peter we say thanks, may I also congratulate all the people of Ndiagu Okpuru for their association, for their passion to this occasion, we believe this investiture is a further call to the service of God and we pray He will grant us the mercy to serve Him more faithfully than ever before in Jesus Name, Amen.

We rejoice with you Fr. Peter Omogo, it is really an

and our prayers is that God will keep and preserve you all the days of your life and Fr. Peter Omogo may you continue to impact positively on the life of people around you and beyond. Fr. Peter you are the brightest ray of light in the life of Ndiagu Okpuru people we thank you so much, despite your own handwork, pressures, you took out time to help the people of Ndiagu Okpuru out of water scarcity, years ago we have no place to get water for domestic use no borehole in Ndiagu Okpuru but now Fr. Omogo has been a light ray to the people of Ndiagu Okpuru, we totally appreciate your effort kindly receive our infinity gratitude as part of our being, for your sincerity thank you.

WELCOME ADDRESS.

**A Welcome Address Delivered By The People Of Ukpamegvu Village
Okposhi Eheku Ngbo On The Occasion Of The Commissioning Of A
Borehole Drilled By Rev. Fr. Dr. Peter Omogo Through Samuel
Omogo Foundation, This 8th Day Of January, 2022.**

Rev. Fr. Dr. Peter Okwo Eze Omogo,
Other Ministers of God,
The Village Chairman,
Every Lady And Gentleman,

With hearts full of joy and happiness we the entire people of Ukpamegvu village in Okposhi Eheku Ngbo welcome you all to this great event. Out of tremendous excitement and gratitude we greatly appreciate your presence here today. You are welcome and God will richly bless you in Christ name! Amen!

Man must count his life in terms of opportunity to serve God and humanity. There is no truer blessedness than when even in the thickest of trials and turbulence of life one still surmounts resources of courage to embark on the journey of human liberation from the tyranny and dehumanizing conditions of extreme poverty and challenges of life. Your generosity to the people of our generation speak volumes of your internal dispositions and determinations as a true servant of God.

Your deeds are seen at every corner in Ngbo, Ebonyi and various parts of the country Nigeria, being celebrated in many places today. And we are also persuaded that heaven is also in deep felicity on your account. We pray that these should induce extraordinary stimulation in the minds of other great men to do the same since one can be generously blessed only when one gives generously to people. Whatever we see around us are as a result of Gods own dominating generousities and we are all required to do likewise within our various capabilities.

King David of Israel once exclaimed "*what shall I render unto the Lord for all His benefits towards me*" psalm 116:12. How can we reward you for this? There is no way! It is only God who can pay you back abundantly. Before now our people depend on local streams and wells as the major sources of water which are mostly not good enough for drinking. Because of the topographic conditions of our area these sources of water normally dry up during the dry season to make the whole situation worse.

As a matter of fact providing a safe water for drinking has been a heavy challenge to us but this borehole you gave to us have thrown a fatal blow against it and brought it to annihilation.

Truely other such challenges as lack of health center, lack of secondary school and lack of electricity intend to riot in tragic victory over us for they are still militating against the freedom, joy and happiness of our people. But we know the God we are serving who will not allow us to suffer above the level we can bear, He will still deal with them ruthlessly at the appropriate time.

Father, since you decided to touch lives of people very positively thereby create everlasting impact in the lives of people, we also want to assure you that God will never let you down. You will surely have resources in abundance at all times to continue to do these through out the days of your life in Christ name! Amen!

Once again, we say welcome,
And God bless you all.

Signed,

AN ADDRESS OF WELCOME PRESENTED BY THE TOWN UNION PRESIDENT OF ISOWHUMINI II TOWN DEVELOPMENT UNION EZEKUNA ON THIS AUSPICIOUS DAY OF COMMISSIONING OF BOREHOLE WATER PROVIDED BY SAMUEL OMOGO FOUNDATION.

It is my pleasure to address you on this occasion of commissioning of the borehole water project provided by Samuel Omogo Foundation to serve the good people of Isowhumini II, Ezekuna Community Ezzagu, Ishielu LGA.

Water is the source of life and pillar of civilization. The supply of water for humans, live stocks and plants as well as other uses is crucial for socio-economic development. Its availability in sufficient quantity and quality is a first step to poverty alleviation.

Among the responsibility of state and local government is the provision of portable water and sanitation but the system decay in these bodies have shelved the responsibilities to none, allowing the people to suffer abjectly. It is under this abandonment that the Samuel Omogo Foundation has chosen the provision of portable water, as an intervention program that is meant to accelerate the access of portable water in Isowhumini II. This deserves more than applause.

I am particularly delighted that the objectives of providing access to portable water supply to the teeming rural populace of Isowhumini II is today a success. With the commissioning of this borehole, I am convinced that the incidence of water borne diseases will be curtailed while personal hygiene improved. Thereby, bringing about general positive changes in the overall socio-economic wellbeing of the community.

Obviously, the wind of the humongous projects of SOF filtered into Dr. Cosmas Uhwo's ear at the gathering of malaria vector link project Izzi sentinel site where he is the lead scientist. Surreptitiously, he alerted other stakeholders and they swung into action of how to apply and met other criterias. Information about this program were on social media, google and news link.

Our visit to his home town was greeted with a challenging crowd of rural populace who also came for the same purpose. Teaming crowd of abled and disabled who greeted the venue with different problems; others were Rev Frs and clergy from other denominations who also graced the occasion. Thank God who gave us the grace and our application was accepted with "I will call you". Eventually, God did it and so we have gathered here today in joy to celebrate the humanitarian service of our own

Harrington Family

St. Joseph Pattern of Patience

son, from Ekumenyi, our brother and spiritual leader Rev Fr Dr. Peter Omogo, "the founder of Samuel Omogo foundation".

The benefit of this borehole is quite enormous but most importantly, has salvaged the imminent problems of water scarcity in our community and ameliorated the conditions with attendant risk of water borne diseases. Absolutely, this borehole water has positioned our community with good living condition and standard hygiene.

With a heart full of joy, I appreciate the founder of Samuel Omogo foundation and its support staff from the beginning of this project to the end. Outstandingly, I acknowledge the presence of God Almighty in our midst here today and to him be thanks and praise for keeping the fire of humanitarian service burning in Rev Fr Peter Omogo. We are glad to be here and most glad to behold this project in our community out of over teaming applicants who applied for this project.

This address will not be complete without expressing our profuse appreciation to the founder of this program "Very Rev Fr Dr. Peter Omogo for his wonderful approval and financial support for the completion of the project. I also like to commend the effort of the consultants, contractors and indeed our community leaders especially, our town union president, Mr James Nweke (Idoko), Mr Friday Nwigwe (Full trust), Dr. Cosmas Uhuo, Engr Michael Chukwu, Mr Samuel Nworie, Mr Vincent Umoke and others who assiduously worked to see to the completion of this project.

Finally, it is my honor and privilege to have you commission this project to the glory of God and to the benefit of the good people of Isowhumini II.

Thanks for your maximum attention.

James Nweke (Idoko)

AN ADDRESS OF WELCOME PRESENTED BY THE SECRETARY OF OTUBA VILLAGE
NDI EZE 1, OKPOTO ISHIELU LOCAL GOVERNMENT AREA, EBONYI STATE MR.
ALAGBA THOMAS O. TODAY 6TH DAY OF JANUARY, 2022 DURING THE OPENING OF
DRILLED BOREHOLE

On the fulfillment of the completion of drilled borehole by Mr. Samuel Omogo's Foundation in honour of Rev. Fr. Dr Peter Omogo today 6th January, 2022

Preamble: For a long time, we have been hearing about the effort of Samuel Omogo's foundation in Ebonyi State villages such like Ngbo Ejeogu Community, Ezzangbo Community both in Ohaukwu L.G.A, Ohofia Community, Ntezi Community both in Ishielu L.G.A. to mention but a few. Today in Otuba Village in Ngbo Okpoto in Ishielu Local Government Area, we are equally a beneficiary to this foundation.

Infact, Water is very important for our body, water travels throughout our body carrying nutrient, oxygen and wastes product to and from our body cells. so water helps create Saliva, it regulates our body temperature, infact, lack of water is dangerous to human health.

Before I proceed, I have to thank the Almighty God who in His infinite mercy and love has made Samuel Omogo's Foundation what it is today.

Our women and children trek up to 6km every morning to fetch water, but Samuel Omogo's Foundation has come to their help from today. And for that, we are saying more grease to your elbow.

Therefore, we appreciate the effort of Mr. Samuel Omogo's Foundation in the honour of Rev. Fr. Dr. Peter Omogo. May God bless you more in the mighty name of Jesus. Amen.

Today is a unique day in the life of our villagers and remarkable day that cannot be forgotten in the history of our people.

In view of the above, we wish to request that:

❖ Due to the too much population of people residing in the area, we are soliciting for one more bore-hole drilling to help our women and children.

In conclusion, we are assuring that we are going to take care of the already drilled borehole in our community and pray for God to bless you more, for you to do more.

Thanks and God bless

AN ADDRESS OF WELCOME PRESENTED BY MR. OKOKO SUNDAY KELECHI, THE SECRETARY OF AZUNWANGELE VILLAGE, NGBO OKPOTO NDIEZE DURING THE COMMISSIONING OF THE DRILLED BOREHOLE TODAY 6TH DAY OF JANUARY, 2022.

The Rev. Dr. Peter Okwo Eze Omogo,
The Director, Samuel Omogo's Foundation (S.O.F.)
The Village Chairman,
The Woman Leader,
Friends and Well Wishers,
Ladies and Gentlemen and My Co-Executives.

Donated by

The family of
Patrick & Beverly Cavena

With great joy in our heart, we welcome you today in this village as you follow us in celebrating the well drilled borehole but before that, we want to appreciate God Almighty for His infinite mercy, love and the life He has given to us in the land of living.

Today is a remarkable and unforgettable day in the life of every Azunwangele person. It is often say that "good name is better than silver and gold. For the good work of Rev. Dr. Peter Okwo Eze Omogo with the help of Samuel Omogo's Foundation (S.F.O.), is a welcome development. We happily say "Tokwa eh" (welcome) to our great village and the people of Okpoto, we say "Lekpa". Once again, father, our heart is full of joy for this borehole because from onset as a village, we use to find it too difficult to fetch water but now our prayers and dreams have come true because of this good gifted man of God from Ngbo clan whom he uses to provide and make water available for us. Now, the scarcity of water is now the things of past. In short, father, you and this foundation will remain till eternity. Our prayer to you and this foundation is that your journey is like the one of fetching water not the one of firewood as you have succeeded in providing solutions to our problems.

CHALLENGES

As we stated in our application, the scarcity of water has made us to know that "life without good water is death. The challenges confronting us include:

1. Trecking of 10.12 kilometers to Ishi Ogba pond
2. Lateness to work and school by the school children
3. Sleepless night in order to fetch water from the pond due to the distance and sometimes dryness of the pond.
4. Meeting some dangerous animals like snakes on the roads to the pond.

5. Some water diseases such as diarrhoea, guinea worm, river blindness and other water contaminated diseases are what we suffer here.
6. Lastly, since the crises of Ezillo and Ezza-Ezillo which erupted in the year 2008, we found it difficult to trek to Ebonyi River which we have been fetching before, due to fear of been killed or kidnapped by unknown people.

AN APPEAL

We heartily rejoice and felicitate with you for the love you have for your good people. We want to appeal once more that if God almighty will be on your side that with the population of our village, we still need another drilled borehole in order to avoid too much clustering in the already drilled one.

PLEDGE

Sir, since you and your foundation have wiped out our tears, we promise that we have set up a committee that would be taking care of the borehole so that children and any other people will not spoil it and to keep the surrounding clean.

CONCLUSION

We deeply share with you the profound joy in our heart. Sir, hold this foundation very well because the prayers of the beneficiaries have reached heaven. We are overwhelmed with happiness for your love and kind gesture for us.

Father, as we stated earlier, our thanks is endless to you, if you remember us more and provide us with another borehole, we have nothing to offer than to say "thank you".

We unanimously say may the God almighty richly reward and grant all of you journey mercies as you go back to your different destinations.

Signed:

Mr. Okoko Sunday Kelechi
Secretary General Azunwangele Village

AN ADDRESS OF WELCOME PRESENTED BY HON. EMEKA

**NWANGA ONBEHALF OF NDIAGUAZU UMUOGHARA PEOPLE ON THE
COMMISSIONING OF BORE -HOLE PROJECT DONATED BY REV. FATHER PETER
OMOGO TODAY 3RD FEBRUARY, 2022**

PROTOCOLS:

On behalf of the good people of Ndiaguazu Umuoghara the ancestral home of Umuoghara people, I warmly welcome you all to this epochal event.

Today is historic and special because it is a day we have gathered for official commissioning of a bore-hole project donated by a philanthropist par excellence Rev. Father Peter Omogo for Ndiaguazu people to the glory of God. The choice of our area for this project is divine and a rare gesture which cannot be forgotten in a hurry.

Ladies and gentlemen, it was mahatma Ghandi who averred that "the best way to find yourself is to loose yourself for the service of others. Our dear Priest Rev. Father Omogo has demonstrated in practical terms that he is living his life for the service of humanity.

It is worthy of mention that our people did not make formal request for this bore-hole. It was indeed born out of his desire to alleviate the suffering of a people who have little or no government presence.

Furthermore, as we appreciate in no small measure this life touching project which to a great extent will address the water need of our people especially children of community primary school Ndiaguazu Umuoghara, we also wish to highlight other challenges and teething problems confronting our people.

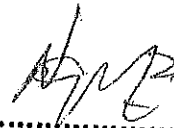

1. The people of Onuebonyi village have no source of portable water.

2. Community primary school Ndiaguazu Umuoghara is dilapidated and needs renovation.
3. We also ask for scholarship programme for our intelligent but indigent students just to mention but a few.

I cannot conclude this address without expressing our profound gratitude and deep sense of appreciation to Evangelist Dr. (Mrs). Jacinta Nwakaego Nworie consultant to Ebonyi State Government on solid minerals and internally generated Revenue for considering our plight which gave birth to what we are celebrating today. It is our prayer and hope that God will continue to direct the footsteps of our dependable and workaholic priest Rev. Father Omogo until he takes us to the Eldorado.

Distinguished guests, your presence today has made the event a colourful one. May the good Lord reward Rev. Father Peter Omogo abundantly and also lead us safely to our various destinations.

For and on behalf of Ndiaguazu Umuoghara community.

A WELCOME ADDRESS PRESENTED BY VICE CHAIRMAN OF ST. LUKE'S CHAPLAINCY COUNCIL, PROF. PAULINUS N. NNABO ON THE OFFICIAL COMMISSIONING OF BOREHOLEDONATED BY SAMUEL OMOGO FOUNDATION TO ST. LUKE'S CHAPLAINCY, ABAKALIKI ON SATURDAY, 29TH JAN. 2022.

Protocol.

It gives me great pleasure and privilege to welcome you to St. Luke's Chaplaincy, College of Health Sciences (Presco), EBSU, Abakaliki on this special day of the commissioning of a motorized borehole donated to the Chaplaincy by the Samuel Omogo Foundation. Water is life! So, we warmly welcome you to this life-giving ceremony, courtesy of the Samuel Omogo Foundation. It is another special day in the Chaplaincy since its inception in 1994.

The Samuel Omogo Foundation was established in 2012 to foster the responsible development of clean water sources for rural areas in Southern Nigeria. Samuel Omogo was a Nigerian who dedicated most part of his life to improving the living conditions of people in Nigerian villages. He was known in many villages for his philanthropic deeds of visiting the sick in hospitals and prisons as well as providing food items, clothing and essential school supplies to those in need. After battling with an illness Samuel died at a young age of 47. In honour of Samuel's commitment to improving the health and well-being of the Nigerian people, the Samuel Omogo Foundation was created to build water wells in villages in South East Nigeria. Today, the Foundation reaches out to bring clean water to citizens who would otherwise drink and cook with contaminated water from ponds and river beds. In the past, many people lived in small villages without access to clean water sources which is a life-giving necessity. By then, water borne diseases (e.g. cholera, typhoid) and water-washed diseases (e.g. trachoma) were rampant as direct effects of water and sanitation related diseases. The daily routine of many village women and children included waking up as early as 4am and trekking many kilometres in search of water from ponds and river beds, many of which dry up in dry season.

Since its inception in 2012, SOF has been providing clean water to the rural dwellers of Ebonyi State. Over 369 water wells have been drilled in Nigeria since 2012, thereby providing over 400,000 people with clean drinking water. Cases of water-borne diseases also reduced from 199 in January 2015 to as low as 10 as at December 2020 (90-95% reduction).

1. In 2016, 27 wells were built in the rural villages of Ebonyi State.
2. In 2020, 70 wells were built in rural areas of the State.
3. In 2021, the foundation proposed to drill additional 140 wells.

All these led to about 80% improvement in academic performance of school children, significant reduction of child molestation due to water scarcity, and none violence and snake bites usually experienced in search of water in rural areas.

It is worthy of note that 100% of the wells were drilled by certified drill teams, thereby ensuring the productivity and sustainability of the wells. Funds are also provided by the Foundation for routine maintenance of the wells as about 95% of donations to the Foundation go directly to well drilling and servicing.

With all these, there are still not enough boreholes to provide clean water to the people in other villages going by the increasing number of people in need of clean water. It is on this note that the Chaplaincy is grateful to the Foundation for approving the drilling of this motorized borehole and donating it free to the Chaplaincy. This will greatly solve the water needs of the Church and her neighbours. As a church we pray, and hope to make our own contribution in the continued sustenance of the operations of the Foundation.

Thank you all and God bless.

Prof. Paulinus N. Nnabo
Vice Chairman

Rev. Fr. Dr. Joseph M. Orji
Chaplain

**AN ADDRESS OF WELCOME FROM NDIAGU EZE OLUWU ENYA-
ANWU INYIMAGU OKPOSHI EHEKU NGBO VILLAGE TO OUR
DEAR REV. FR. DR. PETER OMOGO ON THE OCCASION OF
COMMISSIONING OUR BOREHOLE ON 8TH JANUARY, 2022.**

It is a day once more we say glory be to God Almighty for having made it possible for us to enjoy the presence of our own son RTD Rev. Peter Omogo in our midst for commissioning our borehole.

We gladly say welcome in Jesus name, your work and effort in this our village community, Ngbo town and Ohaukwu is just like the work of St. Paul in the bible to the people of Lystra.

We are saying also like the people of Lystra that: God has come down to us in likeness of man (Act 14:11). You have provided to us one of the most important things in human nature i.e. water which is as important as air.

Looking back, means of getting drinking water in this village was a serious case; but today, you have elevated that problem by providing to us with good water (borehole). Since the arrival of this borehole here, some of the water born diseases we used to suffer are no more seen.

On this note; we unanimously say, may the almighty God grant you and your entourage success in all your good life endeavours.

May God sign journey mercies to every one of us back home in Jesus name, Amen. (Add at the end of elevation of problems. As far back as late 90%, this village used to drink water from streams, which dry off in dry season then; we started looking for where to get water which at times we see or do not see at all.

Today, to us this village is remembered by you our son and good drinking water is provided. God will continue to bless you with all your good characters to every one of us in Jesus name. Amen.

**A WELCOME ADDRESS PRESENTED BY NDIAGU ONWE IN
NDIAGU AKPARATA, UMU'OGUDU OSHIA OHAUKWU L.G.A
EBONYI STATE ON THE COMMISSIONING OF A DRILLED
BORE HOLE BY SAMUEL OMOGO'S FOUNDATION ON 10TH OF
JANUARY, 2022.**

The guest of honor, Rev. Fr. Peter Okwoeze omogo,
members of Samuel omogo's foundation
the chairman of the village,
members of the village,
distinguished ladies and gentle men

On behalf of the entire members of Ndiagu onwe village I wish to welcome you all to this great occasion.

We thank God almighty for his mercies and blessing in making it to be possible for us to gather here today to witness this great event. For an umpteenth time, water scarcity has been a major problem in our community ^{and} as the only source of water supply has been a poor stagnant water locally called "okpuru" the people of this community covers four miles to get water supply. In addition a lot of people contracted infections due to bad water, some get injured in their attempt to fetch water while many others had unnecessary conflict with their neighbors. Despite of these, the community sorted help in different places but no avail. A lot of promises came during election campaign but winded up.

However, the testimonies all over in the air about the good works of Samuel omogo's foundation which was true and visible. We saw a lot of it in places and was moved to apply for one and got merited favour in the hands of Samuel omogo's foundation and the entire people behind this foundation, abroad and particularly rev. fr. peter okwoeze omogo. Our people are very happy today because of the joy and hope given to them by this foundation.

Fr. We have nothing to reward you but only God that will reward you and your foundation. Our prayer is that God will continue to bless this foundation and the entire people behind it in Jesus Name Amen!.

Finally, I would like to brief my remark to close by once again thanking you all for your effective participation despite the crowded programmes'. God bless you all.

**AN ADDRESS OF WELCOME FOR THE COMMISSION OF OUR
BOREHOLE ON THE 10TH JANUARY 2022 BY THE CHAIRMAN OF
THIS BOREHOLE COMMITTEE**

*The Director / Founder
Samuel Omogo's foundation (SOF)
Ngbo.
Protocols:
We say welcome to you all.*

I most grateful to God, the source of our strength and inspiration to always organize the project of water borehole for everyone in Ngbo and Ebonyi State in general to prevail. We are very welcome you and your entourage to our village to commission the borehole you drilled in our village to ease and release the hardship and suffering as a result of scarcity of good drinking water in our area.

We thank you as you keep to the 4th scout law that a scout is a friend to all and brother to every other scout / people no matter what country, class or creed the order may be long. We say more grease to your elbows as Oliver Twist, we request for more from you.

We also appreciate and thank the foundation for drilling more than two hundred (200) boreholes in Ngbo clan yearly.

May the Almighty God continue to pilot the affairs of the foundation through you and the donors, and also grant you journey mercies as you go round to perform this task through Christ our Lord Amen.

Signed

**A WELCOME ADDRESS PRESENTED BY THE PRINCIPAL, REV. SR.
AMAKA MV. ASIKE (HHCJ) ON THE COMMISSIONING OF A DRILLED
BOREHOLE BY REV. FR. DR. PETER OMOGO'S FOUNDATION IN
MEMORY OF LATE SAMUEL OMOGO.**

Rev.Fr. Dr. Peter Omogo is a collosins and a **Rev.Fr** of repute in the catholic mission and instituted a foundation to honour his brother **Late Samuel Omogo**. According to a prominent philosopher and literary giant, Cicero, "NON NOBIS SOLUM NATI SUMUS" meaning not for ourselves alone are we born. This foundation is a philanthropic one that touches the lives of others. Hence, the drilling of a borehole in Government Technical College Abakaliki to serve the population here.

According to the gospel of St. John 4:14-15, "But whoever drinks of the water I shall give him, will never thirst; the water that I shall give him will become in him a spring of water welling up to eternal life". Hence, water is life which you have given us.

Sir, give me this water that I may not thirst nor come here to draw. Life is a gift. Life is a privilege. Life is a seed, leave something behind. Life is a game, play to win and life is a vapour, life is meaningful when it touches other lives and that is exactly what the foundation has done. A foremost literary giant, **Myles Mouroe**, was right when he said that "the richest place on earth is the cemetery or grave, where untapped potentials have been buried all through the ages past". **Rev. Fr. Dr. Peter Omogo** cherished humanity by attracting a foreign funded foundation in memory of **Late Samuel Omogo**. The benevolence of which Government Technical College is enjoying today. Many sought for this and failed. But to the

rigours involved, the school got it on a platter of gold through the efforts of the Administration. Principal **Rev. Sr. Amaka Asike (HHCJ)**.

This shows the in-built acumen in the administration of the school. Because, the Arabic adage states that "you can only take out of a pot what you put in it". **Rev. Fr. Dr. Peter Omogo** demonstrated practical Christianity by this singular gesture and has catapulted the late brother Samuel closer to God Almighty. We, here in Government Technical College Abakaliki community join with the saints in prayers for the happy repose of his soul and that the brother, **Rev. Fr. Dr. Peter Omogo's** Priesthood will manifest more in the services of mankind which is the hallmark of Christianity.

Here, we are Oliver Twist pleading that any other project that will change the welfare and the betterment of the school will be highly welcomed especially the sisters convent. We also pray for the long lives of the foundation and the members so that humanity will reap more from their generosity.

THANKS AND GOD BLESS YOU. AMEN

SAFE JOURNEY.

PRINCIPAL, STAFF AND STUDENTS
GOVERNMENT TECHNICAL COLLEGE, ABAKALIKI,
EBONYI STATE.

WELCOME ADDRESS.

A Welcome Address Delivered By The People Of Ukpamegvu Village Okposhi Eheku Ngbo On The Occasion Of The Commissioning Of A Borehole Drilled By Rev. Fr. Dr. Peter Omogo Through Samuel Omogo Foundation, This 8th Day Of January, 2022.

Rev. Fr. Dr. Peter Okwo Eze Omogo,
Other Ministers of God,
The Village Chairman,
Every Lady And Gentleman,

With hearts full of joy and happiness we the entire people of Ukpamegvu village in Okposhi Eheku Ngbo welcome you all to this great event. Out of tremendous excitement and gratitude we greatly appreciate your presence here today. You are welcome and God will richly bless you in Christ name! Amen!

Man must count his life in terms of opportunity to serve God and humanity. There is no truer blessedness than when even in the thickest of trials and turbulence of life one still surmounts resources of courage to embark on the journey of human liberation from the tyranny and dehumanizing conditions of extreme poverty and challenges of life. Your generosity to the people of our generation speak volumes of your internal dispositions and determinations as a true servant of God.

Your deeds are seen at every corner in Ngbo, Ebonyi and various parts of the country Nigeria, being celebrated in many places today. And we are also persuaded that heaven is also in deep felicity on your account. We pray that these should induce extraordinary stimulation in the minds of other great men to do the same since one can be generously blessed only when one gives generously to people. Whatever we see around us are as a result of Gods own dominating generousities and we are all required to do likewise within our various capabilities.

King David of Israel once exclaimed "*what shall I render unto the Lord for all His benefits towards me*" *psalm 116:12*. How can we reward you for this? There is no way! It is only God who can pay you back abundantly. Before now our people depend on local streams and wells as the major sources of water which are mostly not good enough for drinking. Because of the topographic conditions of our area these sources of water normally dry up during the dry season to make the whole situation worse.

As a matter of fact providing a safe water for drinking has been a heavy challenge to us but this borehole you gave to us have thrown a fatal blow against it and brought it to annihilation.

Truely other such challenges as lack of health center, lack of secondary school and lack of electricity intend to riot in tragic victory over us for they are still militating against the freedom, joy and happiness of our people. But we know the God we are serving who will not allow us to suffer above the level we can bear, He will still deal with them ruthlessly at the appropriate time:

Father, since you decided to touch lives of people very positively thereby create everlasting impact in the lives of people, we also want to assure you that God will never let you down. You will surely have resources in abundance at all times to continue to do these through out the days of your life in Christ name! Amen!

Once again, we say welcome,
And God bless you all.

**AN ADDRESS OF WELCOME FROM NDIAGU EZE OJWUWU ENYA-
ANWU INYIMAGU OKPOSHI EHEKU NGBO VILLAGE TO OUR
DEAR REV. FR. DR. PETER OMOGO ON THE OCCASION OF
COMMISSIONING OUR BOREHOLE ON 8TH JANUARY, 2022.**

It is a day once more we say glory be to God Almighty for having made it possible for us to enjoy the presence of our own son RTD Rev. Peter Omogo in our midst for commissioning our borehole.

We gladly say welcome in Jesus name, your work and effort in this our village community, Ngbo town and Ohaukwu is just like the work of St. Paul in the bible to the people of Lystra.

We are saying also like the people of Lystra that: God has come down to us in likeness of man (Act 14:11). You have provided to us one of the most important things in human nature i.e. water which is as important as air.

Looking back, means of getting drinking water in this village was a serious case; but today, you have elevated that problem by providing to us with good water (borehole). Since the arrival of this borehole here, some of the water born diseases we used to suffer are no more seen.

On this note; we unanimously say, may the almighty God grant you and your entourage success in all your good life endeavours.

May God sign journey mercies to every one of us back home in Jesus name, Amen. (Add at the end of elevation of problems. As far back as late 90%, this village used to drink water from streams, which dry off in dry season then; we started looking for where to get water which at times we see or do not see at all.

Today, to us this village is remembered by you our son and good drinking water is provided. God will continue to bless you with all your good characters to every one of us in Jesus name. Amen.

**A WELCOME ADDRESS PRESENTED BY THE ENTIRE
PEOPLE OF NDIAGU EZE OWAENYANWU FOR THE
COMMISSIONING OF THE DRILLED BOREHOLE
TODAY BEING 8TH JANUARY, 2022.**

Rev. Fr. Dr. Peter Omogo,

Ladies and Gentlemen

Peoples of Ndiagu Eze

You are welcome in Jesus name, amen.

We the entire Ndiagu Eze Owaenyanwu are so much happy for what Fr. Omogo have done to us, we are saying that God will bless you, protect you, and pay you back, for what you have done for us, amen.

When the Lord brought back the captives of Zion we were like them that dreamt, our mouth were filled with laughter in Ndiagu Eze Owaenyanwu because of Fr. Omogo, our tongues with songs of joy in Ndiagu Eze because of Fr. Peter Omogo, the it was said among the nations, "the Lord has done great things for the people of Ndiagu Eze," the Lord has done great things for us, and we are filled with joy.

We give thanks to our Father in Heaven the Almighty God who by His grace we are alive today to witness the commissioning of the borehole. The Lord who has chosen us is able to see it through. I plead all people of Ndiagu Eze to work tirelessly and make the purpose for which it was found, successfully, and gloriously.

We wish to congratulate our Father in Christ" His Lordship the honour of Rev. Fr. Dr. Omogo Peter Okwoeze for this loadable achievement in the service of God to the people of Ndiagu Eze, FR. Omogo Peter we say thanks, may I also congratulate all the people of Ndiagu Eze for their association, for their passion to this occasion, we believe this investiture is a further call to the service of God

We rejoice with you Fr. Peter Omogo, it is really an honour well deserved, you have been instrumental to the growth of the younger generations in the household of God and our prayers is that God will keep and preserve you all the days of your life and Fr. Peter Omogo may you continue to impact positively on the life of people around you and beyond. Fr. Peter you are the brightest ray of light in the life of Ndiagu Eze people we thank you so much, despite your own handwork, pressures, you took out time to help the people of Ndiagu Eze out of water scarcity, years ago we have no place to get water for domestic use no borehole in Ndiagu Eze but now Fr. Omogo has been a light ray to the people of Ndiagu Eze, we totally appreciate your effort kindly receive our infinity gratitude as part of our being, for your sincerity thank you.

As Christ was born into the world to save us all, so Samuel Omogo's Foundation has come to take away all our pains and bring joy into our heart and our household.

As it was written in the book of John 11:9-10. **"Jesus answered, are there not twelve hours of day light? Anyone who walks in the day time will not stumble, for they see the light of this world, [10] it is when a person walks at night that they stumble for they have no light"**.

Ndiagu Eze people have stumbled because of water, walked in the night because there is no borehole, now Fr. Omogo Peter have come to give Ndiagu Eze people a rest for they have over labored because of water, Fr. Peter Omogo may God continue to bless you, many happy returns, amen.

Long live Samuel Omogo's Foundation,

Long live rev. Fr. Dr. Peter Omogo,

Long live Ndiagu Eze,

Happy new year to everyone in Jesus Name, Amen.

**AN ADDRESS OF WELCOME PRESENTED BY NDIEZE
NDIAGUGBA UMUOGUDU OSHIA NGBO ON THE OCCASION OF
COMMISSIONING OF DRILLED BORE-HOLE BY SAMUEL
OMOGO FOUNDATION (S.O.F) ON 8TH OF JANUARY, 2022.**

*The Director,
Samuel Omogo Foundation (S.O.F),
Rev. Fr. Peter Omogo O.,
Distinguished Guests,
Ladies and Gentlemen,*

I feel highly delighted to welcome you to our village Ndieze Ndiagugba Umuogudu Oshia Ngbo on the occasion of commissioning of a drilled borehole for the village by Samuel Omogo Foundation (S.O.F).

Father, words cannot express our profound gratitude to you for providing us with safety source of drinking water. For decades, our people have encountered untold hardship in search of water. Lack of water had subjected our people to many untold hardship such as contamination of diseases such as Guinea worm, infection, typhoid fever, cholera to mention but a few. These mentioned diseases have claimed the lives of many of our people while those who survived were maimed or deformed in one way or the other.

Today, the Messiah of our time has come. Bravo to you father for this humanitarian services to your people. We can today hope of a new life as the story of lack of water has become a thing of the past by your intervention. We pray God to reward you and your team abundantly and that God will grant you long life to continue this salvafic services to humanity.

Once more, we are very happy and appreciative for this your kind gesture on us.

Wishing you journey mercies to your various destinations.

Signed:

.....
Mr. Ituma Thomas

**AN ADDRESS OF WELCOME PRESENTED BY AGUELE UMUEZEAKA
NGBO IN OHAUKWU L.G.A OF EBONYI STATE, ON THE
COMMISSIONING OF OUR BOREHOLE THIS DAY, 10TH JANUARY,
2022.**

The Village Chairman,

The Village Secretary,

The Women Leader,

The Youth Leader,

The Chiefs,

All protocols duly observed,

Distinguished Gentlemen and Ladies.

Good morning our Rev'd Father and entourages,

We, the entire Aguele village in Umuezeaka Ngbo are very glad to welcome you for the commissioning of our borehole which God in his mercy handed over to you to serve the masses and the needy. We pray that God will continue to shower his blessings upon your life so that your ministration work will not stop half way in Jesus' name, Amen.

Father, we also request you to use your good office and charitable service to help us more because in Aguele village, we have about fifty-two households and four neighbouring villages which includes; Agu-achara village, Ohuanu village, Aguadodo village and Ogbagede village, which this Borehole cannot serve.

So, our beloved Father, we also beg you to help us more by providing more boreholes so as to enable these villages not struggling and fighting each other on this one.

Thank you very much. May God not relent in using you on this wonderful work which he entrusted into your hands by Samuel Omogo's Foundation(S.O.F), in the honour of Rev'd Fr. Dr. Peter Omogo.

God bless you in Jesus' name, Amen.

Signed

Uzu Onyedikachi

(The Village Chairman)

For, and on behalf of the entire village.

**AN ADDRESS PRESENTED BY MISS SONIA ODINAKACHUKWU
NKWEGU ON THIS REMARKABLE CEREMONY DAY BEING 9TH
JANUARY 2022**

The village Leader, Hon. Nwibo Friday and Vice Hon. Agbudu Simon. The managing director of Samuel Omogo's Foundation, Rev. Father Dr. Peter Omogo.

The Chairman Ochimba district Mgbo Agbaja Mr. Ebere Nwibo and Vice, Ominyi Jonathan Uche (Agu na-eche mba 1). The distinguished guest here present, you are all welcome, Anyi si unu oshi-adu.

This Journey for water borehole began in January 2021 with the special aid of S.P Ukpabi Micheal (RTD) who linked us to Samuel Omogo's Foundation, we sincerely appreciate him so much and also we thank these under listed people for their dynamic contributions. They are:-

- (1) Ebere Nwibo, Ominyi Jonathan, Nkwegu John, Chukwuma Nwibo, Otah Friday, Obom Benjamin, Augustine agu, John Mbam-Nwali etc.

With heart full of joy we are here to witness this epoch making event through the unprecedented Magnanimity of Samuel Omogo's Foundation on a successful borehole drilling at Mgbo Agbaja Izzi. We thank them so much and equally appreciate our village leader and his entire cabinet members for their support.

Like an Economist says, "humans are insatiable," we still need more assistant from this God sent foundation of Samuel Omogo on the following things.

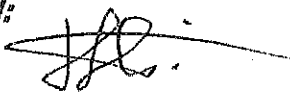

1. Standard village hall
2. Standard school block

Ladies and gentlemen with optimum gratitude to this foundation we thank them for sustaining the life of Mgbo Agbaja people through this water borehole because obviously water is life.

Long live Samuel Omogo Foundation
Long live People of Mgbo Agbaja

Thanks and God bless

Signed:

Nkwegu Dominic Okechukwu

HOLY GHOST PARISH AMAFFIA NGBO

Our Ref:..... Your Ref:..... Date: 09-01-2022

AN ADDRESS OF APPRECIATION PRESENTED BY HOLY GHOST PARISH, PASTORAL COUNCIL THIS DAY 9TH JANUARY, 2022 BEING THE COMMISSIONING OF DRILLED BOREHOLE AT HOLYGHOST PARISH NGBO BY REV. FR. PETER OMOGO.

Protocol:

With deep affection and immeasurable gratitude to God Almighty, I hereby welcome all of you to this event, borehole commissioning ceremony today 9th January, 2022. In a special way I want to welcome our priest, Rev. Fr. Peter Omogo and his entourage who made us to gather here today. Fr, May God continue to strength you in Jesus name. Amen.

Incidentally, we have all gathered here not merely for commissioning of borehole but also to appreciate God through our Workaholic and humanitarian priest, Rev Fr. Peter Omogo. Father, it is overtly obvious that you are a God sent Priest Ordained in the order of Melchizedek to come and liberate humanity from hardship and long suffering. Father, you are an excavator and iron breaker; you are unique and exceptional among your equals.

As a matter of fact, we all know that water is life because it is one of the basic necessities of life. However, man cannot survive without water. Today, father has given us water so that we can survive and so he is the God we are seeing today, as he is concerned over our existence and survival.

Father, you have made a great impact in our lives and to the existence of our young parish, Holy Ghost as this will help us to continue work in the church better than before. Now, we cannot buy water during work in the parish, hence reduction on the expenditure as we continue to build the Rev. Fathers' house.

Infact, we lack words to thank you but only God know how grateful and happy we feel over your kind gesture upon us. Our prayer is that the good Lord, who gave you this mandate and inspiration, will continue to bless and strengthen you more wonderfully in your foundation in Jesus name. Amen.

To God be the glory.

**AN ADDRESS OF WELCOME PRESENTED BY THE PEOPLE OF OKWERIKE,
UMUEZEAKA NGBO IN HONOUR OF REV. FR. DR. PETER OKWOEZE OMOGO
ON 10TH JANUARY, 2022 FOR THE COMMISSIONING OF BOREHOLE WATER
WELL DRILLED FOR THE PEOPLE OF OKWERIKE.**

All protocols dully observed.

We heartily welcome you all to this memorable event in the life of Okwerike people. First and foremost, we appreciate the Almighty God who in his infinite mercy has made the long awaiting dream come through today in this land, we say may His name be highly exalted in Jesus name. Amen.

We also welcome our August visitor Rev. Fr. Dr. Peter Okwoeze Omogo and his entourage to Okwerike Umuezeaka Ngbo for the commissioning of a borehole water well he drilled for us out of his magnanimity. We wish you happy and peaceful stay with us. Tokwehu.

Steven covey said "we are here in this world to live, to learn, to love and to leave a legacy". A life without legacy is a fruitless life. Samuel Omogo Foundation is a foundation established to immortalize and continue the good legacy of love, kindness and generosity laid by St. Samuel Ugwoke Omogo. Through this foundation Fr., you and your American friends have drilled over two hundred (200) borehole water well in Ngbo, Ohaukwu, Ebonyi and beyond for communities, schools, churches and individuals.

However, this foundation (Samuel Omogo Foundation) have reached out to make a difference in the lives of many people through drilling of borehole water well. Your candid gesture Fr., through the drilling of borehole water well by Samuel Omogo Foundation (SOF) has relieved us from the problem of water we encountered years back by trekking from here to barabara, Okpuru, Ekwesha, Ogwu Nwangbo, Okpurukpu Mbe to mention but a few in search of both drinking and other activities water. It has also acted as a healing balm to us from the stigma of guinea worm disease. You have done to us what no other did. In fact we owe you a big thanks. We say I dike, imeta, imenuka, idebe etu, idebe oge degba, ogedegba ekelegu. If thanks has king, we shall not hesitate to offer you the king type. Our people says that if you appreciate a powerful man for what he did, he will be motivated to do more. We doff our cap for you and say carry go, and may the good Lord reward you immensely.

Fada, nwa Omogo Ogba, Okalibeanyi, yes you deserve it, honour is not blind, it goes to whom it is due. Whosoever is without a dream cannot make any impact

on the society, but he is waste to his generation. Your dream of becoming whom you are today is not a mistake. Nwa Omogo, your existence on earth has been a blessing to the entire people of Ebonyi. You know that water is life and you gave us Samuel Omogo (Soul) Foundation that we might have life.

Some people call you Omogo but we join your American friends to call you Ome-ogo, you are indeed Ome-ogo. Thank you so much. When the light of God shines on a life, the life will be transformed for glory and manifest in glory. As from this moment, you will continue to go higher in Spirit, wealth and riches. The Lord will bless you and keep you; he will give his angels charge over you as he promised. No evil shall befall you; he will fight all your battles and make you the greatest winner that will ever live on earth. You will shine all through your life on earth.

As time always move forwards and never backward so shall you always progress in all your aspirations. For Samuel Omogo (Soul) foundation we pray, may the joy you share to us today be just the beginning of a life time of happiness and fulfillment. Your life will never experience backwardness and may you continue to be a light in peoples' lives Amen. Fada, we once again say welcome to Okwerike land, deeje, tokwaehu, nnoo, jookwa. We pray that God who conveys you safely here will lead you home peacefully as you go. O biara be oney abiagbula ya ma o lawa, mkpunkpu apula ya n'azu. Isee

To all those that have come to celebrate with us today we say thank you and may God bless you. To all our guests, organizers, men, women, youths and children of Okwerike, you all are great. To Samuel Omogo Foundation in USA may the good Lord reward you immensely. Thanks and God bless you all as you journey back to your different destinations in Jesus name. Amen.

Long live Rev. Fr. Dr. Peter Okywoeze Omogo

**A WELCOME ADDRESS PRESENTED BY NDIAGU ONWE IN
NDIAGU AKPARATA, UMUOGUDU OSHIA OHAUKWU L.G.A
EBONYI STATE ON THE COMMISSIONING OF A DRILLED
BORE HOLE BY SAMUEL OMOGO'S FOUNDATION ON 10TH OF
JANUARY, 2022.**

The guest of honor, Rev. Fr. Peter Okwoeze omogo,
members of Samuel omogo's foundation
the chairman of the village,
members of the village,
distinguished ladies and gentle men

On behalf of the entire members of Ndiagu onwe village I
wish to welcome you all to this great occasion.

We thank God almighty for his mercies and blessing in making it
to be possible for us to gather here today to witness this great
event. for an umpteenth time, water scarcity has been a major
problem in our community as the only source of water supply
has been a poor stagnant water locally called "okpuru" the
people of this community covers four miles to get water supply.
In addition a lot of people contracted infections due to bad
water, some get injured in their attempt to fetch water while
many others had unnecessary conflict with their neighbors.
Despite of these, the community sorted help in different places
but no avail. A lot of promised came during election campaign
but winded up.

However, the testimonies all over in the air about the good
works of Samuel omogo's foundation which was true and
visible. We saw a lot of it in places and was moved to apply for
one and got merited favour in the hands of Samuel omogo's
foundation and the entire people behind this foundation,
abroad and particularly rev.fr. peter okwoeze omogo. Our
people are very happy today because of the joy and hope given
to them by this foundation.

Fr. We have nothing to reward you but only God that will reward you and your foundation. Our prayer is that God will continue to bless this foundation and the entire people behind it in Jesus Name Amen!

Finally, I would like to brief my remark to close by once again thanking you all for your effective participation despite the crowded programmes'. God bless you all.

A WELCOME ADDRESS PRESENTED BY EVANG. ONWE JOHN OHAJI ON BEHALF OF NDIAGUEZE OGWUNKPAGABA , OTOKORO, UMUOGUDU AKPU NGBO, OHAUKWU L.G.A, EBONYI STATE ON THE OCCASION OF COMMISSIONING OF OUR DRILL BORE-HOLE BY REV. FR. SAMUEL OMOGO'S FOUNDATION (SOF) IN HONOUR OF REV. FR. DR. SAMUEL OMOGO TODAY THE 10TH OF JANUARY THIS BLESSED YEAR 2022.

Indeed our happiness is to no bound for all the members of Ndiagueze Ogwunkpagba, for the drill borehole that is commissioning today by Rev. Fr. Dr. Samuel Omogo – for the past 2 years when I got the information that some people are still exhibiting the work of charity according to the scripture Matt. 5: 1 – 12 (Beatitude).

Desperately, I was trying to know about the body when some body referred to me to the (SOF) which I inquired together with the whole members of the village and found that there are some people that truly decided to work in the vine-yard of the Almighty God – Peter – feed my lambs.

Without wasting much of our time, I would like to pinpoint some of the benefit of the foundation (SOF) to the people of Ndiagueze Ogwunkpagba by drilling this bore-hole that is commissioning today.

- Everybody knows that water is life. With help of (SOF) we were able to drink good water.
- Water is now available to other domestic activities

- The rate of misunderstanding amongst villages is totally stopped e.g. quarrelling, fighting in the struggle of who will fetch first.
- Kidnapping is totally stopped etc.

Based on the above charity work exhibited by Samuel Omogo foundation in various villages in Ebonyi State and beyond, we pray that God in his infinity mercy and abundance will preserve you and make you blessed amongst nation through Christ our Lord, Amen.

Long live Nigeria

Long live Ebonyi State

Long live SOF

Long live Rev. Fr. Dr. Samuel Omogo

The ordained Priest of Jehovah.

**A WELCOME ADDRESS PRESENTED BY THE FAMILY OF
BROTHER IDENYI FRANCIS ALI ON THE OCCASION OF
COMMISSIONING OF THE BORE-HOLE DRILLED BY SAMUEL
OMOGO'S FOUNDATION IN HONOUR OF REV. FR .DR PETER
OMOGO TO DAY, 10TH DAY OF JANUARY 2022.**

The Rev Fr. Dr. Peter Omogo, the entourage, Ladies and gentlemen.

I wish to use this opportunity to welcome you, your entourage and others into my compound for this August occasion. My family and I say welcome to you all. I wish to express my profound gratitude to you for granting me a rare opportunity of having a borehole in my compound. I say thank you and God bless you immensely.

The importance of this project cannot be over emphasized. This is because water is life. Water is vital to human life and other living creatures. We can survive without good road, light and other social amenities but not without water.

Before this foundation came into existence, our people suffered untold hardship in getting clean water for drinking and for other domestic uses. The only sources of water were ponds and rivers/streams which are unclean and unacceptable for drinking and other domestic uses.

These ponds and rivers/streams usually dry up as soon as the dry season sets in. Also our people used to trek a long distance before they could get water for their own uses.

This water scarcity also hampered the progress of our children in their schools. The resultant effect of this was that a lot of them go to school late due to lack of water for cooking and for

taking their bath. Due to domestic uses of dirty water in our villages/communities, our people suffered a lot of water borne diseases such as guinea worm, typhoid fever and river blindness.

It should be noted that late Samuel Omogo whose name is being immortalized in this foundation was my master and a dear friend. During his life time he had a philanthropic mind and never liked to see anybody around him to suffer. No wonder you the Rev. Fr. Dr. Peter Omogo who is the younger brother of this kind hearted man followed his footsteps. In the same way as our Lord Jesus Christ was going about doing good when He was on earth, therefore continue to do the same because God will reward you immensely. The prayer of my family for you is that God will protect you and prolong your life.

Father our promise to you is that we shall guard this borehole jealously. We intend to form a borehole maintenance committee so that it will be properly taken care of. My family will put effort in its maintenance too.

We wish you father, safe journey back home and God's blessings.

Thanks.

Signed:

Mr. Idenyi Francis Ali

**AN ADDRESS PRESENTED BY LOYALIST EGWU THEOPHILUS IGIRI,
ON 10TH JANUARY, 2022. ON THE COMMISSIONING DAY OF
DRILLED BOREHOLE BY SAMUEL OMOGO'S FOUNDATION IN
HONOUR OF REV. FR. DR. PETER OMOGO.**

Today had marked a special day in the life of people of Nduegu Elom Village in Ekwashi Ngbo in Ohaukwu L.G.A. of Ebonyi State.

Since I know God have been using Rev. Fr. Dr. Peter Omogo to drill borehole in different Communities and villages in various parts of Ebonyi State to reduce the scarcity of water, and to stop people in drinking bad water. This have be a serious problem facing our people because water is so important in the life of man and so water is life. Permit me to mention some importance of water in the life of man.

1. That our Agriculture is growing, it is water.
2. That we build houses, it is water.
3. That we cook, it is water.
4. That we wash all our home material things, it is water.
5. That we produce many things we use to maintain our life, it is all about water.

To mention but few, it is summarized that water is "Life". In olden days or years ago people of Ebonyi State had experienced many problems due to lack of water, such problems includes:

1. Long distance of searching for water
2. Suffering of water born diseases like Guinea-worm and other disease caused by bad water.

With these problems, individual homes have tried to dig well water but not enough. Government have also tried to install pimple bore water but only in urban area, Government, what about those in rural areas?

N.G.O., That is non governmental organization have tried much like providing material items through which those at the rural area can use it to treat bad water from pound and streams.

Today Rev. Fr. Dr. Peter Omogo have come to crown it all by providing and drilling borehole water free to people in different parts of Ebonyi State, now people are enjoying good water in their rural areas as some are enjoying at urban area.

Father, through your efforts, humbleness, human conscious, relationship with people, and zeal you have made many – many people to smile. Therefore the people of Nduegu Elom Village is smelling with their collogues today. We have nothing to offer to you rather we continue to pray for you so that your good work and zealousness will continue and reach to more people especially in Ohaukwu L.G.A. where no Politian's is struggling to be the mosses of our time. We pray that God who choose you will strengthen you with good health, knowledge to work more. We also pray that as you are traveling, you have many other good things in mind for your people and let those things come through. We know that, it is not only borehole that you provide for your people, what about those you have empowered, many people have benefited from your empowerment so may the good God continue to bless you and the entire family of Omogo Okwo Eze.

Long live Rev. Fr. Dr. Peter Omogo

Long live Ohaukwu L.G.A.

Long live Ebonyi State.

Thanks.

Loyalist Egwu Theophilus Igiri
(Secretary of the village).

10TH JANUARY 2022**

**AN ADDRESS OF WELCOME FOR THE COMMISSION OF OUR
BOREHOLE ON THE 10TH JANUARY 2022 BY THE CHAIRMAN OF
THIS BOREHOLE COMMITTEE**

*The Director / Founder
Samuel Omogo's foundation (SOF)
Ngbo.
Protocols:
We say welcome to you all.*

I most grateful to God, the source of our strength and inspiration to always organize the project of water borehole for everyone in Ngbo and Ebonyi State in general to prevail. We are very welcome you and your entourage to our village to commission the borehole you drilled in our village to ease and release the hardship and suffering as a result of scarcity of good drinking water in our area.

We thank you as you keep to the 4th scout law that a scout is a friend to all and brother to every other scout / people no matter what country, class or creed the order may be long. We say more grease to your elbows as Oliver Twist, we request for more from you.

We also appreciate and thank the foundation for drilling more than two hundred (200) boreholes in Ngbo clan yearly.

May the Almighty God continue to pilot the affairs of the foundation through you and the donors, and also grant you journey mercies as you go round to perform this task through Christ our Lord Amen.

Signed

Christian Okpoto 
Borehole Committee Chairman

**AN ADDRESS OF WELCOME PRESENTED BY THE PEOPLE OF OKWERIKE,
UMUEZEAKA NGBO IN HONOUR OF REV. FR. DR. PETER OKWOEZE OMOGO
ON 10TH JANUARY, 2022 FOR THE COMMISSIONING OF BOREHOLE WATER
WELL DRILLED FOR THE PEOPLE OF OKWERIKE.**

All protocols dully observed.

We heartily welcome you all to this memorable event in the life of Okwerike people. First and foremost, we appreciate the Almighty God who in his infinite mercy has made the long awaiting dream come through today in this land, we say may His name be highly exalted in Jesus name. Amen.

We also welcome our August visitor Rev. Fr. Dr. Peter Okwoeze Omogo and his entourage to Okwerike Umuezeaka Ngbo for the commissioning of a borehole water well he drilled for us out of his magnanimity. We wish you happy and peaceful stay with us. Tokwehu.

Steven covey said "we are here in this world to live, to learn, to love and to leave a legacy". A life without legacy is a fruitless life. Samuel Omogo Foundation is a foundation established to immortalize and continue the good legacy of love, kindness and generosity laid by St. Samuel Ugwoke Omogo. Through this foundation Fr., you and your American friends have drilled over two hundred (200) borehole water well in Ngbo, Ohaukwu, Ebonyi and beyond for communities, schools, churches and individuals.

However, this foundation (Samuel Omogo Foundation) have reached out to make a difference in the lives of many people through drilling of borehole water well. Your candid gesture Fr., through the drilling of borehole water well by Samuel Omogo Foundation (SOF) has relieved us from the problem of water we encountered years back by trekking from here to barabara, Okpuru, Ekwesha, Ogwu Nwangbo, Okpurukpu Mbe to mention but a few in search of both drinking and other activities water. It has also acted as a healing balm to us from the stigma of guinea worm disease. You have done to us what no other did. In fact we owe you a big thanks. We say I dike, imeta, imenuka, idebe etu, idebe oge degba, ogedegba ekelegu. If thanks has king, we shall not hesitate to offer you the king type. Our people says that if you appreciate a powerful man for what he did, he will be motivated to do more. We doff our cap for you and say carry go, and may the good Lord reward you immensely.

Fada, nwa Omogo Ogba, Okalibeanyi, yes you deserve it, honour is not blind, it goes to whom it is due. Whosoever is without a dream cannot make any impact

**A WELCOME ADDRESS PRESENTED BY THE MEMBERS OF
NDIAGU ONWE AKIRI UMUSOKE AMOFFIA NGBO, NGBO
EAST DEVELOPMENT CENTRE OHAIKWU LOCAL
GOVERNMENT AREA EBONYI STATE, IN HONOUR OF
COMMISSIONING DRILLED BOREHOLE DONATED TO THE
VILLAGE BY SAMUEL OMOGO FOUNDATION (SOF) THROUGH
REV. FR. PETER OKWOEZE OMOGO HOLD THIS DAY 14TH
JANUARY, 2022**

PROTOCOL.

It is right to say that when the righteous is on the throne, the masses will always rejoice.

Today remains evergreen in the minds of the good people of Ndiagu Onwe Akiri village Umusoke Amoffia Ngbo in Ngbo East Development centre Ohaikwu local government area Ebonyi state. Whose our lord Jesus Christ sent his disciple to our aid by giving us our heart desire by donating of bore-hole water drilling to us and other neighbouring people. Therefore, we are proud to say, welcome, Tokwehu, nnoo, our God's oriented Rev. Fr. in Jesus name Amen.

Therefore, we the entire members of the ^{Village appreciate the good work of Samuel} Omogo foundation (SOF) through our industrious son, Most Rev Fr. Dr. Peter Okwoeze Omogo from Umuogudu Oshia Ngbo, Ngbo West Development centre in Ohaikwu local government area, for their genuine support in donating water bore-hole to the people who demands it because it is quite understandable that water is life, no water, no life.

Indeed, many are called and ordained as Rev. Fathers, ministers in various speculations but not all comers to the aids of the society by providing their heart desires. But you are called specially and ordained as a second

messiah after Christ who was the first messiah of the whole world. You have uplifted the less privileged ones through financial assistance, you have equally donated many brand motorcycle machines to some ministers of God, widows and others. You have also donated many sewing machines for the poor masses who were unable to stand their mini-business shops, you practically donated over 370 bore-hole drilled water in all parts of Ebonyi state, Enugu and Igbo land at large.

Today, we are one among the beneficiaries that is why you are here for the official commissioning. To God be the glory.

Our great anointed Rev. Fr. We have solemnly regards on you and we described you as the best Rev. father within the south East geo-political zones because you know the need and desire of your people and get it solved, so father you take our problems as yours and get them solved.

Father anyi, as you have touched so many lives of people positively in all ramifications of human endeavour, to the satisfaction of mankind and ^{services to humanity} ~~without any charge~~ either in cash or materially, your reward shall come from the above - Jesus Christ in uncountable measures Amen.

OUR DIVINE PRAYERS TO YOU (FATHER ANYI)

- a) That the Almighty God shall renew your life everyday
- b) That the almighty God shall protect you and you shall be in good health always
- c) That the Almighty God shall guide you where ever you go and all the enemies shall not see you both physically and spiritually
- d)

- d) That safety journey shall be your portion, trademark and watch-ward always
- e) That promotion, prosperity and favour shall be your reward all the time.
- f) That you shall be the head not the tail as the Holy scripture recorded it
- g) That you shall be ours and we shall be yours as one family in the lord

We made these prayers in Jesus name Amen.

We the entire people of Ndiagu Onwe Akiri thanks you our lovely Rev. Fr. Dr. peter Omogo and your team for your visit to us. We are proud of you because you are the son of Ngboejeogu clan.

Finally, We welcome you **na anyi** together with your team in Jesus name Amen.

Signed:

Chief Stephen Onwe

For the Village.

**AN ADDRESS OF WELCOME PRESENTED BY THE
STAKEHOLDERS AND THE ENTIRE MEMBERS OF
OKWOREKA VILLAGE AT THE COMMISSIONING OF
THE BOREHOLE WATER PROJECT BY REV. FR. DR.
PETER OMOGO AND SAMUEL FOUNDATION,
ABAKALIKI BRANCH EBONYI STATE, ON THIS DAY
TUESDAY 18TH JANUARY, 2022.**

PROTOCOL:

The highly intellectual and reputable priest, Rev. Fr. Dr. Peter Omogo

Other Reverend clergy here present,

The Samuel Omogo foundation members Abakaliki branch,

The distinguished stakeholders of Amoffia and our great Okworeka village here present,

Other well wisher, ladies and gentle men.

It is with gratitude to God and high sense of excitement that we have gathered to celebrate the man of God, in the person of Rev. Fr. Dr. Peter Omogo, the man who has been parts and parcel of us the man who has made tremendous impacts in the lives of many people both here and outside.

Today, we the people of Okworeka village unanimously join other beneficiaries of this laudable foundation to prove the ingenuity and exceptional quality of this man of God, the Rev. Fr. Dr. Peter Omogo and Samuel foundation. Father, the people of this village have been hearing of your life touching project and today it is our turn to join others to celebrate that kind gesture initiated by you. We say bravo and more grease to your elbows.

Therefore, we are saying to you welcome, because you have made us glad today. So, there is no gain saying that a thing of joy is happy forever. The entire members of our village are praying for your more successful years in the services of God in His vineyard and the wellbeing of humanity in general. To us, this gathering is wonderful

and, it is more wonderful because it marks the end of alarming rate on shortage of clean and drinkable water in our village and even beyond.

To be real, my lord we are handicapped by the poverty of human language with which to express our sincere appreciation to you for what you have done for us and for your exemplary zeal and tireless efforts to lessen and alleviate the suffering of thousands of people in terms of problem of good drinking water since, as Henri Fredric Amiel once said "**gratitude is shown in acts**" we humbly offer this gift to you as a token symbolic of our inner and unquantifiable appreciation to you, even as we continue to pray the good lord to continue to strengthen you in your period of executing your philanthropic work and clear demonstration of your enduring legacy.

We cannot therefore forget our elderly state man Mr. Ogah Benard for his effort and support for the success of this project.

My priest sir, we are grateful to God for giving us the privilege to host you and the members of the foundation at this period of grace. We therefore, pledge our loyalty to abide by your already established principle among the users of the drilled water anywhere they are sunk, also promise to join hand with you to raise the banner of the lord in our community and your foot-print to a higher height.

Our admiring priest, we are indeed, grateful to you and indeed to all who have left their numerous engagements to grease this occasion. As you return to your respective destinations, may God in his infinity mercy bless you and keep you safe and sound Amen.

Long live Samuel Omogo Foundation

Long live our Religious Messiah (the Rev. Fr. Dr. Peter Omogo)

Long live the beneficiaries of the foundation

Long live Okworeka people

Long live Amoffia Ngbo

AN ADDRESS OF WELCOME PRESENTED BY THE LEADER HOLY FAMILY CHURCH OJIEGBE NGBO, DURING THE COMMISSIONING CEREMONY OF A WATER BORE HOLE DRILLED BY SAMUEL OMOGO FOUNDATION ON THE 18TH JANUARY, 2022.

The Director Samuel Omogo Foundation, Rev. Fr. Dr. Peter Omogo. The parish Priest Holy Ghost Parish Ngbo, Rev. Fr. Chinyelugo Udegbe. Members of Amaogu Community, Members of the press, Christian Community of Holy Family Ojiegbe.

All protocols dully observed!

According to our former Parish Priest of St. Mulumba's Azuiyiokwu Abakaliki. Rt. Rev, Monsignor Jerome Anetoh of the blessed memory says that gratefulness is the songs and music of angels in heaven.

We are overwhelm for the peculiar attention given to us on this project, according to my personal record, the entire arrangement lasted only but eleven days and I considered it as the fastest project I had ever embarked upon, to God be the glory and we are very grateful to God for giving Ngbo-ejeogu a son Priest like Peter, a selfless and a philanthropist like Fr. Omogo who are going about doing good, giving free water to nooks and crannies, caring for elderly and less privileges, giving hope to the hopeless, no wonder, during your chaplainship of Diocesan Block Rosary Crusade, the then president Late Brother Patrick Uwakwe used to call you Ome-ogo, I now realized that the late young man was in vision then. The mighty one has chosen you as an instrument of blessing to humanity and your reputation will speak about you sir!

APPEAL:

Like Oliver twist, I wish to categorically ask for more inasmuch the word of God says in the gospel of Matthew chapter 7 vs 7 keep on

asking and it will be given to you, keep on seeking and you shall find, keep on knocking and the door shall be open! c/o (New living translation Bible) we therefore solicit financial support for roofing of our church building which its work started about 22 years ago, we pray that the Almighty God will replenish you as you give us more helping hands towards building our church, our hands are open to receive any contributions no matter how small. Our prayer is that God will continue to bless and protect you and the entire members of Samuel Omogo Foundation, you are assured of our daily rosary!

Long live Holy Family Catholic Church!

Long live Samuel Omogo Foundation!!

Long live Rev. Fr, Dr, Peter Omogo!!!

Signed

Ukpah Joseph C.

For and on behalf of Holy Family Church.

AN ADDRESS PRESENTED BY COMR. UGWU KENDRICK CHIBUEZE THE YOUTH LEADER ON BEHALF OF THE UTOROBI VILLAGE IN NDIAGU UBOCHI OKPOSHI ESHI NGBO ON OCCASION OF BOREHOLE DRILL COMMISSIONING/ CONSECRATION, ON 12TH JANUARY, 2022 AT UTOROBI JUNCTION.

The Emeritus Rev. Minister, Samuel Omogo Foundation group, the honourable personalities, the elders, the village heads, the women wing, youths, officers and committee Samuel Omogo Foundation Utorobi village chapter, distinguished ladies and gentlemen; I say welcome to you all in Jesus name, Amen.

The Address is presented in the honour of our Dear Revered Fr. Dr. Peter Omogo whom we deemed it fit to celebrate the consecration of the borehole awarded to this noble village Utorobi.

HIGHLIGHT OF THE BOREHOLE: It is quite clear to all of us that the borehole project started on January, 2021 and was completed on 8th and 15th December, 2021 through the effort of some of our brethren in the persons of Mr. John Ajim; the village (Utorobi) chairman, brother Nwibo Sunday the secretary, Mr. Ome Samuel the borehole committee vice chairman and host of other dignitaries.

Meanwhile, the awarding of the borehole in this village is a sigh of relief not only on the people of Utorobi in Ndiagu Ubochi but of Okposhi Eshi as a community. Before now, we had ponds (Okpuru) such as Mkpuma Azuloibe Ugwoke, Mkpumaocha, Oyirigbo and Utorobi which did not last long in their respective banks. However, as a result of unhygienic nature of those mentioned ponds, our people had suffered water borne diseases such as like cholera, Guinea worm, typhoid and other risks.

ACHIEVEMENT: Indeed, the embargo of no good water in our area had been lifted because servant of God, the epoch maker and the visionary leader has come.

On 5th January, 2022; we did not believe the text message that was received by Mr. John Ajim the chairman of the village that commissioning of the borehole would take place "TODAY" being 12th January, 2022 by the Rev. Fr. Dr. Peter Omogo by 12noon.

Today therefore, we are fulfilling psalm 50:14 and I quote, offer to God a sacrifice of thanksgiving, and pay your vows to the Most High. Also, in the book of Philippians 4:4 "Rejoice in the Lord always; again I will say Rejoice: so, with the above Biblical injunctions, we are rejoicing and appreciating God for our big brother and father in the Lord causing smile on our faces, for we shall drink when we are thirsty, take bath with good water and above all cook food with clean and hygienic water.

APPRECIATION: Our Dear Rev. and brother! Our happiness today is not just because you drilled borehole for us and being in our midst for now, our source of rejoice is in reference to the Biblical portion of Genesis 28:14 which says, And your descendents shall be like the dust of the earth, and you shall spread abroad to the west and to the east and to the north and to the south; and by you and your descendants all the families of the earth bless themselves.

We also use this medium to charge you to continue using your spiritual prowess to do more good because to whom much is given much is expected.

Because you are the source of hope to the people, God shall continue to work in your own vineyard (reward you). Before I rest the speech, we will not forget to specially thank you for much you have done and the much you will still do because we still need more from you.

A dream of today is a reality tomorrow, meanwhile, we pray may the Almighty Father bless and journey mercy to your destination in Jesus name, Amen.

Welcome (tokwehu) succor giver;

Welcome Rev. Fr. Peter Omogo

Welcome Samuel Omogo Foundation (SOF)

Welcome Omeru tee onu ochi waa ndu echefuru echefu ken du Utorobi

Goodbye e e e.

On behalf of people of Utorobi in Ndiagu Ubochi Okposhi Eshi Ngbo,

I remain

Ugwu Kendrick Chibuzeze

The Youth Leader.

**WELCOME ADDRESS PRESENTED BY NDESHA INYIMAGU
OKPOSHI EHEKU NGBO OHAUKWU LOCAL GOVERNMENT
AREA, EBONYI STATE ON 15TH JANUARY, 2022.**

On behalf of Isheokpe Ndesha Inyimagu Okposhi Ngbo, we humbly hereby thanking God for a great day like this, we use this opportunity to thank our dear Rev. Father Peter Omogo Okwoeze, for giving us life for we all known that water is life, for making use to be like others because for years we have been in search of water but probably we seek for his help which he rendered to us freely, we pray that God will give him long life for him to continue with his good will and kindness to people who needs help.

Father you are highly welcome, we welcome you with all our hearts.

We welcome you Rev. Father Peter Omogo.

We welcome you Okwoeze Omah

We welcome you omere oha

We welcome you nwoke nji mere ona

We welcome you ekwu eme

We welcome you nwa nwa ndi oge oha

We the Isheokpe Ndesha Inyimagu Ngbo are saying that you are welcome.

We don't have anything to repair you for what you did ^{to} not us, but let God Almighty bless you.

You are welcome in Jesus name, Amen.

HANDMAIDS OF THE HOLY CHILD JESUS AZUIYIOKWU COMMUNITY

Number 17 Convent Road
Abakaliki Local Government Area
Ebonyi State
Phone: +2347035202919
Date: 29th January, 2022

A WELCOME ADDRESS PRESENTED BY SR. PRISCILLA OGECHI ANAEKWE, HHCJ ON THE OCCASION OF COMMISSIONING OF A BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION

I am delighted to present this address on the occasion of the commissioning of this borehole in Handmaids of the Holy Child Jesus, Azuiyiokwu. I thank God for answering our prayer and fulfilling our long-time dream. I sincerely thank you Rev. Fr. Dr. Peter Omogo, the founder and executive director of Samuel Omogo Foundation for being the useful instrument used by God to answer our prayer and fulfil our desire for a portable safe clean drinking water.

Late Mr Samuel Omogo to the best of my knowledge was a great philanthropist who dedicated his entire life to the service of God and improving the lives of the people he came in contact with. He did a good job of improving lives while alive and has done and is still doing best after life through the foundation.

Samuel Omogo Foundation has created a life changing state to a great number of people especially the rural dwellers in South-eastern Nigeria by providing clean water to people who would have otherwise cooked, drank and carry out other hygiene activities with contaminated water from the pond and other unsafe water sources. This noble foundation has established over 600 safe water sources since ~~their~~ inception (I stand to be corrected) and have improved lives of hundreds of thousands of the people.

Human physiology has it that 75-80% of the body constituent consist of water, so no person can survive without water hence water is life. Thank you Fr. for giving life to the Sisters-Handmaids of the Holy Child Jesus, Azuiyiokwu, the

pupils and the staff of Handmaids International Nursery/Primary School who would comfortably walk to the water source in their school compound and fetch their reliable and safe drinking water and also our neighbours (the villagers) who walk miles to fetch water.

Father, you have given us a lasting solution to the water borne diseases such as typhoid fever, diarrhoea, cholera, guinea worm etc. Thank you for improving our health and wellbeing.

Research has it that frequent consumption of safe water helps to prevent and also cures a good number of sicknesses. Samuel Omogo Foundation has given us health remedies and also a cause to be of good health and be hygienic.

What else shall we say "for a cup of cold water in charity (naimeogo) given is remembered with joy in the sky" For remembering the poor and the less privileged and voluntarily working to alleviate their suffering, you will certainly be rewarded by God who is a great rewarder.

We pray the almighty God to bless and prosper Samuel Omogo Foundation for their kind gesture to the poor. And that God may bless the donors and prosper the work of their hands through Christ our Lord. Amen.

Long Live Catholic Diocese Of Abakaliki.

Long Live Rev. Fr. Dr. Peter Omogo.

Long Live Samuel Omogo Foundation.

Long live Handmaids of the Holy Child Jesus.

Signed

Sr. Priscilla Ogechi Anaekwe, HHCJ

Local Superior

**AN ADDRESS OF WELCOME BY: BARR. P. F IGWE, SECRETARY
PARISH COUNCIL, ST. VINCENT DE PAUL OKWASE NKALIKI,
ABAKALIKI, EBONYI STATE ON THE OCCASION OF COMMISSIONING
OF DRILLED BOREHOLE BY SAMUEL OMOGO'S FOUNDATION IN
HONOUR OF REV. FR. DR. PETER OMOGO ON THIS 29TH DAY OF
JANUARY, 2022.**

All protocols duly observed

The Parish Priest St. Vincent De Paul Catholic Church, the Director Samuel Omogo's Foundation, **REV. FR. DR. PETER OMOGO** and your co-benefactors, Ladies and Gentlemen of St. Vincent De Paul Parish.

It pleases me to welcome our guests today on this maiden, uncommon and unprecedented rare gift commissioning/celebration.

St. Vincent De Paul took her first breath of worship on the 8th day of April, 2018 on the occasion of Christian Women Organisation (C.W.O) day.

St. Vincent De Paul on that faithful day housed the Parishioners in canopies hired by the C.W.O in conjunction with the C.M.O whom they reap to score alphas in their programmes all over the world, the Catholic Church in particular.

It is worthy of note that our Parish had its first Mass Service celebrated under three canopies, buttressing the fact that there was no thatched house, kiosk, or pillar known to the parishioners as the church house other than bush surrounded environment.

Distinguished guests, St. Vincent is a child of many visions and missions on the ground that its existence was placed on nothing yet it stood and has come to stand, as evidenced facially and internally herein.

Sequel to the ugly physical state of the church, the Parishioners kick-started the structural design of the church in a low key by building a wood pillared zinced house that accommodated over Two Hundred Parishioners normally seated on their respective chairs brought from their homes whereof the rest would stand or sit in their own chairs under the sun in every Sunday Mass. As a matter of fact, some of them used to come with umbrellas in order to mitigate the harshness of the sun scotching either on their respective heads or most importantly that of their children

Distinguished guests, it is superfluous and miraculous to inform you that we worshipped in the cubicle all through 2018 down to 2019 but never experienced rain fall for one day during our usual two masses of every Sunday. This unmerited favour continued till we expanded it to where we are now and still expanding as you can see.

Distinguished guests, we are not here to feed you with talks but to express our feeling about the church which its success story cannot be comprehensive without today's event occasioned to cushion our struggle by this benevolent Foundation.

Base on the foregoing rejuvenating and heart friendly information, I wish to inform us that our Parish shall be 4 (four) years old on 8th April 2022. Thus; a crawling child suddenly becomes a speed-star, what a mystery!

Dear Parishioners, to the benefactors of this project here to commission today; "they will say drilling of borehole is a common thing because it is what we do freely to the needy like our Parish". But to us, the beneficiaries; "the Foundation has done great of the greatest things for our Parish". Thank you!

Your chosen project in our Parish is in so many ways beneficial and unlimited;

We will no longer engage tanker drivers to refill our project tanks.

The toilet we severally planned to have but could not because of lack of water to flush toilet after use, is now a goal.

The cleaning of the church which our mothers carry water from their homes to do, is over.

We can as well lubricate our vocal cavities whenever we are thirsty.

Our neighbours are also not left out in this magnanimity since; they can freely use the water without restriction.

Indeed we are made whole, as one of the indispensable things of man is on this day provided to us

We therefore urge you to join us in thanking God for this unmerited favour.

In the light of the above plethora or avalanche of points herein tabulated in litany and also in derivative projects brought to us; Ladies and Gentlemen of our Parish, I wish to ask you to join me to give kudos to our benefactors who

have fulfilled the injunctions of the holy bible in the book of **Matthew 25: 35** which reads thus:

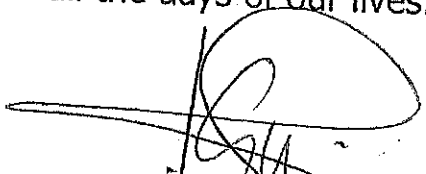

**" For I was hungry and you gave me something to eat,
I was thirsty and you gave me something to drink,
I was a stranger and you invited me in".**

All these **REV. FR. DR. PETER OMOGO** and His Foundation have done and perfected and we cannot thank you enough. We pray that God will reward you abundantly with good health, prosperity and longevity...Amen.

To our dear Parish Priest, **REV. FR. OKEKE JOHN MADUABUCHI**, we say thank you for always looking sideways to complementing our continuous expenses in the church. We promise you our continuous unalloyed support, loyalty and solidarity. May God always guide and protect you.

To our ever dedicated Parish Executive Council, Committee Leaders and Members without forgetting our wonder working Parishioners, we say thank you all!

May God bless and keep all of us and may His Goodness and Mercy follow us all the days of our lives...AMEN.

PETER FRIDAY IGWE
Secretary Parish Council.

ANCILLA AGRO INITIATIVE, AGUOGBORIGA

ABAKALIKI EBONYI STATE

DATE: 29th JANUARY, 2022

A WELCOME ADDRESS PRESENTED BY SR. MODESTA NWONWE, HHCJ ON THE OCCASION OF THE COMMISSIONING OF A BOREHOLE DRILLED BY SAMUEL OMOGO FOUNDATION

An attitude of gratitude is the least of all virtues and an attitude of ingratitude is the worst of all vice says Heidegger. I begin this short welcome speech on the occasion of the commissioning of the borehole in Handmaids of the Holy Child Jesus Farm, Aguogboriga by recognizing the presence of God who is the Giver of all good things and who has favoured us with this borehole. I am delighted and filled with exceeding great joy on this historic day. I want to particularly appreciate you Rev. Fr. Dr. Peter Omogo, the founder and director of Samuel Omogo Foundation for your humanitarian and community development services, May the good Lord reward you a million fold.

Samuel Omogo Foundation was founded in memory of Mr Samuel Omogo who was a great philanthropist, for improving the health and wellness of the people of South-Eastern Nigeria, especially the rural dwellers by providing them with a safe portable clean water. This foundation has held its purpose tenaciously. This foundation has created a life-changing state through the construction of safe water resources. Today the foundation reaches out to bring clean and safe water to hundreds of thousands of people whom otherwise drink and cook using contaminated water from unsafe sources. This foundation is helping to meet the Sustainable Development Goal number 6 which is dedicated to ensuring availability and sustainable management of water and sanitation for all.

Water is life, without water, no living thing can survive, thank you father for giving life to us and the rural dwellers of Aguogboriga. Good water guarantees good health, thank you father for guaranteeing us good health. Frequent consumption of safe clean water brings healing to so many sicknesses, thank you Father for giving us

medicine. Thank you for reducing the rate of water-borne diseases in Ebonyi State and beyond.

Agriculture we know plays a critical role in the entire life of a given economy. It is the backbone of the economic system of many countries of the world. In addition to providing food and raw material, agriculture also provides employment opportunities to a very large percentage of the population. The scarcity of food and other resources enforced by the effect of COVID 19 has added great value to Agriculture. Without water, it is impossible to embark on farming. We have lost a huge number of birds to coccidiosis, fowl typhoid, bird flu and diarrhea which results from the consumption of contaminated water by the birds. We can assure you that with the availability of this safe water, such huge casualty has become a history.

Due to lack of water, we can only embark on annual crop farming like cucumber, water melon, maize, vegetables, Okro etc during rainy season but today we assure that in your next visit during dry season, you will see all these booming in this farm.

Father we cannot finish counting our blessing, we ask the good Lord to bless You and prosper Samuel Omogo Foundation. We also pray for God's choicest blessing on all the donors of the noble foundation.

We are truly grateful Father.

Signed

Sr. Modesta Nwonwe
Project Manager

AN ADDRESS OF WELCOME PRESENTED TO REV. FR. DR. PETER OMOGO, THE CHIEF EXECUTIVE OFFICER/DIRECTOR OF SAMUEL OMOGO'S FOUNDATION BY MR. ADIABOR EMMANUEL ON THE OCCASION OF HIS INAUGURATION CUM COMMISSIONING OF THE NEWLY DRILLED WATER BOREHOLE AT EKERU INYIMEGU VILLAGE DATED; 28TH JANUARY, 2022.

Hon. Idenyi Chukwuma, the village head,

The Village Executives,

The Village Elders,

The village Women,

The Village cultural and dancing troops,

All other protocols duly observed.

I am still uncertain about who among these mouths can blow fire to flames; A mouth filled with water or the one filled with laughter. So, whichever way I start or end this address, what is certain is that it is an overflow and explosion of intrinsic joy and gratitude.

Today's ceremony is significant in a number of ways;

First, it is a clear manifestation of the goodness and omnipotence of God whose ways are different from our ways.

Second, it shows that true apostolic zeal and apostolic spirit is still a potent weapon for those desirous of success in mission work.

Third, it is a reminder for those who labour in the Lord's Vineyard to concentrate more on the work and make less noise, for ours is to plant and water; God alone gives the increase.

Permit me to take you down the memory lane a little. Ekeru village started with about five families namely Adebora, Nwobor, Agbara, Nwesor, Mbam Alo but now the population of the families and people in Ekeru Inyimegu both at homes and in the cities counts above five thousand people with five different autonomous zones with their zonal chairmen. The village is blessed with fertile lands and have experienced a considerable level of peace. Unfortunately, the geo-graphical location of Ekeru Inyimegu created a lot of setbacks to the socio-political and economical growth and development of the village. The village is located in between the boundaries of Abakaliki and Izzi Local Government Areas and most unfortunately,

the village is separated from our local Government Area by Ebonyi River. Because of this, we have been forgotten and neglected by the government and our political leaders, that is why at this digital age, we cannot boast of electricity, good drinking water source, primary health centre, school, market and good roads. Our graduates are unemployed as no one to help, despite that we have written severally to different Government agencies for help, but all we receive are vain promises.

It is with the advent of Rev. Fr. Dr. Peter Omogo that Ekeru village can boldly say, *vita non est vivere sed valere*-that life is not to live but to live well. This is because you have ameliorated our misery and have put smiles on our suffering faces. Samuel Omogo's foundation under your directorship had not only donated water borehole but had continued providing hope for the hopeless, assistants to the needy, the indigent windows, the orphans and the less privileged across the nations through your generous financial aids, succor and free gifts of valuable materials for the well being of humanity. This is significant as you were conferred with the title Ekwueme 1 of Ekeru village on the occasion of commissioning of the free borehole you donated to Mr. Michael Nwoji early this month and today you are giving us another borehole you have come to commission.

As the Latin says *quid quid bonum, quid quid pulchrum, quid quid verum, quid quid honestum, dignum laude est*-whatever is good, whatever is beautiful, whatever is true, whatever is honourable is worthy of praise. Indeed Fr, what you have done is good, beautiful and a proof that you are a worthy representative of Christ who is the light, the way and the truth. Indeed you are worthy of praise and we believe that the voice of the people is the voice of God (*vox Populi vox Dei*).

At this juncture, we humbly request you to accept these token as a sign of appreciation because Latin says, *Aurum et argentum non est nobis, sed quod habemus, hoc tibi damus* (Gold and silver we have not but what we have we give to you). Indeed we are very grateful for your philanthropy and Godliness. Because of these outstanding qualities we are conferring you another title, "Iphoro ndu Ekeru Village (The Light of Ekeru people).

We pray that as you travel back to your destinations here in Nigeria and out of Nigeria, that God will grant you his divine journey mercies. Amen, *Bene volo tibi* (we wish you well).

Sighed:

Adiabor Emmanuel (Village secretary)
For and on behalf of the village head
And Ekeru people.

**A WELCOME ADDRESS PRESENTED BY NWANKWEGU FAVIOUR OF
GEORGE MIKEL ACADEMY DAY CARE NURSERY AND PRIMARY
SCHOOL NDIECHI ONUEBONYI IGBEAGU, IZZI LOCAL GOVERNMENT
AREA OF EBONYI STATE ON THE DEDICATION OF THE NEW BORE
HOLE DONATED BY REV. FR. DR. PETER OMOGO.**

The Chairman of the community Mr. Emmanuel Lawal, our special guest of Honour Rev. Fr. Dr. Peter Omoggo. The director of the School Dr. Oliver Uchenna Nwankwo, the proprietress Barr. Mrs. Gloria Oliver Nwankwo. The members of the community our dear teachers and pupils, ladies and gentlemen.

With heart full of joy and gratitude to God, we feel greatly honoured to God, we feel greatly honoured to say few words of welcome to you all. On behalf of the community chairman Mr. Emmanuel Lawal, the director and proprietress Dr. and Barr. Mrs. Oliver Nwankwo, all members of Obegu Integrated Neighbourhood.

We welcome all our distinguished guest on this dedication of the new development in our community precisely in George Mikel Academy. There is an adage which says that water is life, thanks for making it possible.

we all know that water supply has been our major problem here for years now, once there is dry season the community depends only on pond and stream water to survive, which has lead to outbreak of cholera, loss of life and other infectious diseases, because of the unclean water we drink, cook and bath with.

Today being 15th 20th of 2022.

The community honours Rev. Fr. Dr. Peter Samuel Omogo in a special way, we appreciate Rev. Fr. Dr. Peter. Samuel Omogo,

We appreciate all your fatherly and spiritual Support towards the growth of our community and school. we thank you so much for being the founder of this NGO which we are one of the beneficiaries, as it less stress of going far distance in search of water, we say may God reward you abundantly.

We are grateful to the director and propertoress of the school Dr. and Barr. (Mrs.) Oliver Nwankwo who chose to invest in education. He has transformed the virgin forest of Ndiechi to a first class citadel of learning with quality Infrastructure and quality tutors. I pray God to bless him and protect the school. All thanks to Obegu Integrated Nighbourhood who attracted the borehole.

I thank the staff and pupils for organizing this dedication and give honour to whom honour is due.

Meanwhile, we thank the community leader and members of the community who inspite of the hard time determined to sponsor their wards in the affair of the community. May the almighty God continue to provide for you to educate your wards.

Thank you and God Bless you all.

Long live Rev. Fr. Dr. Peter Samuel Omogo.

Long live Ndiechi Onuebonyi

Long live George Mikel Academy

Long live Ebonyi State

Long Live the Federal Republic of Nigeria

AN ADDRESS OF APPRECIATION PRESENTED BY THE PRINCIPAL OF GOVERNMENT GIRLS TECHNICAL COLLEGE AGBA TO THE DIRECTOR OF SAMUEL OMOGO FOUNDATION, REV. FR. DR. PETER OMOGO FOR THE PROVISION OF WATER BOREHOLE TO THE COLLEGE THIS 29TH DAY OF JANUARY 2022.

The Director of Samuel Omogo Foundation

The PTA chairman

The members of the staff

The students

Ladies and gentlemen

It is with deep sense of appreciation that we welcome the director of Samuel Omogo foundation, very Rev. Fr. Dr. Peter Omogo and his entourage to our college Government Girls Technical College Agba, the only girls technical college in Ebonyi state. Your visit to our school today to commission a water borehole project by God's grace is already putting smiles on the face of this college community.

The college has a population of about seven hundred (700) students and about hundred (100) members of the staff. One of the major problems that have affected this population is water scarcity especially during dry season. Students stand in a very long queue for about two to three hours to get water from our only water source – one motorized borehole that barely serves the population of the school. The epileptic power supply and high cost of diesel makes it more difficult to have regular water supply. This has drastically affected the activities of the school and the sanitation of the compound, and students sometimes go late to school activities in search of water and some other times attend such activities without taking their bath. Your magnanimous intervention to the school by providing us with a hand borehole is a big relief to us. It is actually a dream come true. You have made a mark that will ever be remembered. You have saved these little children from the hardship of water scarcity they experience everyday. May God bless you.

Father, we wish to acknowledge and appreciate in general term all the services you render to various institutions and communities in Ebonyi State and humanity at large especially the project of provision of water. We are particularly happy today that we have joined the litanies of beneficiaries of your kind gesture. We are dearly grateful and pray that the Almighty God blesses you abundantly.

Please accept our little token of appreciation.....

Once more, on behalf of the members of the staff and the students of Government Girls Technical College Agba we say thank you and God bless. Be assured of our continuous prayers.

Rev. Fr. Matthew Orie

**AN ADDRESS OF WELCOME PRESENTED BY THE
ASSUMPTION PARISH COUNCIL ON THE OCCASION OF
COMMISSIONING OF A BORE HOLE BY REV. FR. DR. PETER
OMOGO THIS DAY 29TH JAN. 2022**

PROTOCOL:

My brothers and sisters in Jesus Christ, we immensely welcome you to today's occasion. It is a day set aside to officially commission the bore hole drilled by Samuel Omogo Foundation in honour of Rev. Dr. Peter Omogo. Today is a special day in the history of Assumption Parish Amagu Ikwo, because it is a day meant to welcome a special man of God and succor giver.

We all thank the Almighty God for His infinite mercies and blessings bestowed on each of us to rejoice and pray together for the success of this foundation founded and funded by an amiable, enviable, industrious, erudite and beloved Priest Rev. Fr. Dr. Peter Omogo who is incidentally our blood and spiritual brother from Ngbo.

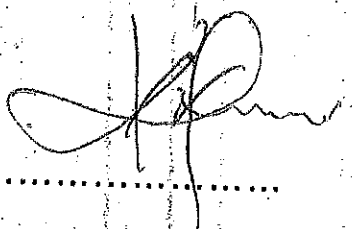

As a Priest who knows our predicaments and who is touched by human life and welfare, have decided to water not only Assumption Parish Amagu Ikwo but the entire Abakaliki Catholic Diocese with its borehole projects. We say TO GOD BE THE GLORY. We sincerely appreciate the foundation for its humanitarian services rendered to the less privileged, physically challenged, widows, the aged, the motherless, and the down trodden may the Almighty God reward you in million folds. And to the founder of the foundation, Aristotle once

said, "that the end of a journey is the beginning of another", we wish you extend your hands of human mindedness and selfless service not only to Catholics but beyond.

Fada Omogo, God has used you to achieve our heart desire, we pray the Almighty God to restore in you adequate faith, holiness, love, sacrifice, wisdom and above all good health to continue your humanitarian services and outstanding public service in God's vineyard.

We are grateful to all who forfeit their already schedules to witness this commissioning, we pray the Good Lord to safe guard and reward them their heart desires abundantly.

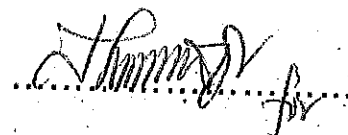

Finally we appreciate our parish Priest Rev. Fr. Beneth C. Agbo, Rev. Sr. Theresa Iganga, the parish council, the parishioners and all who in one way or the other contributed to the success of this project. May the Almighty father in His infinite mercies grant each and everyone of us journey mercies to our different homes in Jesus Name
- Amen.

Signed:

.....

**AN ADDRESS OF WELCOME PRESENTED BY THE CHAIRMAN,
AGALAGU AMAGU DEVELOPMENT COMMITTEE (ADC) ON THE
OCCASION OF COMMISSIONING OF THE BORE HOLE SUNK BY
SAMUEL OMOGO'S FOUNDATION UNDER THE SPONSORSHIP OF
REV. DR. PETER OMOGO.**

It is my honour to express my profound gratitude to our guests of honour who deemed it necessary to identify with us on this occasion of commissioning of bore – hole sunk by this noble charitable organization known and addressed as Samuel Omogo foundation under the sponsorship of Rev. Dr. Peter Omogo.

It is pertinent to note that it is not up to a year I applied to Samuel Omogo Foundation for this charitable venture which matured today. Infact I must not fall to confess that this organization is divinely instituted to address the problems of the less privileged as individuals and community.

It is worth noting that this organization has demonstrated her high level of charity in areas of sinking bore – hole, donation of sewing machines and motorcycles to ministers of God and other individuals in different parts of the state (Ebonyi).

Today we have all gathered to witness the commissioning of the bore hole sunk in Agalagu in Amagu Community of Ikwo Local government Area of Ebonyi State by the divinely instituted organization – Samuel Omogo Foundation.

I cannot conclude without acknowledging the effort of His Lordship Bishop Awoke Godwin, who took it upon himself to ensure the dream of my application is realized.

One more, I say you are welcome to Agalagu Amagu - the land of peace.

NDIAGU AZULO UMUOGUDU OSHIA NGBO OHAIKWU L.G.A., EBONYI STATE

Our Ref:.....Your Ref:.....Date: 16/01/2022...

AN ADDRESS OF APPRECIATION PRESENTED BY NDIAGU AZULO UMUOGUDU OSHIA NGBO, THIS DAY 16TH JANUARY, 2022 BEING THE COMMISSIONING OF DRILLED BOREHOLE AT NDIAGU AZULO UMUOGUDU OSHIA NGBO BY REV. FR. PETER OMOGO.

Protocol:

With deep affection and immeasurable gratitude to God Almighty, I hereby welcome all of you to this event, borehole commission ceremony today 16th January, 2022. In a special way I want to welcome our priest, Rev. Fr. Peter Omogo and his entourage who made us to gather here today. Fr. May God continue to strength you in Jesus name, Amen.

Incidentally, we have all gathered here not merely for commissioning of borehole but also to appreciate God through our workaholic and humanitarian priest, Rev. Fr. Peter Omogo. Father, it is overtly obvious that you are a God sent priest ordained in the order of Melchizedek to come ad liberate humanity from hardship and long suffering. Father, you are an excavator and iron breaker; you are unique and exceptional among your equals.

As a matter of fact, we all know that water is life because it is one of the basic necessities of life. However, man cannot survive without water. Today, father has given us water so that we can survive and so he is the God we are seeing today, as he is concerned over our existence and survival.

Father, you have made a great impact in our lives and to the existence of our young village, Ndiagu Azulo Umuogudu Oshia Ngbo, as this will help us to continue work in the church better than before. Now, we cannot buy water during work in the village, hence reduction on the expenditure as we continue to build the Rev. Fathers' house.

Infact, we lack words to thank you but only God know how grateful and happy we feel over your kind gesture upon us. Our prayer is that the good Lord, who gave you this mandate and inspiration, will continue to bless you strengthen you more wonderfully in your foundation in Jesus name, Amen.

To God be the Glory.

Signed:

**Mr. Ose Michael

Sir,

HARVEST THANKSGIVING CELEBRATION

Rev. Father Dr. Peter Omogo-
The Director Samuel Omogo Foundation (SOF),
The Counsel Ndiegbe Autonomous Community,
The Chairman of Ndiegbe Community
The Woman and the Youth Leaders Ndiegbe Autonomous Community
The Distinguished Clergymen here present
Ladies and Gentlemen.

WELCOME ADDRESS DURING THE COMMISSIONING OF THE DONATED BOREHOLE BY SAMUEL OMOGO FOUNDATION (SOF)

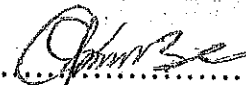

On behalf of the Presbyterian church of Nigeria, St. Stephen congregation Ndiegbe Onuebonyi of First Izzi parish of the Presbyterian church the minister-in-charge heartily welcomed you into this great occasion of commissioning the free Borehole donated to us by Samuel Omogo Foundation led by Rev. Fr. Dr. Peter Omogo on 28th January, 2022 by 9am.

The Distinguished Rev. Fr. Dr. Peter Omogo is proving his rareness by providing the most important commodity in the world for mankind what Government could not do for us. We are more blessed to have entered a book of this distinguished servant of God.

Father, We Must confessed that the commencement and finishing of the borehole project have ignited our joy.

Father, with great gratitude in our hearts, we welcomed you and your team to the Presbyterian church First Izzi pariah and Ndiegbe Autonomous community, praying that God will be with you during and after the commissioning.

More blessings and long life to you in Jesus name.

.....
Rev. Godwin O. Nwani
Minister in-charge.

**AN ADDRESS OF WELCOME PRESENTED BY PASTOR AMAECHI ONUOHA
ON THE OCCASION OF BOREHOLE COMMISSIONING DRILLED FOR THE
PEOPLE OF OKALERU CENTRAL, UMUEZEOKOHA, EZZA NORTH LGA,
BY REV. FR. DR. PETER OMOGO, FOUNDER OF SAMUEL OMOGO
FOUNDATION**

I feel highly honoured today to stand before Rev. Fr. Dr. Peter Omogo with his entourage and the good people of Okaleru Central in Okaleru Community in Umuezeokoha of Ezza-North L.G.A, of Ebonyi State on the occasion of borehole commissioning.

I am particularly grateful to Rev. Fr. Dr. Peter Omogo who availed himself as an instrument of philanthropy being used of God to better the lives of the down trodden most especially in the area of free water provision through drilling of boreholes.

The people of Okaleru Umuezeokoha have been notoriously backward in the area of good water provision for a very long time. The major source of water provision here in Okaleru Central are open ponds where animals and man compete together in search of water. This have led the villagers in their large numbers falling victims to a lot of water borne diseases like guinea worm and other dangerous diseases.

Our amiable Rev. Fr. Peter Omogo who said that he set up this **Samuel Omogo Foundation** majorly among other things to provide potable water to the people of Ebonyi State in general have done marvelously well in that regard. He with his American partners have drilled over 400 boreholes in Ebonyi state and still drilling. I have never seen any human being in this part of the world to have helped humanity the way Rev. Fr. Dr. Peter Omogo have done. He was a victim of a long search of water as a child in ponds and rivers and he vowed to put his resources and energy so much so that Ebonyi citizenry will not suffer the same fate he suffered during his infancy.

Rev. Fr. Dr. Peter Omogo has been a better man in the hands of God in line with one philosopher who wrote and I quote, **“God’s method are men, that while men search for better methods, God searches for better men”**.

Rev. Fr. Dr. Peter Omogo have empowered humanity in general like the school children whom he has supported their studies in provision of books, sandals, school wears and so on. He has empowered young men and women in provision of sewing machines, motorcycles and other types of machines depending on one's area of skill and expertise.

During his 15 years priestly ordination anniversary celebration in the year 2020, 12 brand new laptops were given to 12 best graduating students of ngbojeogu clan on the spot and 3 more later making a total of 15 laptops.

Christmas parties to the widows and the downtrodden have become his yearly event. He has engaged himself in many philanthropic gestures in many ways too numerous to mention.

Stephen covey said **"we are here in this world to live, to learn, to love and to leave a legacy"**. That has become the favourite and the adopted quote of our dear Rev. Fr. Dr. peter omogo as everything he has done revolve round that quote.

He has done so much that we cannot mention all in this small piece of welcome address.

I, on behalf of the entire six villages deeply appreciate Rev. Fr. Dr .Peter Omogo and his American partners and sincerely pray that God will continue to bless him with his partners and sustain their wealth and health through Christ our Lord.

Oliver twist cried and requested for some more and therefore we kindly request for some more boreholes because this very one is grossly not enough to serve the six villages.

We will be very grateful more and more if our request is considered as we sincerely plead to take adequate care of this very one.

Long live Samuel Omogo Foundation! Long live Rev. Fr. Dr. Peter Omogo!! Long live the partners of Samuel Omogo Foundation!!! And may God bless you all.
